REPORT OF THE FUND MANAGER Meezan Islamic Fund (MIF)

Type of Fund

Open end equity fund

Objective

The objective of MIF is to provide optimum returns to the investors from investment in Shariah Compliant stocks for the given level of risk, while abiding by all applicable rules and regulations. Total return refers to the returns from capital gains (realized and unrealized), dividend income and other income from Shariah Compliant investments.

Strategy, Investment Policy and Asset Allocation

The performance of MIF is linked directly to the performance of equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposures near troughs.

During the year, the fund increased its equity exposure to a maximum of 97.77%. However, it maintained an average exposure close to 95.74% in equities during the year, while closing the period at around 95.95%. The fund raised exposure to the Cement sector significantly during the period under review owing to rebound in economic activity, Exposure to the Oil and Gas Exploration sector was trimmed in line with the theme to move towards sectors benefiting from rising economic activity in the country. As a result, there was also a general trend in liquidating from defensive plays such as Power Generation, Fertilizer and OMCs in addition to Oil Exploration Sector.

Sector Allocation for the year ended FY20 and FY21

Report of the *Shari'ah* Advisor –Meezan Islamic Fund

August 2, 2021/ Dhu Al-Hijjah 22, 1442

Alhamdulillah, the period from July 01, 2020 to June 30, 2021 was the Eighteenth year of operations of Meezan Meezan Islamic Fund (MIF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MIF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MIF as on June 30, 2021 and their evaluation according to the screening criteria established by us. (December 31, 2020 accounts of the Investee companies have been used for the following calculations*):

TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN ISLAMIC FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Islamic Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2021 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

**To the Unit holders of Meezan Islamic Fund
Report on the Audit of the Financial Statements**

Opinion

We have audited the financial statements of Meezan Islamic Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2021, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2021, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2021 amounted to Rs 32,886.340 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2021 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">▪ Tested the design and operating effectiveness of the key controls for valuation of investments;▪ Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2021 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM: ~

A·F·FERGUSON&CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

MEEZAN ISLAMIC FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Meezan Islamic Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited (Al Meezan) as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on June 16, 2003 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on June 4, 2003 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations, 2008). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi, 74400, Pakistan.
- 1.2 The Fund has been formed to enable the unit holders to participate in a diversified portfolio of securities, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah. The Management Company has appointed Meezan Bank Limited (MBL) as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah. The investment objectives and policies are explained in the Fund's offering document.
- 1.3 The Fund is an open-end fund listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is categorized as a Equity Scheme in accordance with Circular 7 of 2009 issued by Securities and Exchange Commission of Pakistan (SECP).
- 1.4 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2020 (2020: AM1 dated December 31, 2019) and by PACRA dated June 23, 2021 (2020: AM1 dated June 26, 2020). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.6 During the previous year, the Fund had made excess distribution amounting to Rs 709.398 million which was disclosed in the statement of movement in the Unit holders' Fund as "over distribution". In the current year, the Fund had profits available for distribution in excess of the minimum threshold specified in note 15 to the financial statements and the Fund has utilised such profits to set-off excess distribution made in the previous year.
- 1.7 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Various new requirements including registration under the Trust Act have been introduced. The Management Company has submitted Collective Investment Scheme Trust Deed to Registrar (acting under Sindh Trusts Act, 2020) for registration to fulfill the requirement for registration of Trust Deed under Sindh Trusts Act, 2020.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIII A of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2020. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2021 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments which have been classified as 'at fair value through profit or loss' and measured at their respective fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Classification and subsequent measurement

4.3.1.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at Fair Value through Other Comprehensive Income (FVOCI). The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under Fair Value through Profit or Loss is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

4.3.2 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.3.6 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised when the transaction takes place.
- Unrealised gains / (losses) arising on remeasurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

- 6.1.1** All shares have a nominal value of Rs 10 each except for the shares of Thal Limited, Agriauto Industries Limited Dynea Pakistan Limited, Shabbir Tiles and Ceramics Limited, Nimir Resins Limited and National Foods Limited which have a nominal value of Rs 5 each and K-Electric Limited which have a nominal value of Rs 3.5 each.
- 6.1.2** Investments include 1,060,000 shares of Engro Corporation Limited, having market value of Rs 312.29 million as at June 30, 2021 (2020: Rs. 310.50 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2021, the market value of bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 62.612 million (2020: Rs. 49.076 million).

- 11.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.97 per unit (2020: Re 0.68 per unit).

- 11.3** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 264.474 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2021 would have been higher by Re 0.49 (2020: Re 0.51) per unit.

12 CONTINGENCIES AND COMMITMENTS

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2021 is 3.99% (2020: 3.24%) which includes 0.87% (2020: 0.36%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, Sales Taxes, Federal Excise Duties, annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2021 to the unitholders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

Risks managed and measured by the Fund are explained below:

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / interest rate risk, currency risk and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2021, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

The Fund's profit rate risk arises from the balances in savings accounts. At June 30, 2021, if there had been increase / decrease of 100 basis points in interest rates or in rates with all other variables held constant, net assets of the Fund for the year then ended would have been higher / lower by Rs 20.506 million (2020: Rs 17.473 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2021, the Fund does not hold any fixed rate instrument that may expose the Fund to fixed interest rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2021 can be determined as follows:

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2021, with all other variables held constant, the total income of the Fund for the year would increase / decrease by Rs 328.863 million (2020: Rs. 233.810 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2021		2020	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- Rupees in '000 -----				
Balances with banks	2,061,391	2,061,391	1,755,340	1,755,340
Investments	32,886,340	-	23,381,047	-
Receivable against sale of investments	34,569	34,569	73,789	73,789

	<u>35,401,985</u>	<u>2,325,928</u>	<u>25,358,765</u>	<u>1,964,299</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2021 is the carrying amount of the financial assets. Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in equity securities of Rs 32,866.340 million (2020: 23,381.047 million) is not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2021	2020
AAA	17.40	61.50
AA+	6.53	27.00
AA	8.11	0.04
A+	67.96	11.45
A	0.01	0.01
	<u>100.00</u>	<u>100.00</u>

18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2021 the Fund held the following financial instruments measured at fair values:

	2021		
	Level 1	Level 2	Level 3

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

25 CORRESPONDING FIGURES

Corresponding figures have been re-classified and re-arranged in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications have been made in these financial statements during the current year.

26 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on Aug 9, 2021 and further amended on Sep 14, 2021 to incorporate the subsequent event as disclosed in note 27.3 of the financial statements.

27 GENERAL

27.1 Impact of COVID-19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided certain time bound relaxations to CISs operating in Pakistan in order to provide temporary relaxation against covid pandemic. All of the relaxations provided have expired prior to June 30, 2021.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

27.2 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

27.3 Subsequent events

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP. All the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund. Had the provision for SWWF not been incorporated in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.97 per unit (2020: Re 0.68 per unit).

REPORT OF THE FUND MANAGER Al Meezan Mutual Fund (AMMF)

Type of Fund

Open end equity fund

Objective

The objective of AMMF is to provide maximum total return to the shareholders by investing in “Shariah compliant” equity avenues for the given level of risk, while abiding by the Regulations and any other prevailing rules and regulations.

Strategy, Investment Policy and Asset Allocation

The performance of AMMF is directly linked to the performance of the equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposure near troughs.

AMMF started the year with a 96.68% exposure to equities, touched a maximum of 98.25% and minimum of around 93.85% during the fiscal year, on average remaining around 95.81% invested and while closing the year at 94.56% invested percentage. The fund raised exposure to the Cement sector significantly during the period under review owing to rebound in economic activity, Exposure to the Oil and Gas Exploration sector was trimmed in line with the theme to move towards sectors benefiting from rising economic activity in the country. As a result, there was also a general trend in liquidating from defensive plays such as Power Generation, Fertilizer and OMCs in addition to Oil Exploration Sector.

Sector Allocation for the year ended FY20 and FY21

Report of the *Shari'ah* Advisor – Al Meezan Mutual Fund

August 2, 2021/ Dhu Al-Hijjah 22, 1442

Alhamdulillah, the period from July 01, 2020 to June 30, 2021 was the twenty sixth year of operations of Al Meezan Mutual Fund (AMMF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah* Adviser, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non- *Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of AMMF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of AMMF as on June 30, 2021 and their evaluation according to the screening criteria established by us. (December 31, 2020 accounts of the Investee companies have been used for the following calculations*):

Company Name	(i) Nature of Business	(ii)** Debt to Assets (<37%)	(iii) Non-Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)

Pakistan State Oil	Oil & Gas Marketing Companies	19.79%	0.00%	0.46%	31.12%	(33.23)	

* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

** All interest based debts.

*** Total Assets of OGDC are adjusted with non-cash items arising due to the adoption of IFRS 16 'Leases' in respect of sale agreements with HUPL and UCH-II

- ii. On the basis of information provided by the management, all operations of AMMF for the year ended June 30, 2021 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of AMMF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

TRUSTEE REPORT TO THE UNIT HOLDERS

AL MEEZAN MUTUAL FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Al Meezan Mutual Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2021 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

**To the Unit holders of Al Meezan Mutual Fund
Report on the Audit of the Financial Statements**

Opinion

We have audited the financial statements of Al Meezan Mutual Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2021, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2021, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2021 amounted to Rs 4,650.421 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2021 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Tested the design and operating effectiveness of the key controls for valuation of investments;Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2021 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; andRe-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AMU

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021**

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Al Meezan Mutual Fund (the Fund) was constituted by virtue of a scheme of arrangement for conversion of Al Meezan Mutual Fund Limited (AMMFL) into an Open End Scheme under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on June 17, 2011 in accordance with the provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2 The Fund has been formed to provide the unit holders safe and stable stream of halal income on their investments and to generate superior long-term risk adjusted returns. The Fund shall also keep an exposure in short-term instruments for the purpose of maintaining liquidity and to capitalise on exceptional returns, if available, at any given point of time. The objective of the Fund is to provide the maximum total return to the unit holders from investment in "Shariah Compliant" equity investments for the given level of risk, while abiding by the regulations and any other prevailing rules and regulations. At least seventy percent of its net assets shall remain invested in listed equity securities during the year based on quarterly average investment calculated on daily basis. The remaining net assets shall be invested in cash and near cash instruments. Under the Trust Deed, all conducts and acts of the Fund are based on Shariah. Meezan Bank Limited (MBL) acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3 The Fund is an open-end fund listed on the Pakistan Stock Exchange Limited. Units of the Fund are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is categorised as an Equity Scheme.
- 1.4 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2020 (2020: AM1 dated December 31, 2019) and by PACRA dated June 23, 2021 (2020: AM1 dated June 26, 2020). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.6 During the year ended June 30, 2020, the Fund had made excess distribution amounting to Rs 22.499 million which was disclosed in the statement of movement in the Unit holders' Fund as "over distribution". In the current year, the Fund had profits available for distribution in excess of the minimum threshold specified in note 15 to the financial statements and the Fund has utilised such profits to set-off excess distribution made in the previous year.
- 1.7 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Various new requirements including registration under the Trust Act have been introduced. The Management Company has submitted Collective Investment Scheme Trust Deed to Registrar (acting under Sindh Trusts Act, 2020) to fulfill the requirement for registration of Trust Deed under Sindh Trusts Act, 2020.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2020. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6) and provision for taxation (note 4.13 and 15).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments classified as 'at fair value through profit or loss' which are measured at their fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

a) Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

b) Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.3.5 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges, if applicable. The sales load is payable to the Management Company.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company receives redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.
- Dividend income is recognised when the right to receive the dividend is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 6.1.1** All shares have a nominal value of Rs 10 each except for the shares of Agriauto Industries Limited, Dynea Pakistan Limited, National Foods Limited and Shabbir Tiles & Ceramics Limited which have a nominal value of Rs 5 each and K-Electric Limited which have a nominal value of Rs 3.5 each.
- 6.1.2** 202,000 shares (June 30, 2020: 202,000 shares) of Engro Corporation Limited, having market value of Rs 59.51 million (June 30, 2020: Rs 59.17 million) as at June 30, 2021, have been pledged as collateral in favour of National Clearing Company Pakistan Limited against exposure margins and mark to market losses.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 2019. During the year ended June 30, 2021, the CISs had filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh had issued notices to the relevant parties and had ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the Management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2021, the market value of bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs.9.261 million (2020: Rs 7.794 million).

8.1 As per regulation 61 of the NBFC Regulations 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 2% (2020: 2%) per annum of the average net assets of the Fund during the year ended June 30, 2021. The remuneration is payable to the Management Company monthly in arrears.

8.2 During the year, an amount of Rs. 12.179 million (2020: Rs. 10.968 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 12.218 million (2020: Rs. 11.182 million) has been paid to the Management Company which acts as a collecting agent.

8.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company based on its own discretion charged 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund from July 1, 2020 till March 9, 2021 and 0.11% with effect from March 10, 2021 (2020: 0.1%).

8.4 In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, the Management Company, based on its own discretion has charged selling and marketing expenses at the following rates of the average annual net assets of the Fund during the year.

Rate applicable from July 1, 2020 to March 9, 2021	Rate applicable from March 10, 2021 to June 30, 2021	2020

On net assets:

- up to Rs 1,000 million 0.7 million or 0.2% per annum of net assets, whichever is higher.
- exceeding Rs.1,000 million Rs 2.0 million plus 0.10% per annum of net assets exceeding Rs 1,000 million.

9.2 During the year, an amount of Rs 0.739 million (2020: Rs. 0.678 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.727 million (2020: Rs. 0.689 million) was paid to the Trustee which acts as a collecting agent.

10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)

In accordance with the NBFC Regulations, 2008, a collective investment scheme classified as an "Equity scheme" is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Accordingly, the Fund has charged the SECP Fee at the rate of 0.02% (2020: 0.2%) of average annual net assets of the Fund during the current year.

11.2 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration made was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 41.256 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2021 would have been higher by Re 0.15 (2020: Re 0.14) per unit.

- 11.3** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.28 per unit (2020: Re 0.18 per unit).

12 CONTINGENCIES AND COMMITMENTS

- 12.1** There were no contingencies and commitments outstanding as at June 30, 2021 and June 30, 2020.

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2021 is 4.07% (2020: 3.41%) which includes 0.87% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, Sales Taxes, Federal Excise Duties, Annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on Funds as per Section 4B of the Income Tax Ordinance 2001.

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance. Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and interest rate risk), credit risk and liquidity risk. Further, overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by Securities and Exchange Commission of Pakistan (SECP). Risks managed and measured by the Fund are explained below:

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit risk, currency risk and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2021, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 2.852 million (2020: Rs. 2.559 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2021, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2021 can be determined as follows:

----- 2021 -----

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2021, with all other variables held constant, total income of the fund would increase / decrease by Rs 46.504 million (2020: Rs 37.823 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of such borrowing is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

2021		2020	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

----- (Rupees in '000) -----

	5,089,108	438,687	4,092,547	310,185

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in equity securities of Rs 4,650.418 million (2020: Rs 3,782.362 million) is not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent control established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, dividend receivable and receivable against conversion of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2021	2020
AAA	33.37%	3.79%
AA+	16.19%	34.41%
AA	49.35%	-
A+	1.05%	61.79%
A	0.04%	0.01%
	100%	100%

18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2021, the Fund held the following financial instruments measured at fair values:

Financial assets	2021		
	Level 1	Level 2	Level 3

	4,650,421	-	-

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

25 CORRESPONDING FIGURES

Corresponding figures have been re-classified and re-arranged in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications have been made in these financial statements during the current year.

26 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on Aug 9, 2021 and further amended on Sep 14, 2021 to incorporate the subsequent event as disclosed in note 27.3 of the financial statements.

27 GENERAL

27.1 COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided certain time bound relaxations to CISs operating in Pakistan in order to provide temporary relaxation against covid pandemic. All of the relaxations provided have expired prior to June 30, 2021.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

27.2 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

27.3 Subsequent events

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP. All the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund. Had the provision for SWWF not been incorporated in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.28 per unit (2020: Re 0.18 per unit).

Report of the *Shari'ah* Advisor –KSE Meezan Index Fund

August 2, 2021/ Dhu Al-Hijjah 22, 1442

Alhamdulillah, the period from July 2020 to June 30, 2021 was the Ninth year of operations of KSE Meezan Index Fund (KMIF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of KMIF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of KMIF as on June 30, 2021 and their evaluation according to the screening criteria established by us. TRUSTEE REPORT TO THE UNIT HOLDERS

KSE MEEZAN INDEX FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of KSE Meezan Index Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2021 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of KSE Meezan Index Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of KSE Meezan Index Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2021, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2021, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2021 amounted to Rs 2,697.866 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2021 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">▪ Tested the design and operating effectiveness of the key controls for valuation of investments;▪ Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2021 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

KSE MEEZAN INDEX FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1** KSE Meezan Index Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on March 13, 2012 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations, 2008). The Management Company has been licensed by Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, (the NBFC Rules) through a certificate of registration issued by SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi, 74400, Pakistan.
- 1.2** The Fund is a Shariah Compliant Index Fund that aims to provide investors an opportunity to track closely the performance of the KSE-Meezan Index 30 (KMI 30) by investing in companies of the index in proportion to their weightages. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah. The Management Company has appointed Meezan Bank Limited (MBL) as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is an open-end fund listed on Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and be redeemed by surrendering them to the Fund. The Fund is categorized as a Shariah Compliant Index Fund.
- 1.4** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.
- 1.5** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2020 (2020: AM1 dated December 31, 2019) and by PACRA dated June 23, 2021 (2020: AM1 dated June 26, 2020). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6** The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Act 2020" as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Various new requirements including registration under the Trust Act have been introduced. The Management Company after fulfilling the requirement for registration of Trust Deed under Sindh Act 2020, has submitted Collective Investment Scheme Trust Deed to Registrar acting under Sindh Act 2020 for registration.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIII A of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the standards and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2023
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2023

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2021 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Classification and subsequent measurement

4.3.1.1 Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at Fair Value through Other Comprehensive Income (FVOCI). The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

4.3.2 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.3.6 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on saving accounts with bank is recognised on a time proportion basis using the effective yield method.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of SECP are recognised in the Income Statement on an accrual basis.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015, is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 6.1.1** All shares have a face value of Rs 10 each except for the shares of K-Electric Limited which have a face value of Rs 3.5.
- 6.1.2** Investments include 682,000 shares (2020: 682,000 shares) of Pakistan Petroleum Limited and 80,000 shares of Oil & Gas Development Company Limited having market value of Rs 59.218 million and Rs. 7.602 million as at June 30, 2021 (2020: Rs 59.184 million), which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2021, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 1.416 million (2020: Rs. 1.160 million).

8.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2020: 1%) per annum of the average net assets of the Fund during the year ended June 30, 2021. The remuneration is payable to the Management Company monthly in arrears.

8.2 During the year, an amount of Rs. 3.178 million (2020: Rs 2.224 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011, and an amount of Rs. 3.354 million (2020: Rs. 2.187 million) has been paid to the Management Company which acts as a collecting agent.

8.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The management company based on its own discretion has charged allocated expenses at the rate of 0.1% from July 1, 2020 till March 9, 2021 and at 0.11% from March 10, 2021 till June 30, 2020 (2020: 0.1%) of average annual net assets during the year.

from Rs 1,000 million and above	Rs 2.0 million plus 0.10% per annum of net assets exceeding Rs 1,000 million.

- 9.2 During the year, an amount of Rs 0.448 million (2020: Rs. 0.352 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.437 million (2020: Rs. 0.320 million) was paid to the Trustee which acts as a collecting agent.

10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with the NBFC Regulations, 2008, a collective investment scheme classified as an index tracker is required to pay annual fee to the Securities and Exchange Commission of Pakistan at the rate of 0.02% (2020: 0.02%) per annum of average annual net assets of the Fund.

- 11.1 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 6.238 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.17 (2020: Re 0.18) per unit.

- 11.2 According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes.

During the year ended June 30, 2021, non-shariah compliant income amounting to Rs 3.327 million (2020: Rs. 2.972 million) was charged as an expense in the books of the Fund, and Rs. 1.500 million was disbursed to following charitable welfare organisations respectively:

S. No.	Charitable Organisations	Amount Rupees in '000
1	Edhi Foundation	500
2	Chippa Welfare - Association	500
3	Darus Shifa - Foundation	500
	Total	1,500

- 11.3** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.65 per unit (2020: Re 0.28 per unit).

12 CONTINGENCIES AND COMMITMENTS

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2021 is 2.45% (2020: 1.95%) which includes 0.78% (2020: 0.23%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Index Scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2021 to the unitholders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Income Tax Ordinance, 2001.

16 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS

16.1 Connected persons include Al Meezan Investment Management Limited being the Management Company, the Central Depository Company of Pakistan Limited being the Trustee, other collective investment schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or company beneficially owning directly or indirectly ten percent or more of the capital of the Management Company or the net assets of the Fund, directors and their close family members and key management personnel of the Management Company.

16.2 Transactions with connected persons are executed on an arm's length basis and essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

16.3 Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

16.4 Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

18 **FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

(i) Yield / profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2021, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs.0.0150 million (2020: Rs. 0.0370 million).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2021 can be determined as follows:

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks.

In case of 1% increase / decrease in KMI 30 index on June 30, 2021, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 26.979 million (2020: Rs. 18.573 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2021		2020	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- Rupees in '000 -----				
Balances with banks	22,649	22,649	46,350	46,350
Investments	2,697,866	-	1,857,289	-
Receivable against sale of investments	24,234	24,234	-	-
Receivable against conversion of units	1,182	1,182	1,130	1,130

	<u>2,752,770</u>	<u>54,904</u>	<u>1,915,678</u>	<u>58,389</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2021 is the carrying amount of the financial assets.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2021	2020
AAA	73.00	-
AA+	27.00	100.00
	<u>100.00</u>	<u>100.00</u>

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2021, the Fund held the following financial instruments measured at fair values:

		----- 2021 -----		
		Level 1	Level 2	Level 3
		----- Rupees in '000 -----

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

25 CORRESPONDING FIGURES

Corresponding figures have been re-classified and re-arranged in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications have been made in these financial statements during the current year.

26 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on Aug 9, 2021 and further amended on Sep 14, 2021 to incorporate the subsequent event as disclosed in note 27.3 of the financial statements.

27 GENERAL

27.1 Impact of COVID-19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided certain time bound relaxations to CISs operating in Pakistan in order to provide temporary relaxation against covid pandemic. All of the relaxations provided have expired prior to June 30, 2021.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

27.2 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

27.3 Subsequent events

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP. All the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund. Had the provision for SWWF not been incorporated in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.65 per unit (2020: Re 0.28 per unit).

REPORT OF THE FUND MANAGER Meezan Energy Fund (MEF)

Type of Fund

Sector specific open end equity fund. The fund was launched on November 29, 2016.

Objective

The objective of MEF is to seek long term capital appreciation through investments in Shariah compliant equity stocks, primarily from the energy sector/segment/industry as defined in the constitutive documents, and provide maximum total return to the shareholders for the given level of risk, while abiding by the Regulations and any other prevailing rules and regulations.

Strategy, Investment Policy and Asset Allocation

The performance of MEF is directly linked to the performance of the energy sector of the equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposure near troughs.

Sector Allocation for the year ended FY20 and FY21

Report of the *Shari'ah* Advisor –Meezan Energy Fund

August 2, 2021/ Dhu Al-Hijjah 22, 1442

Alhamdulillah, the period from July 01, 2020 to June 30, 2021 was the Fifth year of operations of Meezan Energy Fund (MEF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah* Advisor, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MEF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MEF as on June 30, 2021 and their evaluation according to the screening criteria established by us. (December 31, 2020 accounts of the Investee companies have been used for the following calculations*):

Company Name	(i) Nature of Business	(ii)** Debt to Assets (<37%)	(iii) Non-Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)	
						Net Liquid Assets per Share (A)	Share Price (B)

Pakistan State Oil Co. Ltd.	Oil and Gas Marketing Companies	19.79%	0.00%	0.46%	35.35	(33.23)	

* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

** All interest based debts.

*** Debt is considered excluding circular debt.

**** OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of MEF for the year ended June 30, 2021 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MEF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Energy Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Energy Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2021, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2021, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2021 amounted to Rs 578.360 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2021 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> Tested the design and operating effectiveness of the key controls for valuation of investments; Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2021 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AMC

A.F. FERGUSON & CO.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

MEEZAN ENERGY FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Meezan Energy Fund (the Fund) was established under a trust deed executed between Al Meezan Investment Management Company as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Trust Deed was executed on September 09, 2016 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shariah-e-Faisal, Karachi 74400, Pakistan.
- 1.2 The objective of the Fund is to seek long term capital appreciation through investments in Shariah compliant equity stocks, primarily from the energy sector / segment / industry, as defined in the constitutive documents. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3 Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited. The Fund is categorised as an Open End Shariah Compliant (Islamic) Equity Scheme in accordance with Circular 7 of 2009 issued by the SECP.
- 1.4 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2020 (2020: AM1 dated December 31, 2019) and by PACRA dated June 23, 2021 (2020: AM1 dated June 26, 2020). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.6 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Various new requirements including registration under the Trust Act have been introduced. The Management Company has submitted Collective Investment Scheme Trust Deed to Registrar (acting under Sindh Trusts Act, 2020) to fulfill the requirement for registration of Trust Deed under Sindh Trusts Act, 2020.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting year beginning on July 1, 2020. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2021 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6) and provision for taxation (notes 4.14 and 16).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value to profit or loss' are measured at their respective fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

a) Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

b) Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.3.5 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting year. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement currently, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the commencement of book closure of the investee company / institution declaring the dividend.
- Profit on balances with banks is recognised on a time proportion basis using the effective yield method.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a year of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

4.14 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the year when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I to the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV to the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / loss per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

6.1.1 All shares have a nominal value of Rs.10 each except for the shares of K-Electric Limited which have nominal value of Rs. 3.50 each.

6.1.2 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs had filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh had issued notices to the relevant parties and had ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the Management is confident that the decision of the constitutional petition will be in favour of the CISs.

The Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2021, the bonus shares of the Fund withheld by Pakistan State Oil Company Limited at the time of declaration of bonus shares amounted to Rs. 1.308 million (June 30, 2020: Rs. 0.922 million).

- 6.1.3** Investments include 65,000 shares of Pakistan Petroleum Limited, 26,500 shares of Pakistan Oilfields Limited, 4,000 shares of Mari Petroleum Limited and 5,000 shares of Pakistan State Oil Company Limited, having market value of Rs 5.644 million, Rs. 10.437 million, Rs. 6.098 million and Rs. 1.121 million respectively as at June 30, 2021 (June 30, 2020: 65,000 shares of Pakistan Petroleum Limited and 26,500 shares of Pakistan Oilfields Limited, having market value of Rs 5.641 million and 9.292 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.

- 7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during prior years, withholding tax on dividend and profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends and profit on debt amounts to Rs 1.431 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profit on bank deposits has been shown as other receivables as at June 30, 2021 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

9.1 As the Regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 2% (2020: 2%) per annum of the average net assets of the Fund during the year ended June 30, 2021. The remuneration is payable to the Management Company monthly in arrears.

9.2 During the year, an amount of Rs. 1.368 million (2020: Rs. 1.412 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 1.480 million (2020: Rs.1.439 million) has been paid to the Management Company which acts as a collecting agent.

9.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

The Management Company based on its own discretion has charged 0.1% of the average annual net assets of the Fund for allocation of such expenses to the Fund from July 1, 2020 till March 9, 2021 and 0.11% with effect from March 10, 2021 subject to not being higher than the actual expense. These expenses have also been approved by the Board of Directors of the Management Company (2020: 0.1%).

9.4 In accordance with Circular 11 dated July 5, 2019 with respect to charging selling and marketing expenses, the Management Company, based on its own discretion has charged selling and marketing expenses at the rate of 0.4% (2020: 0.4%) of the average annual net assets of the Fund. These expenses have also been approved by the Board of Directors of the Management Company.

On net assets:

- Up to Rs 1,000 million 0.2% per annum of net assets
- Over Rs. 1,000 million Rs 2 million plus 0.1% per annum of net assets exceeding Rs 1,000 million.

- 10.2** During the year, an amount of Rs 0.137 million (2020: Rs. 0.142 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.136 million (2020: Rs. 0.145 million) was paid to the Trustee which acts as a collecting agent.

11 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)

In accordance with the NBFC Regulations, 2008, a collective investment scheme classified as an "Equity scheme" is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of average annual net assets of the Fund during the current year (2020: 0.02% of average annual net assets).

- 12.1** According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes.

During the year ended June 30, 2021, non-Shariah compliant income amounting to Rs 1.086 million (2020: Rs 0.631 million) was charged as an expense in the books of the Fund and Rs. 0.7 million was disbursed to the following charitable welfare organisations respectively:

S. No.	Charitable Organisations	Amount Rupees in '000
1	Karsaz Trust	200
2	Pakistan Association of the Blind	500
Total		<u>700</u>

- 12.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the year from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.16 per unit (2020: Re 0.08 per unit).

13 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2021 and June 30, 2020.

15 TOTAL EXPENSE RATIO		

The Total Expense Ratio (TER) of the Fund as at June 30, 2021 is 4.34% (2020: 3.83%) which includes 0.60% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP, Shariah advisors fee. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

16 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the Management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

19 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Financial risk management objectives and policies:

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and interest rate risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the SECP.

19.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and the regulations laid down by the SECP.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2021, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.177 million (2020: Rs. 0.025 million).

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2021, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2021 can be determined as follows:

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2021, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 5.784 million (2020: Rs.5.181 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

19.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining year at the end of the reporting year to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

19.3 Credit risk

19.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

2021		2020	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

(Rupees in '000)

Balances with banks	18,782	18,782	3,214	3,214
Investments	578,360	-	518,105	-

Deposits and other receivable	2,663	2,663	2,696	2,696
	609,820	31,460	562,998	44,893

The difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in equity securities of Rs 578.360 million (2020: Rs 518.105 million) is not exposed to credit risk.

19.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued on bank balances, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2021	2020
AAA	92.16	0.93
AA+	6.92	88.29
A+	0.92	10.78
	100.00	100.00

19.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2021, the Fund held the following financial instruments measured at fair values:

	2021		
	Level 1	Level 2	Level 3
	(Rupees in '000)		
Financial assets			
At fair value through profit or loss	578,360	-	-
	2020		
	Level 1	Level 2	Level 3
	(Rupees in '000)		
Financial assets			
At fair value through profit or loss	518,105	-	-

21 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 19, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

26 CORRESPONDING FIGURES

Corresponding figures have been re-classified and re-arranged in these financial statements, wherever necessary to facilitate comparison and to conform with changes in presentation in the current year. No significant rearrangements or reclassifications have been made in these financial statements during the current year.

27 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on Aug 9, 2021 and further amended on Sep 14, 2021 to incorporate the subsequent event as disclosed in note 28.3 of the financial statements.

28 GENERAL

28.1 COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided certain time bound relaxations to CIs operating in Pakistan in order to provide temporary relaxation against covid pandemic. All of the relaxations provided have expired prior to June 30, 2021.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

28.2 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

28.3 Subsequent events

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP. All the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund. Had the provision for SWWF not been incorporated in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.16 per unit (2020: Re 0.08 per unit).

Report of the *Shari'ah* Advisor –Meezan Pakistan Exchange Traded Fund

August 2, 2021/ Dhu Al-Hijjah 22, 1442

Alhamdulillah, the period from October 06, 2020 to June 30, 2021 was the 1st year of operations of Meezan Pakistan Exchange Traded Fund (MPETF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 14.4 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MPETF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MPETF as on June 30, 2021 and their evaluation according to the screening criteria established by us. TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN PAKISTAN EXCHANGE TRADED FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Pakistan Exchange Traded Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the period from October 06, 2020 to June 30, 2021 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Pakistan Exchange Traded Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Pakistan Exchange Traded Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2021, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the period from October 6, 2020 to June 30, 2021, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2021, and of its financial performance and its cash flows for the period from October 6, 2020 to June 30, 2021 in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer notes 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2021 amounted to Rs. 38.827 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2021 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">Tested the design and operating effectiveness of the key controls for valuation of investments;Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2021 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; andRe-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events

MIL

or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM OCTOBER 6, 2020 TO JUNE 30, 2021**

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Meezan Pakistan Exchange Traded Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on January 9, 2020 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The Management Company has been granted license by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2 The Fund is a Shariah Compliant Exchange Traded Fund that aims to provide investors an opportunity to track the performance of Meezan Pakistan Index (MZNPI) that has been constituted and is maintained by the Management Company, and comprises of shariah compliant equity securities selected with high consideration towards market capitalisation and traded value. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3 The Fund is a hybrid type of Fund having features of both open and closed end funds. A new concept of "Authorised Participants "APs" has been introduced who will act as market makers. The Management Company will only have contact with the APs for issuance and redemption of units. The units of the Fund are tradeable in the Pakistan Stock Exchange Limited (PSX). The APs to whom the units are issued may either keep the units with themselves or trade in the PSX. Consequently, upon trading, the holder of the units keeps on changing. Moreover, on issuance and redemption of units, the basket of shares will be exchanged between AP and Management Company and cash will be paid / received if there is a difference in the applicable net asset value of a creation unit and the market value of the portfolio deposit.
- 1.4 The Fund is an Open Ended Exchange Traded Mutual Fund categorised as "Listed Index Tracking Fund" and is listed on Pakistan Stock Exchange (PSX) Limited.
- 1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.
- 1.6 As per the Offering Document approved by the SECP, the accounting period, in case of the first such period, shall commence from the date on which the trust property is first paid or transferred to the Trustee. Accordingly, these financial statements have been prepared from October 6, 2020. Hence, there are no corresponding figures for the period.
- 1.7 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2020 (2020: AM1 dated December 31, 2019) and by PACRA dated June 23, 2021 (2020: AM1 dated June 26, 2020). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.8 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Various new requirements including registration under the Act have been introduced. The Management Company after fulfilling the requirement for registration of Trust Deed under the Act, has submitted Collective Investment Scheme Trust Deed to Registrar acting under the Act for registration.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIII A of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017 part VIII A of the repealed Companies Ordinance, 1984, the NBFC Rules and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 part VIII A of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6) and provision for taxation (note 4.13 and 15).

3.4 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

3.5 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

a) Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

b) Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.3.5 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

4.8 Issue and redemption of units

Authorised Participant can purchase the units at the offer price and redeem at the redemption price at any of the authorised distribution offices during business hours.

The offer price shall be equal to the sum of:

- The Net Asset Value (NAV) as of the close of the previous business day (historical pricing);
- Such amount as the Management Company may consider an appropriate provision for duties and charges

Units of the Fund may be acquired or redeemed directly from the Fund only in Creation Units lot size or multiples thereof as mentioned in the Offering Document. Investors can sell the units at market prices on PSX which may be above or below actual NAV of the Fund.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period.

As clarified by the SECP vide its letter no. SCD/AMCW/ETF/240/2020 dated March 2, 2020 that element of income in case of Exchange Traded Funds shall be taken to Income Statement both at the time of issuance and redemption of units to the extent it pertains to Income Statement.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on balances with banks is recognised on a time proportion basis using the effective yield method.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015, is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the period after taxation of the Fund by the weighted average number of units outstanding during the period.

Earnings / loss per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 11.1** According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes. During the period from October 6, 2020 to June 30, 2021, non-Shariah compliant income amounting to Rs 0.04 million was charged as an expense in the books of the Fund. This will be distributed as charity after the approval of the Shariah Advisor.

- 11.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from October 6, 2020 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.03 per unit.

14 TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund based on the current period results is 1.42% which includes 0.43% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund (if any), sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Index Tracking Fund.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the period ended June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the period.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Furthermore, Super tax introduced in Finance Act, 2015 is also not applicable on funds as Section 4B of Income Tax Ordinance, 2001.

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and profit rate risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the SECP.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and the regulations laid down by the SECP.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2021, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the period from October 6, 2020 to June 30, 2021 and net assets of the Fund would have been higher / lower by Rs. 0.012 million.

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2021 the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio and profit rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2021 can be determined as follows:

Effective profit rate (%)	2021				Total
	Exposed to yield / profit rate risk			Not exposed to yield / profit rate risk	
	Up to three months	More than three months and up to one year	More than one year		

(Rupees in '000)

Off-balance sheet gap (b) - - - - -

Total profit rate sensitivity gap (a+b) 1,186 - -

Cumulative profit rate sensitivity gap 1,186 1,186 1,186

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from its investments in equity securities. The Fund manages its price risk arising from investment in the equity securities by diversifying its portfolio within the eligible limits prescribed in the Fund's constitutive documents, the NBFC Regulations and circulars issued by the SECP from time to time. The Fund's equity investments and their fair values exposed to price risk as at the period end are concentrated in the sectors given in note 6.1.

In case of 1% increase / decrease in MZNPI on June 30, 2021, with all other variables held constant, the total comprehensive income of the Fund for the period from October 6, 2020 to June 30, 2021 would increase / decrease by Rs. 0.388 million and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the MZNPI, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the MZNPI, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the MZNPI.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the period from October 6, 2020 to June 30, 2021.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

----- 2021 -----

	155	-	-	-	-	155
Net assets / (liabilities)	1,405	-	-	-	38,827	40,232

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2021	
	Balance as per statement of assets and	Maximum exposure to credit risk
	Rupees in '000	
Balances with bank	1,208	1,208
Investments	38,827	-
Dividend receivable	295	295
Other receivables	57	57
	<u>40,387</u>	<u>1,560</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in equity securities of Rs. 38.827 million is not exposed to credit risk.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements with banks and profit accrued on bank balances and dividend receivable. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk 2021
AAA	100.00%

18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2021, the Fund held the following financial instruments measured at fair values:

	----- 2021 -----	
	Level 1	Level 2
	----- (Rupees in '000) -----	
Financial assets 'at fair value through profit or loss'		
Shares of listed companies - 'ordinary shares'	38,827	-

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

25 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on Aug 9, 2021 and further amended on Sep 14, 2021 to incorporate the subsequent event as disclosed in note 26.3 of the financial statements.

26 GENERAL

26.1 COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided certain time bound relaxations to CISs operating in Pakistan in order to provide temporary relaxation against covid pandemic. All of the relaxations provided have expired prior to June 30, 2021.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

26.2 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

26.3 Subsequent events

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP. All the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund. Had the provision for SWWF not been incorporated in the financial statements of the Fund for the period from October 6, 2020 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.03 per unit.

Report of the *Shari'ah* Advisor –Meezan Dedicated Equity Fund

August 2, 2021/ Dhu Al-Hijjah 22, 1442

Alhamdulillah, the period from July 01, 2020 to June 30, 2021 was the Fourth year of operations of Meezan Dedicated Equity Fund (MDEF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah* Advisor, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MDEF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MDEF as on June 30, 2021 and their evaluation according to the screening criteria established by us. (December 31, 2020 accounts of the Investee companies have been used for the following calculations*):

TRUSTEE REPORT TO THE UNIT HOLDERS

MEEZAN DEDICATED EQUITY FUND

Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Dedicated Equity Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2021 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

INDEPENDENT AUDITOR'S REPORT

To the Unit holders of Meezan Dedicated Equity Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Meezan Dedicated Equity Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2021, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2021, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2021 amounted to Rs 990.186 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2021 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none">▪ Tested the design and operating effectiveness of the key controls for valuation of investments;▪ Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2021 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the Management Company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AMC

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

MEEZAN DEDICATED EQUITY FUND
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Meezan Dedicated Equity Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on October 9, 2017 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The Management Company has been granted license by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2 The Fund has been formed to enable the unit holders to participate in a diversified portfolio of securities, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3 The Fund is an open-end Shariah Compliant Equity Scheme. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited.
- 1.4 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.
- 1.5 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2020 (2020: AM1 dated December 31, 2019) and by PACRA dated June 23, 2021 (2020: AM1 dated June 26, 2020). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6 The Trust Act, 1882 has been repealed due to promulgation of Provincial Trust Act "Sindh Trusts Act, 2020" (the Act) as empowered under the Eighteenth Amendment to the Constitution of Pakistan. Various new requirements including registration under the Act have been introduced. The Management Company after fulfilling the requirement for registration of Trust Deed under the Act, has submitted Collective Investment Scheme Trust Deed to Registrar acting under the Act for registration.

2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017 part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2020. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on or after July 1, 2021. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6) and provision for taxation (note 4.13 and 15).

3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

4.3 Financial assets

4.3.1 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

4.3.2 Classification and subsequent measurement

a) Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

b) Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

4.3.3 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

4.3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

4.3.5 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement currently, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on balances with banks is recognised on a time proportion basis using the effective yield method.

4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

4.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015, is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / loss per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

6.1.1 All shares have a nominal value of Rs 10 each except for the shares of Agriauto Industries Limited, Dynea Pakistan Limited and Shabbir Tiles and Ceramics Limited which have a nominal value of Rs 5 each and K-Electric Limited which have a nominal value of Rs 3.5 each.

6.1.2 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgment on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs had filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh had issued notices to the relevant parties and had ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the Management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2021, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 0.365 million (2020: Rs. 0.257 million).

- 7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend paid to the Fund has been deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends as at June 30, 2021 amounts to Rs 1.296 million (June 30, 2020: Rs. 1.296 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends has been shown as other receivables as at June 30, 2021 as, in the opinion of the Management, the amount of tax deducted at source will be refunded.

On net assets:	
- up to Rs. 1 billion	Rs 0.7 million or 0.2% per annum of net assets, whichever is higher.
- over Rs. 1 billion	Rs 2 million plus 0.1% per annum of net assets exceeding Rs 1 billion

9.2 During the year, an amount of Rs. 0.234 million (2020: Rs. 0.236 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.225 million (2020: Rs. 0.253 million) was paid to the Trustee which acts as a collecting agent.

10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN (SECP)

In accordance with the NBFC Regulations, 2008, a collective investment scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Accordingly, the Fund has charged the SECP Fee at the rate of 0.02% (2020: 0.02%) of average annual net assets of the Fund during the current year.

11.1 According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes. Accordingly, an amount of Rs. 1.189 million (June 30, 2020: Rs. 1.467 million) is outstanding in this regard.

- 11.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.23 per unit (2020: nil).

14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2021 is 2.45% (2020: 3.70%) which includes 0.78% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund (if any), sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2021 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Furthermore, Super tax introduced in Finance Act, 2015 is also not applicable on funds as Section 4B of Income Tax Ordinance, 2001.

18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and profit rate risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the SECP.

18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2021, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.09 million (2020: Rs. 0.18 million)

b) Sensitivity analysis for fixed rate instruments

As at June 30, 2021 the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2021 can be determined as follows:

2021

(ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2021, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 9.90 million (2020: Rs. 5.96 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2021 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

	----- 2021 -----						Total

18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2021		2020	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	Rupees in '000		Rupees in '000	
Balances with banks	10,265	10,265	22,127	22,127
Investments	990,186	-	595,501	-

	<u>1,023,138</u>	<u>32,952</u>	<u>625,552</u>	<u>30,051</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in equity securities of Rs. 990.186 million (2020: Rs. 595.501 million) is not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent control established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2021	2020
AAA	16.15%	-
AA+	57.67%	98.80%
A+	24.48%	0.46%
AA	1.70%	0.74%
	<u>100.00%</u>	<u>100.00%</u>

18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs. 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

25 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue by the Board of Directors of the Management Company on Aug 9, 2021 and further amended on Sep 14, 2021 to incorporate the subsequent event as disclosed in note 26.3 of the financial statements.

26 GENERAL

26.1 COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts. The Securities and Exchange Commission of Pakistan (SECP) had provided certain time bound relaxations to CISs operating in Pakistan in order to provide temporary relaxation against covid pandemic. All of the relaxations provided have expired prior to June 30, 2021.

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

26.2 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

26.3 Subsequent events

Subsequent to the year ended June 30, 2021, SRB through its letter dated August 12, 2021 has intimated MUFAP that the mutual funds do not qualify as Financial Institutions / Industrial Establishments and are therefore, not liable to pay the SWWF contributions. This development was discussed at MUFAP level and was also been taken up with the SECP. All the Asset Management Companies, in consultation with SECP, have reversed the cumulative provision for SWWF recognised in the financial statements of the Funds, for the period from May 21, 2015 to August 12, 2021, on August 13, 2021. The SECP has given its concurrence for prospective reversal of provision for SWWF vide its circular dated August 30, 2021. Accordingly, going forward, no provision for SWWF would be recognised in the financial statements of the Fund. Had the provision for SWWF not been incorporated in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2021, the net asset value of the Fund as at June 30, 2021 would have been higher by Re. 0.23 per unit (2020: nil).
