# WHO WE ARE

We began our journey in 1995. The objective of the journey was simple, to bring Shariah Compliant investment options to the people of Pakistan. In over 26 years since then, Al Meezan Investment Management Limited, due to the trust our customers hold in us, has now become the Largest Shariah Compliant Asset Manager in Pakistan. With an innate culture of innovation and the purpose of making Shariah Compliant investing every Pakistani's first investment avenue of choice, Al Meezan has achieved assets under management base of over Rs. 189 Billion (as on June 30, 2021).

> As Pakistan's only full-fledged **Shariah Compliant Asset Management Company** with the sole mandate to provide Shariah Compliant investment solutions to our valued clients, we have enabled our customers towards achieving their financial objectives.

Al Meezan offers a full breadth of Shariah Compliant investment solutions ranging from equity, sector, balanced, asset allocation, fixed income, money market, capital preservation, fund of funds, commodity, exchange traded and voluntary pension schemes. Depending on each investor's need, we provide expert guidance enabling them to reach their financial goals.

# OUR CORE VALUES

Our Core Values are the 5 pillars of our foundation. They reflect and reinforce our character and standing as an organization. These values depict the paradigm of our internal and external expectations: Our dealings with members of the organization, our customers, the shareholders and the communities we serve. Our corporate culture is based on these values and serves as a beacon of guidance for all our employees.

Our values are not about what we do or how we do it in fact they are about who we are and why we exist. These values, which fuel our drive to achieve newer milestones at every step of our journey to success are:

# SHARIAH COMPLIANCE

We ensure that all business operations and activities are Shariah Compliant. As a Shariah Compliant entity we are also accountable for ensuring that rulings and decisions made by the regulators, Shariah Board and Shariah Advisors are complied with across the organization.

# ETHICAL STANDARDS

We practice high ethical standards at work and in our services. Maintaining high ethical standards in the workplace translates in prioritizing the interest of the client, acting with integrity, competence and diligence, and respecting our dealings with the public, clients, prospective clients and colleagues.

# **PROFESSIONAL** EXCELLENCE

Professional excellence is about achieving excellence as an employee. It is at the core of being a "professional." Ensuring our approach to work and the people we work with – supervisors, colleagues and/or customers – is in a professional and respectful manner.

# SERVICE EXCELLENCE

Service excellence is an attitude engrained in every department and employee. From support staff to the CEO, we simply go beyond delivering products and helping customers achieve their financial objectives. It is essential that we provide a unique customer experience by proactively anticipating and exceeding customers' needs every time. Excellence is a consistent, premium service at every point of contact which is set by our service-oriented tone that drives our company's strategy at every level.

# SOCIAL RESPONSIBILITY

We work in an ethical framework, which suggests that as an entity we have an obligation to act for the benefit of our society at large. We want to contribute towards sustainable development not only through our products but also through the way we conduct business.

# VISION

# To make Shariah Compliant Investing

a first choice for investors.

# MISSION

# To establish **AI Meezan** as a **Ieading and trusted brand** for savings and investments by offering

for savings and investments by offering innovative Shariah Compliant investment solutions through ethical conduct, value added services & optimal returns, while protecting the interest of all stakeholders.

# **BOARD OF DIRECTORS**

# Mr. Ariful Islam

**Mr.** Ariful Islam is a senior banker with over 35 years of experience with various banks in Bahrain and Pakistan.

He is a Chartered Accountant from England and Wales and a Fellow member of the Institute of Chartered Accountants of Pakistan. He joined Meezan Bank in April 1999 as the Bank's first Chief Operating Officer. Currently, Mr. Islam is Deputy CEO of Meezan Bank Limited. He is a 'Certified Director' from IBA, Karachi. He is also the Chairman of the Board of Al Meezan Investment Management Limited – the Bank's asset management subsidiary, and a Director on the Board of Honda Atlas Cars (Pakistan) Limited.

# Mr. Muhammad Abdullah Ahmed Non-Executive Nominee Director – MBL

**Mr.** Abdullah currently looks after the Treasury, Correspondent Banking, Financial Institutions, and Home Remittance functions of the Bank. He has over 21 years of banking and treasury dealing experience. He has also previously worked at Bank of America NA, National Bank of Pakistan and KASB Bank before joining Meezan Bank in 2005.

Mr. Abdullah has a Bachelors and Masters in business administration from the Institute of Business Administration, University of Karachi. He is a fellow of the Association Cambiste Internationale (ACI) - The Financial Markets Association, Paris in financial markets trading and a fellow of the Institute of Bankers Pakistan. He is also a certified Financial Risk Manager (FRM) from the Global Association of Risk Professionals (GARP), USA.

Mr. Abdullah is an active member of the local Financial Markets Association of Pakistan (FMAP) and was elected to the executive committee as office bearer in 2000, 2008 and 2009, his last office being the General Secretary of the FMAP for the years 2009-2012. He is currently a member of the Pakistan Banks Association (PBA) sub-committee on Treasury and Capital Markets since 2010 and of the technical committee of the Financial Markets Association of Pakistan since 2012.

# Mr. Moin M. Fudda Non-Executive Nominee Director – MBL

**Mr.** Moin M. Fudda has over 41 years of rich and unique blend of professional experience which encompasses working for the corporate sector and performing diplomatic duties.

He holds MBA (Insurance & Risk Management) from St. Jones University, New York. In his former role as Managing Director of Karachi Stock Exchange (KSE now Pakistan Stock Exchange – PSX), he was elected as Chairman of the Corporate Governance Task Force of Federation of European and Asian Stock Exchanges (FEAS). He has helped in creation of Pakistan Institute of Corporate Governance (PICG). He is a Certified Corporate Governance Trainer by International Finance Corporation (IFC) since 2010 and is a Member of Faculty and has also served on the Board of PICG. He has contributed significantly towards development of Corporate Governance Rules for Public sector Enterprises and Corporate Governance Guide for Family Owned Businesses.

He is an Independent Director on the Board of Al Meezan Investment Management Limited. Mr. Fudda is also an Independent Director and Chairman of the Board of Central Depository Company of Pakistan since January 2018. He also serves as Independent Director on the Board of Pak Suzuki Motor Company as well as is Country Representative for SCOR – A Global Tier 1 Reinsurer. He is also a Member Board of Karachi Council on Foreign Relations and a Member, Executive Committee of English Speaking Union of Pakistan. Moreover, since 2003, he continues to serve as a Chairman/Member of Alternate Dispute Resolution Committees (ADRC) of the Federal Board of Revenue.

Previously Mr. Fudda has also served as Country Chief of New Zealand Insurance and Commercial Union (CU now AVIVA) and founder MD of CU Life (now Jubilee Life). Since 1990, he has been serving as the Honorary Consul General of New Zealand for Pakistan and being its sole representative, his responsibilities include, consular affairs, trade, education & facilitations of visas. Earlier he held positions such as Country Director, Center for International Private Enterprise, an affiliate of US Chamber, Chairman Islamabad Stock Exchange, Presidents of Overseas Investors Chamber of Commerce & Industry and Management Association of Pakistan. He has also served on the Boards of Investment & Privatization Commission, Pakistan Institute of Management and Federation of Pakistan Chamber of Commerce & Industry and National Center for Dispute Resolution.

In 2006 Mr. Fudda was conferred Sitara-e-Imtiaz (S.I.) by the President of Pakistan. In 2002, he was recognized as the Honorary Officer of the New Zealand Order of Merit (ONZM) and in 1990, NZ Commemoration Medal was conferred by the Queen of New Zealand. He has traveled to 120 counties in six Continents.

# Mr. Mohammad Furquan R. Kidwai

**Mr.** Furquan Kidwai is the Founder & CEO of Dawaai (Pvt.) Limited. He is a technology entrepreneur who has built the largest health technology company in Pakistan over the past five years. Prior to this journey, Mr. Kidwai was an investment banker for over eight years in London and New York where, in his last role, he was the Head of CEEMEA Financing as well as a senior Vice President in the Fixed Income trading business at the Royal Bank of Scotland. Before joining RBS, Furquan worked as an Associate at Merrill Lynch and Lehman Brothers in their London and New York offices. He has also served as a member of the Board of Imperial College of Science, Technology and Medicine, London.

Mr. Furquan has a Masters Degree in International Relations from Cambridge University. He also has an MSc in Financial Mathematics with specialization in Risk Management from Imperial College London and BEng in Computer Systems Engineering from Bristol University.

**Mr.** Mubashar Maqbool has an MBA from University of Miami USA in Finance and International Business and MBA from Quaid-e-Azam University in Finance.

He has a long, diversified and successful track record in Corporate Banking, Corporate Finance, Project Financing, Commercial Banking, SME Banking as well as General Management.

In a career spanning over thirty years, he held senior positions in renowned local and multinational organizations like Citigroup, Samba Financial Group, HBL, etc. both in Pakistan and abroad.

He started his banking career with Citibank Pakistan where he held various positions in Corporate Banking Group. In 1997, he was transferred to Saudi American Bank (Samba), Saudi Arabia. He was Division Head, Corporate Banking in Samba Bank till 2004. Mr. Mubashar joined HBL in 2004 and held various senior positions there including Corporate Head – Central, Group Head – Commercial Banking & Retail Lending, Group Head – Commercial Banking and Country Manager/CEO, HBL – UAE. He also represented HBL on the Board of Pakistan Agricultural Storage and Services Corporation (PASSCO).

### **Economic Review**

Pakistan's economy rebounded with a V-shaped recovery in FY21 posting a GDP growth of 3.9%, following the first negative GDP growth in decades in FY20 due to the coronavirus pandemic. The recovery was

broad-based, but led primarily by the growth in Industrial and Services sectors of 3.6% and 4.4% respectively. The economic turnaround was the result of the monetary and fiscal stimulus measures initiated by the government during Covid-19, which proved effective in averting a crisis and putting the economy on a swift recovery path. Notably, Pakistan is among the few countries in the world which has returned to growth. The government announced a Rs. 1.2 trillion stimulus package (2.5% of GDP) in FY20, this included an incentive package for the construction sector, which was instrumental in reviving activity in many other allied sectors. At the same time, the SBP maintained an accommodative stance by drastically reducing the policy rate cumulatively by 625bps, and complemented it with relief measures for businesses through the deferral of loan repayments by a year, and providing concessional loans for employee retention and fixed asset investments. These measures are visibly bearing fruit, as depicted by the LSM growth of 14.6% YoY during the first 11 months of FY21. Importantly, Pakistan also handled the first three waves of Covid-19 better than many regional countries without resorting to tough lockdowns, thereby also ensuring economic health.

Average national inflation during FY21 moderated to 8.9% YoY from an alarming 10.8% during FY20. Core inflation was even more tamed clocking in at 6.6% during FY21. This emboldened the SBP to maintain an accommodative monetary policy keeping the policy rate at 7.0% through the year. The SBP deems the present stance as appropriate to support the nascent economic recovery amid still-looming uncertainty posed by the pandemic, because of the new variants and sluggish pace of vaccination in the developing countries. Inflation poses certain upside risks going into FY22; however, SBP considers inflation risk to be driven by supply side factors, and expects medium-term inflation outlook to improve.

Pakistan also improved its fiscal performance in FY21, which was corroborated by the resumption of the IMF EFF program, stalled since the onset of Covid-19. There were broad-based taxation reforms and strict control over non-development expenditures. Many tax exemptions were removed in the federal budget of FY22 with a purpose to broaden the tax base and achieve higher revenue collection in future. For FY21, FBR had announced a tax collection target of Rs. 4,963 billion to contain the fiscal deficit at 7% of GDP, which was revised down to Rs 4,691 bn. During FY21, FBR has surpassed its revised revenue target as actual collection clocked in at Rs. 4,732 billion, depicting an impressive YoY growth of 18%. During July-March, Pakistan achieved a primary surplus of 1% of GDP despite pandemic-related pressures. On the financing side, central government debt increased by Rs. 2.9 trillion in 11MFY21 to Rs. 38.0 trillion, with majority of this increase coming from funds raised through long-term PIBs.

The current account balance continued to showed improvement during FY21 in line with the trend witnessed during the past two years, where Pakistan posted a current account deficit of USD 1.85 billion during FY21 versus a current account deficit of USD 4.45 billion during FY20. While Trade and Goods deficit rose by 23% YoY to USD 30.0 billion during FY21, the key reason for the improvement in current account balance is the 27% increase in workers remittances, which reached USD 29.4 billion during FY21. Due to limited pressure on current account front, the foreign exchange reserve of SBP jumped to USD 17.2 billion as of 2<sup>nd</sup> July 2021 from USD 12.1 billion at the end of June 2020, on account of inflows through IMF and other multilateral donors and a Eurobond issue. As a result, the exchange rate appreciated by 6.3% against the US dollar during FY21 and closed at a level of 157.54/USD. Despite having fulfilled 26 of the 27 tasks, the FATF retained Pakistan on its grey list for one more year, in its latest review in June 2021.

#### **Money Market Review**

During the period under review, despite no change in policy rate, an upward trend was witnessed in primary and secondary market rates due to increase in credit offtake and anticipation of increase in policy rate. KIBOR rates witnessed an increase in the range of 19 bps to 73 bps, whereby 3-months, 6-months, and 12-months KIBOR rates were up by 19 bps, 45 bps, and 73 bps, clocking in at 7.45%, 7.69%, and 8.08%,

respectively. In the secondary market, both T-bills and PIB yields also showed an upward trend. PIB yields rose in the range of 125 bps to 146 bps, whereby 3-year bond yield closed at 8.99% (up by 146 bps), 5-year bond yield closed at 9.49% (up by 138 bps), and 10-year bond yield closed at 9.94% (up by 125 bps). In the shorter tenor, government paper yields were up in the range of 19 bps to 76 bps. On the liquidity front, the money market remained stable due to continuous Open Market operations (OMO) injections from SBP, where the Central Bank ensured that the overnight money market remains close to the policy rate. During FY21, SBP borrowed Rs. 13.67 trillion through T-Bills against the maturity of Rs. 13.72 trillion. On the other hand, SBP accepted Rs. 2.47 trillion through long term PIBs (Fixed + Floater) against the maturity of Rs. 437 billion. The increase in borrowing through PIBs is in line with the long-term objective of the Ministry of Finance to elongate the maturity profile which has proven successful so far.

On the Shariah Complaint Instruments Front, GoP Ijarah/Sukuks prices also showed an upward trend due to immense interest shown by Islamic Market participants. The table below summarizes details of Ijarah/Sukuks:

GOP	Туре	<b>Issue Date</b>	Coupon	Pricing	Issue Size	Maturity	Closing	Yield
Ijarah					(bn)		Price	
XX	Floater	30-Apr-20	6.40%	WA6MTB -	76.39	30-Apr-25	97.12	7.12%

				bops				

The central bank raised Rs. 438 billion through the issuance of a series of floating & fixed rate Ijarah Sukuks. Issuance of these instruments provided much-needed relief to the Islamic money market participants and helped ease out the excess liquidity available in the market. On the other hand, the corporate sector continued facing some challenges in raising money through long tenor Sukuk, however, an increase in the issuance of shorter tenor instruments was witnessed which played a crucial role in absorbing some portion of excess liquidity available with Islamic institutions.

### **Equity Review**

During FY21, the KMI-30 index returned a handsome 39.3% to reach at 76,622 points, while the KSE-100 index posted a similar rise of 37.6% to reach at 47,356 points at the end of year. The market started the fiscal year on a strong note, with the KSE-100 index rallying by 27.1% during the first half due to gradual opening of the domestic economy and accommodative stance adopted by the SBP. The market continued its positive momentum thereafter, propelled by the breakthrough development of effective Covid-19 vaccines which cheered global markets and lifted commodity prices to multiyear high levels. The Pakistan

market touched its peak level of the period in mid-June at 48,726 points. Although, profit taking ensued in March due to political concerns and the start of a third wave of Covid-19. Nonetheless, by the end of FY21 the market was able to overcome these pressures. The impressive rally during FY21 is attributed in part to continuous macroeconomic improvement, rising liquidity amid low interest rates, improving external account position, subsiding political noise and no major fallout from Covid-19 on any major sector. Meanwhile, valuations of the overall market remained attractive, around 6.4x forward P/E, below the historical mean level of about 8.3x.

The market remained in the positive territory during the period, as sharp interest rate cuts since March 2020 significantly raised the allure of equities over the Fixed income asset class; this is depicted by the substantial difference between the market's earnings yield and the yield on benchmark government securities. Another positive development was the significant reduction in the infection rate of Covid-19 cases, which resulted in active cases dropping to only 31,767 by the end of FY21 compared to 108,273 at FY20 end, with successful handling of all three waves. The government has administered 16mn doses by June end, with a target to reach 70mn doses by Dec-21. The government continued to allow industries to operate, which was crucial for maintaining investor optimism at the bourse. Another critical driver of market optimism was the government's Construction package, which not only spurred demand for construction materials but also had a trickle-down effect on many allied sectors. The package entailed the extension of amnesty plan for builders, and the SBP directing commercial banks to ramp up lending for house financing up to 5% of private sector credit. IPPs remained in the limelight as many of them signed an agreement with the Government for settlement of outstanding circular debt in exchange for a reduction in guaranteed return on the project. Payment of the first tranche to older IPPs was finally released during the fourth quarter of FY21. On the other hand, even after largely completing 26 of the 27 targets, Pakistan will remain in the grey list of the FATF for at least another year and deliver on seven new parallel action points to address deficiencies.

Trading activity in the market improved significantly during FY21. Total volumes traded in the KMI-30 index stocks rose by 70% YoY to 130 million shares, while volumes in the KSE-100 index stocks increased by 95% to 261 million shares. The macroeconomic outlook improved manifold largely due to the resumption of business activity post lockdown. Consumption of petroleum, cement, and automobiles posted double-digit growth rates during the period. After aggressively cut in interest rates from March-20 to June-20, SBP adopted status quo in monetary policy, keeping the policy rate unchanged at 7.0% throughout FY21. The priority of monetary policy has appropriately shifted towards supporting growth and employment during these challenging times.

On the global front, conducive conditions kept the flows into MSCI EM alive, which is reflected by total inflows of USD 41.5 bn through EM ETFs. Flows remained concentrated in Equities, which attracted USD 33.8 bn, deployed across key EM markets. EM markets continued to attract fresh money during the year primarily on the back of weak US Dollar, owing to near-zero interest rates, stimulus package by US Government and asset purchase programs by the US Fed. The MSCI EM Index staged a stellar performance during this period, rising by 38% in USD terms during FY21, while MSCI World Index also rose by a similar 37% YoY. International oil prices remained upbeat with Brent surging by 83% during FY21. This was triggered by the prospect of global economic rebound promised by the rollout of Covid-19 vaccines, withdrawal of lockdowns and supply management by OPEC+ members. Brent crude oil traded over USD 70 per barrel towards the end of FY21 resulting from demand recovery as countries moved towards normalcy post Covid-19 restrictions. Brent crude ended the year at USD 75.1 per barrel, up by approximately USD 34 per barrel.

#### Major contributors to the Index:

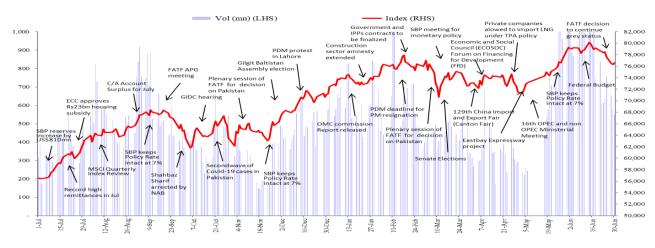

Among the key sectors, Refineries, Technology, and Cements were the best performing sectors. The top contributing stocks in the KMI-30 index in FY21 were:

Major Positive Contributors to the Index	Contribution to KMI-30 (Points)	Total Return (%)
Lucky Cement Ltd	4,138	+74.64
Meezan Bank Ltd	1,746	+98.50
Systems Ltd	1,333	+213.76
Engro Fertilizers Ltd	1,304	+48.51

On the flip side, Oil & Gas Exploration, Fertilizer and Pharmaceutical sectors were amongst the worst performing sectors. The key laggards in the KMI-30 index during the period were:

Major Negative Contributors to the Index	Contribution to KMI-30 (Points)	Total Return (%)
Oil & Gas Development Co Ltd	-535	-8.93%
Packages Ltd	-131	-10.99%
SUI Northern Gas Pipeline	-127	-9.17%
Pakistan Petroleum Ltd	-34	-0.12%

The overall movement of the KMI-30 during the period can be observed in the following graph:

### **Equity Flows**

Foreigners again remained net sellers during the FY21, generating a total net outflow of around USD 387 million. Sell off mainly concentrated in the Commercial Banking (USD 113.9 million), Oil and Gas Exploration (USD 89.8 million) and Fertilizer (USD 21.1 million). In line with trends last year, Individuals were the main source of liquidity with net buying clocking in at USD 332 million. This was followed by strong buying by Companies and Other organizations, such as government pension funds, with overall net inflows of USD 138 million and USD 45 million respectively. Banks were major net sellers amongst local

investors offloading USD 95 million worth of securities. Mutual Funds remained subdued with a marginal buying of USD 10 million.

### **Mutual Fund Industry Review**

During the FY21, AUMs of the mutual fund industry increased 37.4% to Rs. 1,050 billion. Shariah Compliant AUMs grew by 34.9% in FY21 to Rs. 440 billion, which brought the share of Shariah Compliant funds at around 41.9% in the overall mutual fund industry. Al Meezan's share in the Mutual Funds industry stood at 18.0% while amongst the Shariah Compliant Funds, it held 43.0% market share as of June 30, 2021. Meezan Tahaffuz Pension Fund's market share in the Pension Fund category stood at 35.0% while amongst the Shariah Compliant Funds, it held 53.1% market share at FY21 end.

The change in AUMs of industry in FY21 over FY20 is as under:

	FY20	FY21	Change
	(Rs. In B	illion)	(%)
Sovereign, Money Market and Income Funds			
Shariah Compliant Funds	226	301	33.0
Conventional Funds	300	425	41.8
Total	526	727	38.0
Equity Funds (Including Index Tracker Funds)			
Shariah Compliant Funds	59	87	47.3
Conventional Funds	115	159	38.9
Total	174	246	41.7
<u>Capital Protected, balanced, and asset allocation Funds</u>			
Shariah Compliant Funds	20	26	30.1
Conventional Funds	13	13	(2.4)
Total	33	38	17.2
Commodity Funds			
Shariah Compliant Funds	0.5	0.5	(11.0)
Total	0.5	0.5	(11.0)
Voluntary Pension Funds			
Shariah Compliant Funds	20	25	26.5
Conventional Funds	11	13	19.5
Total	31	38	24.0

The table provided below depicts a summary of FY21 performance of funds under our management:

### Outlook

After posting above expected GDP growth of 3.9% during FY21, pro-growth budget has been presented by government comprising of Rs 8.5 trillion spending-led outlay for the FY22 designed to achieve 6% GDP growth in next two years while immediate target is 4.8% for FY22. Fiscal deficit is projected at 6.3% against the revised target of 7.1% for the current fiscal year, and primary deficit target is 0.7%. An ambitious FBR

revenue collection target of Rs 5.8 trillion has been set which entails a growth of 23% YoY. The Central Bank is also cognizant of the need for growth and continues to keep an accommodative monetary policy along with other measures to stimulate growth. The Monetary Policy Committee (MPC) observed that given the Covid-19 related uncertainties, the cost of withdrawing monetary stimulus too soon exceeded that of withdrawing too late. Looking ahead, in the absence of unforeseen circumstances, the MPC expects monetary policy to remain accommodative in the near term, and any adjustments in the policy rate to be measured and gradually to achieve mildly positive real interest rates over time. Despite expected hike in electricity & gas tariff and food price rise, we expect inflation to decline to 8.2-8.5% in FY22, on account of high base effect. Going ahead, although current account deficit is expected to rise to around USD 8-10 bn level during FY22, it is still at a manageable level and can easily be funded by inflows from international lending agencies, planned bond issuance and other initiatives. Controlled devaluation in the range of 4-6% is also likely during FY22 in order to limit the rise in trade deficit. Apart from this, with the re-initiation of the IMF program, government is working on a road map in coordination with IMF to improve tax collection and curb circular debt.

Going forward, the Government has budgeted to issue additional fixed and floating rate Ijarah Sukuks of approx. Rs 1.2 trillion in the local market, which will further enhance market participants' ability to deploy funds at attractive yields. The Government is targeting to increase the share of Islamic borrowing to 10% from the current level of around 3% within a short span of three years, indicating more regular issuances of Islamic Government securities in the future. Furthermore, we also expect the corporate sector to continue raising funds through Sukuk and Islamic Commercial Papers. However, demand and liquidity of Government securities will improve owing to more diverse investors. The Roshan Digital Account initiative is also bearing fruit as it fully integrates the Pakistani diaspora with Pakistan's banking and payment system, currently enabling investment in Pakistan's stock market directly and through mutual funds. So far, Roshan Digital Accounts have seen an influx of nearly USD 2.0 billion.

For the equity market, we expect the sanguine outlook to continue on the back of robust corporate earnings growth and still attractive valuation. Even though we are amidst another wave of Covid-19, the sentiments this time around are much better compared to earlier. Additionally, the ensuing positive sentiments are due to rising GDP growth, accommodative policy rate, and manageable current account deficit during FY22 and subsiding political noise. Our fundamental analysis favors an upward trajectory in the local equity market on the back of structural reforms, the entailing macroeconomic recovery, the re-rating of the market, and the mean reversion of the index in the near term. Nonetheless, the fourth wave of COVID-19 can have negative repercussions for the market and economy in general as smart lockdowns continue to be implemented. With the vaccine inoculation drive set to pick up pace in the coming quarters, threat from pandemic can be expected to gradually come under control. We anticipate MSCI to downgrade Pakistan from Emerging Market to Frontier Market, where it will have a meaningful weight. However, it is feared that it could trigger another round of outflow by foreign investors tracking MSCI Emerging Market Index.

#### Auditors

### **Board Meetings**

The Elections of the Directors were held during FY-2021, accordingly new Board and Committees thereof were reconstituted. Details of Board Meetings, replacements and attendance therein is given in the notes to the financial statements of the Funds.

### **Board Audit Committee (BAC)**

During the year ended June 30, 2021, five BAC meetings were held, the attendance of the members in these meetings was as under;

Name of Directors	12-Aug-20	16-Sep-20	19-0ct-20	11-Feb-21	9-Apr-21
Mr. Moin M. Fudda	$\checkmark$	✓	✓	-	-
Mr. Naeem Abdul Sattar	√	✓	✓	✓	✓
Mr. Arshad Majeed	√	✓	✓	-	-
Mr. Feroz Rizvi	-	-	-	✓	✓
Mr. Tariq Mairaj	-	-	-	✓	$\checkmark$

On reconstitution of the Board Committees, Mr. Moin M. Fudda and Mr. Arshad Majeed were replaced by Mr. Feroz Rizvi and Mr. Tariq Mairaj respectively as the members of the Audit Committee.

#### **Board Risk Management Committee (BRMC)**

During the year ended June 30, 2021, four BRMC meetings were held, the attendance of the members in these meetings was as under;

Name of Director	11-Aug-20	19-Oct-20	27-Jan-21	09-Apr-21
Mr. Muhammad Abdullah	$\checkmark$	~	-	-
Mr. Naeem Abdul Sattar	$\checkmark$	~	-	-
Syed Amir Ali Zaidi	$\checkmark$	✓	-	-
Mr. Mubashar Maqbool	-	-	~	~
Mr. Moin M. Fudda	-	-	~	~
Mr. Furquan R. Kidwai	-	-	$\checkmark$	~

On reconstitution, Mr. Mubashar Maqbool, Mr. Moin M. Fudda and Mr. Furquan R. Kidwai were appointed as BRMC members.

#### Human Resource & Remuneration Committee (HR&RC)

During the year ended June 30, 2021, four HR&RC meetings were held, the attendance of the members in these meetings was as under;

Name of Director	12-Aug-20	16-Sep-20	10-Feb-21	18-Jun-21
Mr. Ariful Islam	$\checkmark$	✓	✓	✓
Mr. Moin M. Fudda	$\checkmark$	~	~	✓
Mr. Naeem Abdul Sattar	$\checkmark$	✓	-	-
Mr. Mohammad Shoaib, CFA	$\checkmark$	✓	✓	✓
Mr. Mubashar Maqbool	-	-	✓	✓
Mr. Furquan R. Kidwai	-	-	✓	✓

Mr. Mubashar Maqbool replaced Mr. Naeem Abdul Sattar and Mr. Mohammad Furquan R. Kidwai was added as new member to the HR&RC.

#### Acknowledgement

We take this opportunity to thank our valued investors for reposing their faith in Al Meezan Investments, the largest asset management company in Pakistan. We also thank regulator, the Securities and Exchange Commission of Pakistan and our Trustee, the Central Depository Company of Pakistan for their support. Likewise, we would like to thank the members of the Shariah Supervisory Board of Meezan Bank for their continued assistance and support on Shariah aspects of fund management.

For and on behalf of the Board
