REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of Al Meezan Investment Management Limited, the management company of Meezan Islamic Fund (MIF) is pleased to present the un-audited financial statements of the fund for the half year ended December 31, 2010.

Brief Overview

During the first half of fiscal year 2011, Meezan Islamic Fund (MIF) provided a return of 26% to its investors while the benchmark index, Karachi Meezan Index (KMI-30) increased by 31% to 19,071 points. The KSE 100 index during the same period closed at 12,022 points posting a 24% increase.

Economic Review

The Fiscal year beginning 1st July 2010 was pinned with hopes of further economic recovery with the GDP target of 4.5%. However, the whole situation changed with the devastating floods in the first quarter of 2011 with about one-fifth of the country being flooded and 10% of the population being directly affected. As a result all the macroeconomic targets are expected to be missed. The GDP growth target has already been revised down by 1-2% mainly because of sharply lower agricultural output growth which accounts for 21% of GDP and 45% of employment.

Floods caused a sharp increase in food inflation which led CPI to touch a 16-month high of 15.7% in September, 2010. To counter spiraling inflationary expectations, SBP proactively raised discount rate by a cumulative 150bps in 1HFY11 from 12.5% to 14.0%. Floods and delay in structural reforms are likely to have an adverse impact on fiscal deficit which is now expected to cross 6.0% of GDP for fiscal year 2011 against IMF target of 4.7% of GDP. To finance increasing fiscal deficit, government borrowing from SBP has increased to approximately Rs. 272 billion while borrowing from commercial banks has increased to Rs. 178 billion during the period under review. However, tax revenue collection during 1FY11 (provisional) stood at Rs. 642 billion, up 10% year on year, short of target by about Rs. 11 billion.

While inflation and fiscal position have worsened, Pakistan's external position remained comfortable with balance of payment posting a surplus of US\$105 million in Jul-Nov10. Likewise, current account deficit also narrowed to US\$504 million in Jul-Nov10 by posting a surplus for the third consecutive month in November, on the back of upbeat remittances (up 16% YoY) and textile exports (up 23% YoY). Resultantly, this also supported dollar rupee exchange rate which moved in a narrow band of Rs. 85.2 to Rs. 86.3 vis-à-vis dollar.

During the entire period, government faced major resistance while addressing key structural issues in economy such as low tax to GDP ratio, higher subsidies, and excessive borrowings from central bank and implementation of Reformed GST. As a result, IMF delayed dates for fifth and sixth reviews to August 2011. With upward rally in crude price putting pressure on forex reserves and weak fiscal position, IMF's timely release of final payments would play a key role in fiscal stability of the economy.

Equity Market Review

Stock market performed exceptionally well during the first half of financial year 2011 with the KSE-100 index rising by 24% to close at 12,022. However, trading volumes remained low due to imposition of capital gains tax (CGT) from 1st July and absence of leverage. Average daily trading volume in the first half declined by 47% to 92 million shares as compared to 173 million shares in the corresponding period last year.

Despite concerns related to CGT, the fiscal year started on a bullish note on the back of expectations of positive corporate results along with foreign interest, which helped the market to post an extraordinary return of 8.2% for the month of July. However, this rally was arrested by the unexpected 50 bps increase in the discount rate by State bank in its bimonthly monetary policy statement at the end of July. Later, the market performance was further derailed by the devastating floods in the country which adversely affected major sectors of the economy leading to 1-2% cut in the GDP growth target of 4.5%.

However, even after another 50 bps increase in discount rate in September, the investors shunned macroeconomic concerns and the sentiments turned bullish due to news about European Union allowing duty free import of textile related goods from Pakistan, above expectation corporate results with no negative impact of floods and increase in cement prices. As a result market crossed 11,000 level in November 2010. Further 50 bps hike in the discount rate at the end of November did not break the momentum of the market.

Towards the end of the period under review, sale of British Petroleum assets to United Energy Group at a better than expected price created excitement in oil and gas sector. Fertilizers also exhibited a bull run on the back of news of urea price hike. Moreover, continuous foreign interest, with net inflow of US\$ 249 million for the period under review, helped the KSE-100 to close at 12,022 and KMI-30 at 19,072.

Performance Review

Meezan Islamic Fund earned a total income of Rs. 621 million in the first half of the fiscal year 2011 as compared to Rs. 1,151 million in the same period last year. Major impetus to this figure was provided by unrealized gains on investments, which was Rs. 318 million. Realized gains and Dividend Income also made noteworthy contributions of Rs. 133 million and Rs. 152 million respectively. During the period under review, the Fund incurred expenses amounting to Rs. 25 million. In all, the MIF posted a net income of Rs. 445 million, as compared to previous year's net profit of Rs. 1,181 million. This translates into a per unit profit of Rs. 8.56 for the half year.

Net Assets of the Fund grew by more than 13% in the first half of fiscal year 2011 to Rs. 4.49 billion. The net asset value of the Fund was Rs. 47.02 per unit at the period end. The Comprehensive Income for the half year stood at 817 million compared to 1,205 in the corresponding period last year.

Outlook

Going forward, the key challenge for the government under the current political environment would be to introduce the reforms demanded by IMF. It is expected that inflation will remain on the higher side because of supply side shortage and hence State Bank may likely go for further monetary tightening in this fiscal year.

Although the implementation of capital gain tax has negatively impacted volumes, we believe that the introduction of the leverage product in the market will improve the liquidity position and attract the investors back to the equity market. On the basis of earnings multiples and dividend yields, Pakistan remains one of the cheapest market. Pakistan's stock market is trading at a P/E multiple of 8.3x, which is almost at 38% discount to other frontier markets. This makes KSE an attractive option for foreign investors, who are expected to continue to make investments at the local bourses.

The figures of the condensed interim financial information for the quarters ended December 31, 2010 and 2009 have not been reviewed as we are required to review only the cumulative figures for the six months period ended December 31, 2010.

Scope of review

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Emphasis of matter paragraph

We draw attention to note 6 to the accompanying condensed interim financial information which refers to an uncertainty relating to the future outcome of the litigation regarding contribution to the Workers Welfare Fund which is currently pending adjudication at the Honorable High Court of Sindh. 6. CONTINGENCY

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs.0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication. However, without prejudice to the above, the Management Company made a provision for WWF contribution in the annual financial statements for the year ended June 30, 2010.

Subsequent to the year ended June 30, 2010, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. This clarification was forwarded by Federal Board of Revenue (FBR) (being the collecting agency of WWF on behalf of the Ministry) to its members for necessary action. Based on this clarification, the FBR also withdrew notice of demand which it had earlier issued to one of the mutual funds for collection of WWF. Notices of demand have also been issued to several other mutual funds and the matter has been taken up by the respective mutual funds with the FBR for their withdrawal on the basis of the above referred clarification of the Ministry. No such notice was received by the Fund.

On December 14, 2010, the Ministry has filed its response against the constitutional petition requesting the Court to dismiss the petition. According to the legal counsel who is handling the case, there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in the Court.

However, the Management Company believes that the aforementioned constitutional petition pending in the Court has strong grounds for decision in favour of the mutual funds. Accordingly, the management has reversed the liability recognised as at June 30, 2010 amounting to Rs 24.242 million, during the current period. The aggregate unrecognised amount of WWF as at December 31, 2010 amounted to Rs 32.662 million.
