REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of Al Meezan Investment Management Limited, the management company of Meezan Cash Fund (MCF) is pleased to present the un-audited financial statements of the fund for the nine months ended March 31, 2011.

Brief Overview

During the first nine months of fiscal year 2011, Meezan Cash Fund (MCF) provided an annualized return of 10.76% to its investors as compared to benchmark return of 8.28%.

Economic Review

The economic performance of the country improved significantly after the devastating floods in the first quarter of the fiscal year as most of the macro economic targets which were expected to slump in the aftermath of the floods showed signs of recovery. The revised GDP target for FY11 now stands at ~2.5-3% as compared to the initial target of 1.5%-2%. Inflation pressure eased off with CPI touching a low of 12.91% in February 2011 after recent respite in food inflation. Moreover, the government's commitment to reduce borrowing from SBP did materialize to some extent, where during the eight months total amount borrowed stood at Rs 76 billion and Rs 204 billion from SBP and commercial banks respectively. On account of these favorable developments, the SBP decided to keep the discount rate unchanged at 14% in the last two monetary policy statements against a total increase of 1.5% in the previous three monetary policy statements.

On the external front, the country's current account position showed a healthy picture with an overall deficit of USD 98 million in the eight months as compared to a massive deficit of USD 3 billion in the same period last year. The overall figure was bolstered by remittances (↑20.3% YoY) and exports which crossed USD 2 billion each for four consecutive months. These positive developments helped the country's FX reserves to hit an all time high of USD 17.9 billion as the currency showed a steady trend during the period under review.

On the fiscal side, the government's revenue collection crossed the Rs 1 trillion mark for the nine months of the fiscal year. To ensure the collection of the revised target of Rs 1,588 billion, some new tax measures were introduced for the remaining months of fiscal year including 15% flood surcharge, increase in special excise duty (SED) from 1% to 2.5% and withdrawal of zero rating facility to some key sectors including fertilizers. During the period under review, a single round of talks was held between government of Pakistan (GoP) and International Monetary Fund (IMF), where the parties principally agreed to enhance the fiscal deficit target to 5.3% of GDP for FY11.

Despite the government's effort to increase the tax base, implement RGST from the next fiscal year and limit the fiscal deficit, the talks with IMF regarding the release of last two tranches remained inconclusive with the next meeting likely in May 2011.

Money Market Review

During the first nine months of fiscal year 2011, the money market remained highly volatile and to normalize the liquidity situation, State Bank of Pakistan (SBP) regularly conducted Open market operations. With the resurgence of inflation, SBP changed its monetary policy stance after 20 months and increased the policy rate by 50 bps to 13% in its bimonthly monetary policy statement at the end of July 2010.

Further hike in inflation occurred as the country was hit by one of the worst floods in its history. Thus to curb the inflationary pressures, SBP went for further monetary tightening increasing the policy rate to 14%, with consecutive 50 bps hikes in September and November. Subsequently, Inflation pressure eased off with CPI touching a low of 12.91% in February 2011 after decent respite in food inflation. Moreover, the government's commitment to reduce the borrowing from the SBP did materialize to some extent. On account of these positive developments, the SBP decided to keep the discount rate unchanged at 14% in the last two monetary policy statements.

As a result, KIBOR rates also increased, with six month rate increasing by 86 bps to close the nine months at 13.73%. During this period, SBP conducted 15 T-Bill auctions in which it accepted Rs. 1,875 billion against a target of Rs. 1,815 billion with a maturity of Rs. 1,749 billion. The cut off rate of six month T-Bill also increased by 98 bps to close the period at 13.64%.

Apart from borrowing from SBP, government also tapped other avenues to meet government expenditure. During the period, SBP conducted three auctions of Ijarah Sukuks worth Rs. 137 billion at coupon rate of six month T-Bill.

The following graph shows the trend in interest rate during the period:

Performance Review

Meezan Cash Fund (MCF) earned a total income of Rs. 536.70 million in the period under review as compared to Rs. 221.69 million in the corresponding period last year. Profits from savings accounts at banks contributed Rs. 373.71 million. Further a sum of Rs.162.99 million was earned from income on bank placements. After accounting for expenses of Rs. 56.43 million, the Fund recorded a net income of Rs. 468.82 million as compared to Rs. 290.80 million in the corresponding period last year.

The net assets of the Fund as at the period end showed an increase of 22.05% from a figure of Rs. 5.22 billion on June 30, 2010 to Rs. 6.38 billion. The net asset value (NAV) of the Fund at the period end was Rs. 50.06 per unit. During the period, fresh units worth Rs. 6,106 million were issued while units amounting to Rs. 5,403 million were redeemed, resulting in net inflow of Rs. 703 million.

Payout

Details of Interim payout paid during the fiscal year 2010-11 are as under:

Quarter ended	Rs per unit	%
September 30, 2010	1.23/-	2.45
December 31, 2010	1.25/-	2.50
March 31, 2011	1.35/-	2.70

Outlook

Going forward, the key challenge for the government under the current political environment would be to implement the reforms demanded by IMF. In line with the government's commitment to keep SBP borrowing within limits, and as inflation has tapered off from its peak, we are of the view that the government will continue its 'wait and watch' policy before increasing the discount rate in the last quarter of the fiscal year. This bodes well on portfolio return of MCF.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and the methods of computation adopted in the preparation of this condensed interim financial report are the same as those applied in the preparation of the financial statements for the year ended June 30, 2010.

5. PLACEMENTS

Placements carry expected profit rates ranging from 11.50% to 13.05 % per annum (June 30, 2010: 11% to 11.35% per annum) and are due to mature from April 08 to May 26, 2011.

6. CONTINGENCY

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs.0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication.

Subsequent to the year ended June 30, 2010, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. This clarification was forwarded by Federal Board of Revenue (FBR) (being the collecting agency of WWF on behalf of the Ministry) to its members for necessary action. Based on this clarification, the FBR also withdrew notice of demand which it had earlier issued to one of the mutual funds for collection of WWF. Notices of demand have also been issued to several other mutual funds and the matter has been taken up by the respective mutual funds with the FBR for their withdrawal on the basis of the above referred clarification of the Ministry. No such notice was received by the Fund.

On December 14, 2010, the Ministry has filed its response against the constitutional petition requesting the Court to dismiss the petition. According to the legal counsel who is handling the case, there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in the Court.

However, the Management Company believes that the aforementioned constitutional petition pending in the Court has strong grounds for decision in favour of the mutual funds. The aggregate unrecognised amount of WWF as at March 31, 2011 amounted to Rs 17.438 million.
