Al Meezan Investment Management Limited
Meezan Bank Limited

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of Al Meezan Investment Management Ltd., the management company of Meezan Islamic Income Fund (MIIF) is pleased to present the audited annual financial statements of the fund for the year ended June 30, 2008.

Economic and Money Market Review

Despite international economic slowdown, Pakistan managed a GDP growth of 5.8% in FY08 as against 7%, a year earlier. The decline in GDP growth this year is mainly attributed to the slow down in key sectors, mainly agriculture and manufacturing. Nonetheless, service sector has again posted an impressive growth of 8.6%, which accounts for 53% of GDP growth.

Increasing inflation and central bank's efforts to control it through tight monetary policy has been the theme of the money market this year. High international oil prices coupled with rising commodity prices partly due to lower domestic production and partly due to international trends, fed domestic inflation during the year. State Bank of Pakistan has been trying to control inflationary pressure through combination of interest rate hikes and higher reserve requirements for commercial banks. SBP increased the policy rate thrice from 9.5% to 12% during the year. The tight monetary stance resulted in six month t-bill rates to increase from 8.9% in June 2007 to 11.47% by end of June 2008, whereas KIBOR during the same period increased by 417 bps to 14.19%.

Outlook

In light of the persistent inflationary pressure on the economy, we expect SBP to continue with its tight monetary policy which will result in a rising interest rate environment. This along with increasing competition in the banking sector resulting in better deposit rates, bodes well for the future outlook of MIIF. In view of rising interest rate environment, the resetting of coupons linked to KIBOR will also help in optimization of yield on Meezan Islamic Income Fund and shortly the yield is expected to cross double digit mark.

Fund Rating

We are pleased to inform our investors that JCR - VIS, the leading rating agency in Pakistan, has assigned an A(f) stability rating to MIIF, signaling moderate degree of stability in returns with risk factors considered variable if economic variables change.

Compliance with Code of Corporate Governance

Al Meezan Investment Management Limited always strives to maintain the highest standards of corporate governance. In compliance with the Code of Corporate Governance, the Board of Directors declares that:

- These financial statements, prepared by the management company of the Fund, present fairly the state of affairs of the Fund, the result of its operations, cash flows and movement in unit holders' fund.
- The Fund has maintained proper books of accounts.
- Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- International Accounting Standards and International Financial Reporting Standards as applicable in Pakistan have been followed in preparation of financial statements.
- The system of internal control is sound in design and has been effectively implemented and monitored.
- There are no significant doubts upon the Fund's ability to continue as a going concern.
- There has been no material departure from the best practices of corporate governance, as detailed in the Karachi Stock Exchange (KSE) listing regulations.
- The Board of Directors and employees of the management company have signed "Statement of Ethics and Business Practices".
- The sale and repurchase of units of the Fund carried out by the Directors, CEO, CFO and Company Secretary of the management company including their spouses and their minor children are as under:

Trades by		No. of units invested	No. of units redeemed
Mr. Ariful Islam	Chairman	203,309.80	-
Mr. Mohammad Shoaib, CFA	Chief Executive	290,078.45	195,274.36
Mr. Rizwan Ata	Director	118,493.77	118,493.77

- Pattern of holding of units is given on page no. 53 of the financial statements.
- Financial highlights since inception are given in note no. 22 of the financial statements.

Board Meetings

Please refer to note no. 29 provided in the financial statements.

Appointment of Auditors

M/s A.F. Ferguson & Co. Chartered Accountants retire and being eligible offer themselves as the auditors of the Fund for FY 2009. The Audit Committee has recommended their re-appointment.

Acknowledgement

We take this opportunity to thank our valued investors for reposing faith in Al Meezan Investments and making it the largest Shariah compliant asset management firm in Pakistan and for making MIIF the largest open end fixed income fund in the private sector. We also thank the regulator, Securities and Exchange Commission of Pakistan, MIIF's trustee, Central Depository Company of Pakistan and management of Karachi Stock Exchange for all their support and guidance. Last but not the least; we would like to place on record our gratitude for Justice (Retd.) Muhammad Taqi Usmani, in special and other members of the Shariah Board of Meezan Bank in general, for their continued guidance on Shariah aspects of fund management.

Karachi.

REPORT OF THE FUND MANAGER

Meezan Islamic Income fund (MIIF) is Pakistan's first Shariah compliant open end mutual fund which falls in the category of Income Funds.

The Fund's primary objective is to provide investors with a high and stable rate of current income consistent with long-term preservation of capital in a Shariah compliant way. It provides potential to the investors to take advantage of opportunities to realize capital appreciation as well as regular income by investing in a diversified portfolio of long, medium and short term, high quality Islamic income instruments.

Strategies and Investment Policy

During the year, the focus was on proactive and continuous re-allocation between high yield instruments so as to optimize fund yield while maintaining a balance within the risk management constraints. To manage interest rate risk and meet liquidity objectives, the fund manager over the period has kept the duration below six months.

The instruments in which MIIF invests are Sukuks (Islamic Bonds), Musharaka and Morabaha instruments, Shariah compliant spread transactions, Certificate of Islamic Investments, Islamic bank deposits, and other Islamic income products.

Implementation

Due to greater acceptance, the Islamic Bond (Sukuks) market grew significantly during the year under review, increasing to over PKR 65bn in FY08 from PKR 30bn in FY07. The rising interest rate environment in the country has pushed up the effective rates on Sukuks by around 200-300bps. The fund manager, in order to maximize profits from this avenue, successfully increased the fund's exposure to Sukuks from 3% in FY07 to 37% in FY08. On the other hand, a balance was maintained between short term liquid avenues and long term investments so that the duration of the fund does not exceed six months, while providing risk adjusted high yield to the investors.

Asset Allocation

Economic and Money Market Review

Despite international economic slowdown, Pakistan managed a GDP growth of 5.8% in FY08 as against 7%, a year earlier. The decline in GDP growth this year is mainly attributed to the slow down in key sectors, mainly agriculture and manufacturing. Nonetheless, service sector has again posted an impressive growth of 8.6%, which accounts for 53% of GDP growth.

The current account deficit has reached US \$ 14.01bn for FY08, almost twice as much as in the previous year. The main reason for widening current account deficit is the worsening of trade balance. Due to the extraordinary increase in international crude oil and food prices, Pakistan's trade deficit for FY08 reached US\$ 20.7bn resulting in reduction of foreign exchange reserves from US\$15.7bn in July 2007 to US\$11.2bn in June 2008. This created further pressure on PKR value against US dollar, thus depreciating PKR by 12.7%. The economy was further hurt by the uncertain political situation as foreign investors remained cautious during the year, resulting in a decline in foreign direct and portfolio investment. However, the inflows of remittances remained strong and provided some support to the balance of payment situation, recording the highest ever amount of US\$6.45bn, 18% more than last year. More importantly, Government of Pakistan successfully achieved its unprecedented tax collection target of PKR 1 trillion, which also helped in providing some relief to the burgeoning budget deficit

Monetary Tightening

These are challenging times for the monetary authority. The inflation continues to inch upward primarily at the back of surging oil and food prices. The FY08 inflation is 12% which is 5.4% more than the target of 6.6%. In order to curb inflation, State Bank (SBP) continued its monetary tightening to arrest the inflationary effect and increased the discount rate thrice in last one year from 9.5% to 12%, pushed up CRR from 7% to 9% and raised SLR from 18% to 19% during the year. The tight monetary stance also resulted in six month t-bill rates to increase from 8.9% in June 2007 to 11.47% by end of June 2008, an increase of almost 257 bps. Also, with regular mopping up of excess liquidity through OMO's, overnight rates during the last quarter increased further, with banks feeling the pinch of tight monetary environment. The following graph shows the trend in interest rate during the period under review.

Trends in 6-month KIBOR, 6-Month T-bill and CPI

Going forward, in order to ensure a conservative budget deficit and curtail its borrowings, the government aims to phase out subsidies through adjustment of fuel prices. The concerted measures by GoP and central bank will have positive spill over effects on economy.

Performance Review

The Fund, during the year ended June 30, 2008 earned a total income of PKR 594.43mn. The income for the year comprised of mainly profit on placements of PKR 333.75mn. The un-realized gain on investments at fair value for the year was PKR 9.81mn. After accounting for expenses of PKR 76.76mn and element of income and capital gains included in prices of units issued less those in units redeemed of PKR 40.28mn, the net income for the year was PKR 557.96mn, which translates into the earning of PKR 4.99 per outstanding unit as at June 30, 2008.

The net assets of the fund as at June 30, 2008 were PKR 5,737mn. Before final payout, the net asset value of the fund as at June 30, 2008 was PKR 51.36 per unit, providing a total return of 9.15% for the year. The Board of Directors of Management Company approved interim payout of 6.5% and final payout of 2.7% to the unit holders.

During the year under review, units amounting to PKR 14,393mn were issued and units amounting to PKR 12,222mn were redeemed, resulting in net inflow of PKR 2,171mn into the Fund.

Average rate on deposits with Islamic Banks serves as the performance benchmark of MIIF. Fund's performance as compared to the said benchmark is as follows:

	MIIF	Islamic Bank Deposits (Benchmark)
Value as on June 30, 2007 (Bonus Adjusted)	50.03	
Value as on June 30, 2008	51.36	
Return During the Period	9.15%	5.75%
Out performance	3.40%	

Performance Analysis

Total Return (%)	9.15	9.93
Return Since Inception (annualized) (%)	9.70	9.80

* Launched in January 2007

Development of Sukuks

In the Islamic bond market many new Sukuks have been issued during this period and several offerings are in the pipeline. With the increasing interest of the corporate sector in raising debt through Shariah compliant avenues, investors have been provided with an opportunity of investing in Islamic fixed income instruments which provide relatively higher yields compared to other Islamic instruments. The major issues during the year in which the fund invested include Engro Chemicals, Century Paper, Eden Housing, Karachi Shipyard, etc.

Future Outlook

In light of the persistent inflationary pressure on the economy, we expect SBP to continue with its tight monetary policy which will result in a rising interest rate environment. This along with increasing competition in the banking sector resulting in better deposit rates, bodes well for the future outlook of MIIF. In view of rising interest rate environment, the resetting of coupon linked to KIBOR will also help in optimization of yield on Meezan Islamic Income Fund and shortly the yield is expected to cross double digit mark.

Distribution

The Board of Directors of Al Meezan Investments in its meeting declared a final distribution for MIIF of Rs.1.35 per unit, in addition to an interim dividend of Rs.3.25 per unit, making a total payout of Rs.4.60 per unit. This translates to a return of 9.19% on the opening ex-div NAV of Rs.50.03 and 9.2% on the face value of Rs.50 per unit for the year ended June 30, 2008.

The net asset value per unit of MIIF before and after the initial distribution was Rs.53.68 and Rs.50.43 respectively, and before and after the final distribution, the value was Rs.51.36 and Rs.50.01 respectively.

REPORT OF THE SHARIAH ADVISER - MEEZAN ISLAMIC INCOME FUND

Karachi

September 10, 2008

Alhamdulillah, the period from July 01, 2007 to June 30, 2008 was the second year of operations of Meezan Islamic Income Fund (MIIF). We Meezan Bank Limited are the Shari'ah Adviser of the Fund and are issuing this report in accordance with clause 7.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the shari'ah Compliance of the Fund's activity.

In the capacity of Shari'ah adviser, we have prescribed criteria and procedure to be followed in ensuring Shariah Compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure Shariah compliance with the Shariah guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MIIF light of Shari'ah guidelines.
- ii. All the provisions of the scheme and investments made on account of MIIF by AMIM are Shari'ah Compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MIIF for the year ended June 30, 2008 have been in compliance with Shariah principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

Dr. Muhammad Imran Ashraf Usmani

For and On behalf of Meezan Bank Limited

INDEPENDENT ASSURANCE PROVIDER'S REPORT ON SHARIAH COMPLIANCE TO THE UNITHOLDERS

We have performed our independent assurance engagement of Meezan Islamic Income Fund (the Fund) to assess the Fund's compliance with the Shariah guidelines prescribed by the Shariah Adviser of Meezan Islamic Income Fund for the year ended June 30, 2008.

Management company's responsibility

Management company of the Fund is responsible for the appointment of Shariah Adviser of the Fund and for compliance with the Shariah guidelines prescribed by the Shariah Adviser. This responsibility includes: designing, implementing and maintaining internal control to ensure compliance with the Shariah guidelines issued by the Shariah Adviser of the Fund.

Responsibility of independent assurance providers

Our responsibility is to express our conclusion on the compliance based on our independent assurance engagement, performed in accordance with the International Standards on Assurance Engagement (ISAE 3000) 'Assurance Engagements other than Audits or Reviews of Historical Financial Information'. This standard requires that we comply with ethical requirements and plan and perform the engagement to obtain reasonable assurance whether the Fund has complied with the guidelines issued by the Shariah Adviser.

The procedures selected depend on our judgement, including the assessment of the risks of material non-compliances with the Shariah guidelines. In making those risk assessments, we have considered internal controls relevant to the entity's compliance with the guidelines in order to design our procedures that are appropriate in the circumstances, for gathering sufficient appropriate evidence to determine that the Fund was not materially non-compliant with the guidelines. Our engagement was not for the purpose of expressing an opinion on the effectiveness of entity's internal control.

Conclusion

In our opinion, the Fund was, in all material respect, in compliance with the Shariah guidelines issued by the Shariah Adviser of the Fund for the year ended June 30, 2008.

A. F. Ferguson & Co.

TRUSTEE REPORT TO THE UNIT HOLDERS MEEZAN ISLAMIC INCOME FUND

Report of the Trustee pursuant to Regulation 58(f) and Clause 9 of Schedule IV of the Non-Banking Finance Companies and Notified Entities Regulations, 2007

Meezan Islamic Income Fund (Fund), an open-end scheme was established under a trust deed dated September 13, 2006, executed between Al Meezan Investment Management Limited, as the management company and Central Depository Company of Pakistan Limited, as the trustee.

In our opinion, the management company has in all material respects managed the Fund during the year ended June 30, 2008 in accordance with the provisions of the following:

- (i) limitations imposed on the investment powers of the management company under the constitutive documents of the Fund;
- (ii) the pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2007 and the constitutive documents of the Fund.

Muhammad Hanif

Central Depository Company of Pakistan Limited

Karachi, September 08, 2008

MEEZAN ISLAMIC INCOME FUND STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

This statement is being presented to comply with the Code of Corporate Governance contained in Regulation No. 37 of Listing Regulations of Karachi Stock Exchange for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of Corporate Governance. The board of directors (the Board) of Al-Meezan Investment Management Limited, the management company, which is an unlisted public company, manages the affairs of Meezan Islamic Income Fund (the Fund). The Fund being a unit trust scheme does not have its own board of directors. The management company has applied the principles contained in the code to the Fund, whose units are listed as a security on the Karachi Stock Exchange, in the following manner:

1. The management company encourages representation of non-executive directors. All the directors except the Chief Executive Officer (CEO) and Chief Financial Officer (CFO) are non-executive directors.
2. The existing directors have confirmed that none of them is serving as a director in more than ten listed companies, including the management company.
3. All the existing resident directors of the management company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFIs. None of the Directors of the management company of the Fund is a member of a stock exchange.
4. Two vacancies occurred during the year on the board which were filled in by the board through resolution by circulation dated April 9, 2008.
5. The board has formulated a Statement of Ethics and Business Practices for the management company, which has been signed by the existing directors and employees of the management company.
6. The board of the management company has developed a vision and mission statement. The investment policy of the Fund has been disclosed in the offering document, while other significant policies have also been formalized and have been adopted by the board.
7. All the powers of the board have been duly exercised and decisions on material transactions, including appointment and terms and conditions of employment of the CEO of the management company, have been taken by the board.
8. The meetings of the board were presided over by the Chairman. The board met at least once in every quarter. Written notices of the board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
9. The orientation course for the directors of the management company was arranged during the year ended June 30, 2007.
10. The Board has approved the appointment of the Chief Financial Officer (CFO) and the Company Secretary of the management company, including his remuneration and terms and conditions of the employment as determined by the CEO.

11. The directors' report relating to the Fund, for the year ended June 30, 2008 has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
12. The financial statements of the Fund were duly endorsed by the CEO and the CFO of the management company before approval by the Board.
13. The interest of the CEO, Directors and the Executives in the units of the Fund is disclosed in the pattern of unit holdings.
14. The management company has complied with all the applicable corporate and financial reporting requirements of the code.
15. The board has formed an audit committee. It comprises of three non-executive directors of the management company as its members including chairman of the audit committee. The CFO and the Company Secretary is the Secretary of the audit committee.
16. The meetings of the audit committee were held once in every quarter prior to the approval of interim and final results of the Fund and as required by the Code. The terms of reference of the audit committee have been framed and approved by the Board of the management company and advised to the committee for compliance.
17. The board has outsourced the internal audit function of the Fund to a firm of Chartered Accountants.
18. The statutory auditors of the Fund have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan (ICAP), that they or any of the partners of the firm, their spouses and minor children do not hold shares of the management company or units of the Fund and that the firm and all its partners are in compliance with the International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP.
19. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
20. We confirm that all other material principles contained in the Code have been complied with.

Syed Owais Wasti

REVIEW REPORT TO THE UNIT HOLDERS ON STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of Al Meezan Investment Management Limited (the management company) of Meezan Islamic Income Fund (the Fund) to comply with the Listing Regulation No. 37 of the Karachi Stock Exchange where the Fund is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the management company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the management company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We have not carried out any special review of the internal control system to enable us to express an opinion as to whether the Board's statement on internal control covers all controls and the effectiveness of such internal controls.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the status of the management company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Fund for the year ended June 30, 2008.

A. F. Ferguson & Co.
Chartered Accountants
Karachi, September 11, 2008

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS

We have audited the accompanying financial statements of Meezan Islamic Income Fund, which comprise the statement of assets and liabilities as at June 30, 2008, and the related income statement, distribution statement, statement of movement in unitholder's fund and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management Company's responsibility for the financial statements

The management company of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of the Trust Deed, the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations, 2007 (NBFC Regulations), the directives issued by the Securities and Exchange Commission of Pakistan (the directives) and approved accounting standards as applicable in Pakistan. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the Fund's affairs as at June 30, 2008 and of its financial performance, cash flows and transactions for the year then ended in accordance with the requirements of the Trust Deed, the NBFC Rules and the NBFC Regulations, the directives and approved accounting standards as applicable in Pakistan.

Other matters

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of the Trust Deed and NBFC Rules and NBFC Regulations.

The Fund's financial statements for the year ended June 30, 2007 were audited by another firm of Chartered Accountants whose report dated August 9, 2007 expressed an unqualified opinion thereon.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2008

1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Meezan Islamic Income Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited (AMIML) as management company and Central Depository Company of Pakistan Limited (CDC) as trustee. The Trust Deed was executed on September 13, 2006 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules). On November 21, 2007, Non-Banking Finance Companies and Notified Entities Regulations, 2007 (NBFC Regulations) were notified. The registered office of the management company of the Fund, is situated at Finance and Trade Centre, Shahrah- e-Faisal, Karachi, Pakistan.
- 1.2 The Fund has been formed to provide the unitholders safe and stable stream of halal income on their investments and to generate superior long term risk adjusted returns. The Fund shall also keep an exposure in short-term instruments for the purpose of maintaining liquidity and to capitalise on exceptional returns if available at any given point in time. Under the Trust Deed all the conducts and acts of the Fund are based on Shariah. Meezan Bank Limited (MBL) acts as its shariah adviser to ensure that the activities of the Fund are in compliance with the principles of Shariah. The management company of the Fund is registered with the SECP as a Non-Banking Finance Company under the NBFC Rules.
- 1.3 The Fund is an open-ended fund listed on the Karachi Stock Exchange. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The management company of the Fund is rated AM-2 and the stability rating of the Fund is A(f) given by JCR - VIS Credit Rating Company Limited.
- 1.4 Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as a trustee of the Fund.

2. BASIS OF MEASUREMENT

The transactions undertaken by the Fund in accordance with the process prescribed under the Shariah Guidelines issued by the Shariah adviser are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of approved accounting standards as applicable in Pakistan.

3. STATEMENT OF COMPLIANCE

- 3.1 These financial statements have been prepared in accordance with the requirements of approved accounting standards as applicable in Pakistan, the Trust Deed, the NBFC Rules and NBFC Regulations and the directives issued by the SECP. Approved accounting standards comprise of such International Accounting Standards (IAS) and International Financial Reporting Standards (IFRSs) as notified under the provisions of the Companies Ordinance, 1984. Wherever the requirements of the Trust Deed, the NBFC Rules and NBFC Regulations and the said directives differ with the requirements of these standards, the requirements of the Trust Deed, the NBFC Rules and NBFC Regulations and the said directives take precedence.
- 3.2 Standards, amendments and interpretations effective during the period October 25, 2007 to June 30, 2008:
- There are certain new standards and interpretations that were mandatory for accounting period beginning on or after July 1, 2007 but are considered not to be relevant or have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.
- 3.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective:
- IFRS 7, 'Financial instruments: Disclosures' (effective from July 1, 2008) introduces new disclosures relating to financial instruments and does not have any impact on the classification and valuation of the financial instruments.
- There are other standards, interpretations and amendments to published approved accounting standards that are mandatory for accounting periods beginning on or after July 1, 2008 but are considered not to be relevant or have any significant effect to the Fund's operations and are therefore not detailed in these financial statements.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

4.1 Accounting convention

These financial statements have been prepared under the historical cost convention except for certain investments which are carried at fair value in accordance with the criteria laid down in the International Accounting Standard (IAS) 39: 'Financial Instruments: Recognition and Measurement'.

4.2 Critical accounting estimates and judgements

The preparation of financial statements in conformity with approved accounting standards requires the use of critical accounting estimates. It also requires the management company to exercise its judgment in the process of applying its accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumption and estimates are significant to the financial statements is classification of investments in accordance with the fund manager's accounting are as follows:

- (a) Classification and valuation of financial instruments (notes 4.3, 4.4, 4.5, 7 and 8)
- (b) Amortisation of preliminary expenses and floatation costs (notes 4.10 and 10)
- (c) Impairment of financial instruments (note 4.3.5)
- (d) Provision for current and deferred taxation (note 4.12)

Estimates and judgments are continually evaluated and are based on historical experiences and other factors, including expectation of future events that are believed to be reasonable under the circumstances.

4.3 Financial instruments

4.3.1 Consistent with prior years, the Fund classifies its financial instruments in the following categories:

(a) Investments 'at fair value through profit or loss'

- Financial instruments 'held-for-trading'

These include financial instruments acquired principally for the purpose of generating profit from short-term fluctuations in prices or dealers' margins or are securities included in a portfolio in which a pattern of short-term profit taking exists.

- Financial instruments designated 'at fair value through profit or loss upon initial recognition'

These include investments that are designated as investments 'at fair value through profit or loss upon initial recognition'.

(b) Held to maturity

These are securities acquired by the Fund with the intention and ability to hold them upto maturity.

(c) Loans and receivables originated by the enterprise

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than those classified by the Fund as fair value through profit or loss or available for sale.

(d) Available for sale

These financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories.

4.3.2 Recognition

The Fund recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

The Fund follows trade date accounting for purchase and sale of investments. Financial liabilities are not recognised unless one of the parties has performed its part of the contract or the contract is a derivative contract.

4.3.3 Measurement

Financial instruments are measured initially at fair value (transaction price) plus, in case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on 'financial assets and financial liabilities at fair value through profit or loss' are expensed immediately.

Subsequent to initial recognition, instruments classified as 'financial assets at fair value through profit or loss' and 'available for sale' are measured at fair value. Gains or losses arising, from changes in the fair value of the 'financial assets at fair value through profit or loss' are recognised in the income statement. Changes in the fair value of instruments classified as 'available for sale' are recognised in equity until derecognised or impaired when the accumulated fair value adjustments recognised in equity are included in the income statement.

Financial assets classified as loans and receivables and held to maturity are carried at amortised cost using the effective yield method, less impairment losses, if any. Financial liabilities, other than those 'at fair value through profit or loss', are measured at amortised cost using the effective yield method.

4.3.4 Fair value measurement principles

The fair value of marketable securities, derivatives and financial instruments sold on deferred settlement basis is based on their price quoted on the Karachi Stock Exchange and Mutual Funds Association of Pakistan at the balance sheet date without any deduction for estimated future selling costs. Financial assets and financial liabilities are priced at their fair market value.

The fair value of unlisted securities are determined by using fair value techniques as allowed under IAS 39.

4.3.5 Impairment

Impairment loss on investment other than 'available for sale' is recognised in the income statement whenever the carrying amount of investment exceeds its recoverable amount. If in a subsequent period, the amount of an impairment loss recognised decreases the impairment is reversed through the income statement.

In case of investment classified as 'available for sale', a significant or prolonged decline in the fair value of the security below its cost is considered an indicator that the securities are impaired. If any such evidence exists for 'available for sale' financial assets, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss is removed from equity and recognised in the income statement. However, the decrease in impairment loss on equity securities classified as 'available for sale' is recognised in equity.

4.3.6 Derecognition

The Fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expires or it transfers the financial asset and the transfer qualifies for derecognition in accordance with IAS 39.

The Fund uses weighted average method to determine realised gains and losses on derecognition. A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

4.4 Transactions involving outright purchase of security in the ready market and sale of that security on deferred settlement basis.

Consistent with prior year, the Fund enters into certain transactions involving purchase of security in the ready market and sale of the same security on deferred settlement basis. Securities purchased by the company in the ready market are carried on the balance sheet, till eventual disposal, in accordance with the accounting policy specified in note 4.3 above, and sale of those securities in the futures market is accounted for separately as financial instruments sold on deferred settlement basis.

4.5 Financial instruments sold on deferred settlement basis

Consistent with prior year, financial instruments sold on deferred settlement basis are initially recognised at fair value on the date on which a deferred sale contract is entered into and are subsequently remeasured at their fair value. All financial instruments sold on deferred settlement basis are carried as assets when fair value is positive and as liabilities when fair value is negative.

4.6 Unit holders' fund

Unit holders' fund representing the units issued by the Fund, is carried at the redemption amount representing the investors' right to a residual interest in the Fund's assets.

4.7 Issue and redemption of units

Units issued are recorded at the offer price, determined by the management company for the applications received by the distributors during business hours of the day when the application is received. The offer price represents the net assets value of the units as of the close of that business day plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the distributors and the management company.

Units redeemed are recorded at the redemption price prevalent on the date on which the distributors receive redemption application during business hours on that date. The redemption price represents the net assets value per unit less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.8 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

An equalisation account called 'element of income / (loss) and capital gains / (losses) included in prices of units sold less those in units redeemed' is set up in order to prevent the dilution of income per unit and distribution of income already paid out on redemption.

The net element of accrued income / (loss) and realised capital gains / (losses) relating to units issued and redeemed during an accounting period is taken to the income statement.

4.9 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of that obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.10 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of operations of the Fund. These costs are being amortised over a period of five years commencing from December 13, 2006 as per the Trust Deed of the Fund.

4.11 Net assets value per Unit

The net assets value (NAV) per unit is calculated by dividing the net assets of the Fund by the number of units in issue at period end.

4.12 Taxation

Current

The income of the Fund is exempt from income tax under clause 99 of part I of the second schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Accordingly, the Fund has not recorded a tax liability in respect of income relating to the current period as the Fund intends to avail this exemption.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11 of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates. However, the Fund has distributed and intends to continue availing the tax exemption by distributing at least ninety percent of its accounting income for the year as reduced by capital gains, whether realised or unrealised, to its unit holders every year. Accordingly, no deferred tax has been recognised in these financial statements.

4.13 Revenue recognition

- (i) Gains / (losses) arising on sale of investments are included in income currently and are recognised when the transaction takes place.
- (ii) Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the income statement in the period in which they arise.
- (iii) Gains / (losses) arising on the revaluation of the derivatives to the fair value are taken to the income statement.
- (iv) Dividend income is recognised when the fund's right to receive dividend is established.
- (v) Profit on savings accounts with banks, placements and investments in debt instruments are recorded on accrual basis.

4.14 Expenses

All expenses, including management fee and trustee fee, are recognised in the income statement on an accrual basis.

4.15 Offsetting of financial instruments

A financial asset and financial liability are set off and the net amount is reported in the statement of assets and liabilities if the Fund has a legal right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

4.16 Zakat

Units held by resident Pakistani unit holders except those exempted are subject to zakat at 2.5% of the face value or redemption value of the units, whichever is lower, under the Zakat and Ushr Ordinance, 1980 (XVII of 1980). Zakat is deducted at source from the dividend amount or from the redemption payment, if units are redeemed during the zakat year before payment of dividend after it becomes leviable.

4.17 Transactions with connected persons

Transactions between the Fund and its connected persons, as defined in NBFC Regulations 2007 are carried out on an arm's length basis substantiated in a manner set out in note 19.

4.18 Cash and cash equivalents

Consistent with prior years, cash and cash equivalents are carried in the balance sheet at cost. Cash comprises current and saving accounts with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

4.19 Dividend and bonus units

Dividends declared (including distribution in the form of bonus units) subsequent to the balance sheet date are considered as a non-adjusting event and are recognised in the period in which they are authorised or approved.

	Note	2008 (Rupees in '000)	2007
5. BALANCE WITH BANKS			
In saving accounts	5.1	1,154,592	638,708

20. RISK MANAGEMENT

The fund primarily invests in Certificates of investments based on Shariah compliant structures, bank deposits with scheduled Islamic Banks, Shariah compliant spread transactions and Shariah compliant debt securities including Sukuk certificates.

The Fund's investing activities expose it to various types of risks that are associated with the financial instruments and markets in which it invests. The major types of financial risk to which the Fund is exposed are market risk, credit risk, liquidity risk and interest rate risk. The risk management policies employed by the Fund are discussed below.

20.1 Market risk

Market risk is the risk of volatility in prices of financial instruments resulting from their dependence on market sentiments, speculative activities, supply and demand for financial instruments and liquidity in the market. The value of investments may fluctuate due to change in business cycles affecting the business of the company in which the investment is made, change in business circumstances of the company, industry environment and / or the economy in general.

The Fund's strategy on the management of investment risk is driven by the Fund's investment objective. The primary objective of the Fund is to provide the maximum return to the unit holders from investment in Shariah compliant investments for the given level of risks. The Fund's market risk is managed on a daily basis by the Fund Manager in accordance with the policies and procedures laid down by the SECP. The funds are allocated among various asset classes based on the attractiveness of the particular asset class. The allocation among these is dependent on the time horizon for investments and liquidity requirements of the portfolio. The market risk is managed by monitoring exposure to marketable securities, and by complying with the internal risk management policies and regulations laid down in NBFC Rules.

The Fund's overall market positions are monitored on a monthly basis by the Board of Directors of the management company of the Fund.

Details of the Fund's investment portfolio at the balance sheet date are disclosed in note 7 to these financial statements. All individual investments in debt and equity instruments are disclosed separately.

Details of the nature and terms of derivative financial instruments outstanding at the balance sheet date are set out in note 8 of these financial statements.

20.2 Credit risk and concentration of credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. The Fund's Manager has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

Credit risk arising on debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least "A". The Fund receives a monthly rating update, against which investments are reviewed. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties.

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

20.3 Liquidity risk

Liquidity risk is the risk that the Fund may encounter difficulty in raising funds to meet its obligations and commitments. The Fund's offering document provides for the daily creation and cancellation of units and it is therefore exposed to the liquidity risk of meeting unit holder's redemptions at any time. The Fund's investments are considered to be readily realisable as they are all listed on stock exchanges of the country. The Fund manages the liquidity risk by maintaining maturities of financial assets and financial liabilities and investing a major portion of the Fund's assets in highly liquid financial assets.

20.4 Capital risk management

The Fund's capital is represented by redeemable units. They are entitled to dividends and to payment of a proportionate share based on the Fund's net asset value per share on the redemption date. The relevant movements are shown on the statement of movement in unit holders' fund.

The Fund has no restrictions or specific capital requirements on the subscription and redemption of units.

The Fund's objectives when managing capital are to safeguard its ability to continue as a going concern so that it can continue to provide returns for units holders and to maintain a strong capital base to meet unexpected losses or opportunities.

In accordance with the NBFC Regulations, the Fund is required to distribute at least ninety percent of its income from sources other than capital gain whether realised or unrealised as reduced by such expenses as are chargeable to the Fund.

In accordance with risk management policies stated in note 20, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption, such liquidity being augmented by disposal of investments where necessary.

20.5 Yield / interest rate risk

Yield / interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in the market interest rates.
