# OUR CORE VALUES

SHARIAH COMPLIANCE

PROFESSIONAL EXCELLENCE

ETHICAL STANDARDS

SERVICE EXCELLENCE

SOCIAL RESPONSIBILITY

## Our Core Values are the 5 pillars of our foundation.

---

They reflect and reinforce our character and standing as an organization. These values depict the paradigm of our internal and external expectations: Our dealings with members of the organization, our customers, the shareholders & the communities we serve. Our corporate culture is based on these values and serves as a beacon of guidance for all our employees.

Our values are not about what we do or how we do it infact they are about who we are and why we exist. These values, which fuel our drive to achieve newer milestones at every step of our journey to success are:

### Shariah Compliance

We ensure that all business operations and activities are Shariah compliant. As a Shariah Compliant entity we are also accountable for ensuring that rulings and decisions made by the regulators, Shariah Board and Shariah Advisors are complied with across the organization.

### Ethical Standards

We practice high ethical standards at work and in our services. Maintaining high ethical standards in the workplace translates in prioritizing the interest of the client, acting with integrity, competence and diligence, and respecting our dealings with the public, clients, prospective clients and colleagues.

### Professional Excellence

Professional excellence is about achieving excellence as an employee. It is at the core of being a "professional." Ensuring our approach to work and the people we work with - supervisors, colleagues and / or customers - is in a professional & respectful manner.

### Social Responsibility

We work in an ethical framework, which suggests that as an entity we have an obligation to act for the benefit of our society at large. We want to contribute towards sustainable development not only through our products but also through the way we conduct business.

### Service Excellence

Service excellence is an attitude engrained in every department and employee. From support staff to the CEO, we simply go beyond delivering products and helping customers achieve their financial objectives. It is essential that we provide a unique customer experience by proactively anticipating and exceeding customers' needs every time. Excellence is a consistent, premium service at every point of contact which is set by our service-oriented tone that drives our company's strategy at every level.

# VISION

To make Shariah Compliant investing a first choice for investors.

# MISSION

To establish Al Meezan as a leading and trusted brand for savings and investments by offering innovative Shariah compliant investment solutions through ethical conduct, value added services and optimal returns, while protecting the interest of all stakeholders

### **Economic Review**

The economy continued to face challenges in the outgoing Fiscal Year 2020, with a negative real GDP of 0.4% as against a target of 2.4%. The year started off with finalization of the IMF program and the government taking successful measures to help stabilize the economy and put the country on a growth path. The outbreak of COVID-19 has, however, hampered the economic activity across the world. To alleviate the adverse economic impact of the pandemic, government has taken measures both on the fiscal and monetary front. The Federal government has announced a Rs. 1.2 trillion relief package to

support the economy, while the State Bank of Pakistan (SBP) has allowed for deferral of principal repayments for one year and has also provided concessional financing for employee retention and capital financing purposes. The government has also received financial support in the form of deferment of debt repayment from G-20 countries and loans from multilateral agencies to provide the much-required budgetary support to fight off adverse economic impact of the pandemic.

Average national CPI for FY20 stands at 10.7% YoY. Monthly CPI Inflation peaked in Jan-20 to 14.6% YoY, while a notable decline followed as CPI in Jun-20 dipped to 8.6% YoY. The inflation outlook has improved in light of the recent deceleration in domestic food prices, sharp fall in global oil prices, and a slowdown in external and domestic demand due to the pandemic. Inflation outlook for fiscal year 2021 remains in the range of 7-9%, but supply-side shocks due to locust attack and demand surge in the second half of the year might create some volatility. In the wake of falling imported inflation and central bank's aim to stimulate the economy by bringing forward real interest rate to zero, SBP since March 20 slashed policy rate by a cumulative 625bps in five tranches to 7.0%. Development on the fiscal side has continued to gain traction on account of broad-based taxation reforms and strict control over non-development expenditures. In FY20, FBR surpassed its revised tax collection target by 4.3% YoY to Rs. 3,989 billion, but much lower than its pre-COVID target. On the expenditure side, apart from a hefty rise in debt servicing, PSDP spending was revised down to Rs. 645 billion during FY20 compared to Rs 678 billion in the year before, with fiscal deficit for FY20 clocking in at 9.1% of GDP. On the financing side, federal government debt increased by Rs. 2.7 trillion in 11MFY20 to Rs. 34.5 trillion, with almost all of this increase coming from funds raised through PIBs and saving schemes.

The external sector continued to improve substantially with a sizeable reduction in the Current Account Deficit (CAD) from USD 13.43 billion in FY19 to USD 2.97 billion in FY20, a decrease of 78% YoY. This contraction was attributable to the decline in trade deficit of 30% to USD 22.75 billion in FY20 as imports fell by 19% to USD 50.70 billion; exports, in comparison, decreased by a lower 8% to USD 27.95 billion mainly due to lockdown in the last quarter of FY20. Disbursement under the IMF along with inflows from other multilateral partners and reduction in current account deficit (CAD) helped SBP foreign exchange reserves improve to around USD 12 billion at FY20 end, showing a substantial gain from the USD 7.3 billion number at the end of FY19. Exchange rate during FY20, for the most part, remained largely stable and slightly appreciated versus USD, however since Mar-20, Pak Rupee depreciated against US dollar on account of outflows of foreigners from debt market and decline in interest rate. During FY20, Pak Rupee depreciated by 5% and closed at with PKR/USD exchange rate of PKR 168/ USD on June-20.

### **Money Market Review**

Fiscal Year 2020 started with a peaked out interest rate, whereby policy rate touched its highest level of 13.25% in July 2019 (highest since July 2011:13.50%). The policy rate upheld this level for eight months of the fiscal year, due to rising inflation in the country mainly fueled by higher food and oil prices. However, due to sudden worldwide outbreak of the pandemic (COVID-19) and its unprecedented negative impact on Pakistan's economy, the Central Bank shifted its stance towards aggressive monetary easing whereby slashing the policy rate by a cumulative 625 bps and bring it down to 7.0% by the end of FY 2020. The Central Bank's decision is attributable to an improved inflation outlook and increasing downside risks to growth. In other words, the main concern shifted from high inflation to subdued or negative growth anticipated in view of global slowdown due to pandemic.

During the period under review, KIBOR rates witnessed a steep decline, whereby 3-months, 6-months and 12-months KIBOR rates were down by 571 bps, 587 bps and 628 bps, respectively; the rates clocking in at 7.26%, 7.24%, and 7.35%. On the other hand, in the secondary market, PIB yields declined

in the range of 500 bps to 630 bps, whereby 3-year bond yield closed at 7.53% (down by 630 bps), 5-year bond yield closed at 8.11% (down by 574 bps), and 10-year bond yield closed at 8.69% (down by 501 bps). A similar trend was witnessed in the shorter tenor government paper yields, which were down in the range of 560 bps to 608 bps. On the liquidity front, the money market remained stable due to continuous OMO injections from SBP where the Central Bank ensured that the overnight money market remains close to the policy rate. During FY20, SBP borrowed Rs. 14.05 trillion through T-Bills against the maturity of Rs. 14.30 trillion. On the other hand, SBP accepted Rs. 2.36 trillion through long term PIBs (Fixed + Floater) against the maturity of Rs. 1.09 trillion. Going forward, the Debt Office is committed to elongate the maturity profile of domestic debt of the country by introducing 3-year and 5-year floating rate bonds. Due to a huge stock of government debt concentrated in treasury bills, the current maturity profile of the domestic debt is skewed towards shorter tenor instruments. To counter this, the Debt Office will encourage investments in longer tenor floating plus fixed-rate bonds by offering attractive spreads to the market participants.

Description	Jun-19	Jun-20	Difference
KIBOR 3 Months	12.97%	7.26%	-5.71%
KIBOR 6 Months	13.11%	7.24%	-5.87%
KIBOR 12 Months	13.63%	7.35%	-6.28%
T-Bill 3 Months	12.75%	7.09%	-5.66%
T-Bill 6 Months	12.85%	7.05%	-5.80%
T-Bill 12 Months	13.13%	7.05%	-6.08%
PIB 3 Year	13.85%	7.53%	-6.32%
PIB 5 Year	13.88%	8.11%	-5.77%
PIB 10 Year	13.72%	8.69%	-5.03%

On the Islamic money market front, market participants were overjoyed by the issuance of long-awaited Pakistan Energy Sukuks II (PES-II). Using the book building system of PSX, Rs. 200 billion was raised to ease out the circular debt crises of the country – Asset Management Companies invested over Rs. 23 billion through a diverse universe of mutual funds. In addition to PES-II, to finance the budget deficit of the country, the central bank also raised Rs. 198 billion the issuance of a series of floating rate Ijarah Sukuks. Issuance of these instruments provided much-needed relief to the Islamic money market participants and helped ease out the excess liquidity available in the market. Furthermore, the corporate sector continued to raise funds through Sukuks and Islamic Commercial Papers, which played a crucial role in absorbing some portion of excess liquidity available with Islamic institutions.

### Equity Review

During the Fiscal Year 2020, the KMI-30 index remained volatile but eventually ended up flat, rising by mere 1.6% to 54,995 points while the KSE-100 index posted a rise of 1.4% to reach 34,422 points in the same period. The market started the year on a weak note, whereby the index declined by 5% during the first quarter, however, subsequently reversed its trend in the next few months till early Jan-20 to reach the nine months FY20 peak, i.e. KSE-100 index to the level of 43,219 points. The index staged an impressive rally due to improving external account prospects and drop in secondary market yields. However, since reaching its peak during the period under review, the market witnessed an abnormal drop during the third quarter as COVID 19 pandemic shook the foundations of the global economy and world markets. This downfall, particularly in March, erased all the gains which the market had made since the month of Aug-19 and accordingly, KMI-30 and KSE-100 index made new low of 41,365 points and 27,229 points respectively in Mar-20. Healthy recovery of 18% was witnessed in the stock market during the fourth quarter of FY20 as sharp cut in policy rate, attractive valuations and buying by local

institutions and individuals helped the market to recover despite augmented foreign selling. Among the positive macroeconomic news worth highlighting are hefty cut in policy rate, Government support package worth PKR 1.2 trillion, reduction in Current Account Deficit, and support from international lending agencies, dissipating external account concerns.

Participation in the market improved during the FY20 with the KMI-30 index volumes up by 42% to 76 million shares and KSE-100 index volumes rising by 38% to 134 million shares. Macroeconomic landscape saw improvement during most of the year, however, was ultimately negatively impacted from the pandemic whereby real GDP dropped by 0.4% for FY20; FBR targets were also scaled back to incorporate the impact of lockdown. Nevertheless, a marked improvement over last year for many indicators was witnessed, whereby current account deficit saw a substantial decline surpassing analyst estimates, SBP foreign exchange reserves improved, and primary fiscal deficit also declined. After aggressively raising interest rate till July-19, the State Bank of Pakistan (SBP) maintained status quo in the following three monetary policy meetings. From the month of Mar-20, we saw aggressive rate cuts by the State Bank as the negative impact of the pandemic became evident with the priority of monetary policy appropriately shifting towards supporting growth and employment instead of curbing inflation. Overall the policy rate was slashed by a cumulative 625 bps since March to 7.0% in June, apart from various other relief measures for businesses. After meeting all the targets for Sep-19 quarter review and receiving the respective quarterly tranche, the subsequent quarter tranche of Dec-19 was delayed. However, due to pandemic, Pakistan approached the IMF for additional funding requirement of USD1.4 billion which was received, while further inflows from other multilateral agencies helped improve the SBP reserves. Despite limited resources, the government has done well to support businesses by announcing a tax-free budget while giving concession to various industries, especially the construction sector.

Local political noise also somewhat settled after the former Prime Minister was allowed to travel abroad on medical grounds and the Islamabad sit-in by opposition parties ended peacefully. Government also managed to get approval for the bill that provided legal cover to Army Chief's term extension. Tensions on the border with India remained elevated after the abrogation of article 370 in Occupied Kashmir. Despite speculations, the Federal Budget was passed in parliament with a comfortable majority.

MSCI EM Index, after rising by 6% during the first half of FY20, also plunged during the third quarter FY20 period by 24% due to the pandemic as effects of lockdowns to prevent the spread of the coronavirus in the frontier and emerging markets started taking a toll on the economies and investors preferred flight to safety. In response to fighting economic slowdown, a coordinated response from Central Banks saw substantial monetary easing globally; while quantitative easing by developed countries saw equities rebounding globally during the fourth quarter. MSCI EM consequentially recovered by 17% during the fourth quarter, resulting in an overall FY20 drop of 6%. MSCI World Index fared better than EM index with lower drop in the second half due to pandemic and closed the year with a slight rise of 1% for FY20. US Emerging Market ETFs pulled out around USD 10.1 billion from EM markets, illustrating a preference for safety owing to turbulent economic conditions in the EM region. A bulk of the outflows aggregating up to USD 9.9 billion were made from equity ETFs while remaining outflows were from ETFs of Fixed Income and other asset classes.

Oil prices remained on the higher side in the first six months of the fiscal year after events unfolded that threatened to upset the security of the Middle East region. However, from Feb-20 onwards, the impact of coronavirus led to a substantial drop in global oil demand and disagreement between Saudi Arabia and Russia over additional output cut led to the breakup of OPEC+ cartel. Brent crude at one point in Apr-20 plunged till USD19/barrel, the lowest since 2002. Oil prices have since rebounded on

the back of reformation of OPEC+ cartel and resumption of global economic activity, closing at USD41/barrel. The Arab light crude oil, which is more relevant for our economy, dropped by 48% in FY20 to reach USD35/barrel. This drop in oil prices is beneficial from the perspective of import bill reduction and softening inflationary pressures; however, it also negatively impacted index heavyweight oil stocks.

#### **Major contributors to the Index:**

Among the key sectors, Pharmaceutical, Technology, and Cement were the best performing sectors. The top contributing stocks in the KMI-30 index in FY20 were:

<b><u>Major Positive Contributors to the Index</u></b>	<b><u>Contribution to KMI-30 (Points)</u></b>	<b><u>Total Return (%)</u></b>
Engro Corporation Ltd	1,141	+19.3
Lucky Cement Ltd	912	+23.6
Mari Petroleum Co. Ltd	750	+35.4
DG Khan Cement Co. Ltd	512	+53.6
Searle Co. Ltd	437	+38.0

On the flip side, Power, Oil Exploration, and Textile sectors were amongst the worst performing sectors. The key laggards in the KMI-30 index during the period were:

<b><u>Major Negative Contributors to the Index</u></b>	<b><u>Contribution to KMI-30 (Points)</u></b>	<b><u>Total Return (%)</u></b>
Pakistan Petroleum Ltd	-1,427	-26.8
Oil & Gas Development Co. Ltd	-645	-12.2
Sui Northern Gas Pipeline Ltd	-276	-21.4
K-Electric Ltd	-248	-31.4
Sui Southern Gas Co. Ltd	-151	-35.5

The overall movement of the KMI-30 during the period can be observed in the following graph:

**Equity Flows:**

Foreigners remained net sellers again in the market during FY20, generating a total outflow of around USD285 million. Selling was mainly concentrated in the Oil and Gas Exploration (94.75 million), Commercial Banking (75.78 million), and Cement (63.67 million) sectors. Supply was absorbed primarily by Individuals and Insurance companies with nets inflows of USD 213 million and USD 128 million, respectively. Other key net sellers during the year were Banks/DFI's and mutual funds whose net sell amounted to USD 55 million and 50 million, respectively. Mutual Funds were net sellers mainly in the first half of FY20 while the second half saw slight inflow from their side.

**Mutual Fund Industry Review**

During FY20, AUMs of the mutual fund industry size increased by 44.1% to Rs. 764 billion. Shariah Compliant AUMs increased by a whopping 66.2% to Rs. 326 billion, which brings the share of Shariah Compliant funds at 42.6% in the mutual fund industry. The main contribution for this 66% increase in AUMs of Shariah compliant funds was due to stellar increase in AUMs of Al Meezan by 66%.

Al Meezan's share in the Mutual Funds industry stood at 19.9%, while amongst Shariah-Compliant Funds, it had a market share of 46.7% as of June 30, 2020. The company increased its market share by 272 basis points within the overall mutual fund industry and increased 19 basis points within the Shariah-Compliant segment of the industry.

The change in AUMs of industry of FY20 over FY19 is as under;

## Outlook

After suffering the first ever multi-decade decline in GDP by -0.4%, economic activity is expected to improve going forward with the Government projecting real GDP growth of 2.1%, 4.0%, and 4.5% for FY21-23. Furthermore, inflation is anticipated to drop from 10.7% in FY20 to around 7.0% in FY21. The decline in inflation is expected to keep the interest rates sticky at the current low level. The hefty decline in interest rates bodes well for both government and private sector borrowers. Governments around the world are working to stimulate the economy, and multilateral agencies have decided to provide additional support to emerging economies that will bear most of the impact of the pandemic. Going forward, the Government is committed to issuing more fixed and floating rate Ijarah Sukuks, which will further enhance market participants' ability to deploy funds at attractive yields. The decision by the Government to restrict institutional investor from participation in the National Savings Scheme should also bode well for Mutual Funds in future.

After three difficult years due to economic issues of high currency devaluation, rising interest rate, and slowing economic activity, the medium-term outlook for the stock market has now greatly recuperated due to low interest rate outlook, subdued devaluation going forward, and improving economic growth prospects. The sizable decline in interest rate has noticeably increased the attraction of equities, owing to a substantial drop in the appeal of fixed income alternatives, making it a preferred asset class among investors. We also expect foreign selling to taper off compared to prior years on account of limited devaluation going forward (a major concern for foreigners in last few years) and attractive Price to Earnings multiple. With the pandemic gradually coming under control, economic activity has rebounded locally as well as globally, suggesting that corporate earnings are also set to improve in the coming quarters.

اقتصادی جائزہ

جانے والے مالی سال 2020 میں بھی معیشت کو مسلسل چیلنجز کا سامنا رہا اور معاشی نمو 2.4 فی صد کے ہدف کے مقابلے میں منفی 0.4 فی صد ریکارڈ کی گئی۔ سال کا آغاز، آئی ایم ایف پروگرام کو حتمی شکل دینے اور ملک کو ترقی کی راہ پر گامزن کرنے کے لیے معیشت کو استحکام بخشنے کے کامیاب حکومتی اقدامات سے ہوا۔ البتہ، کوویڈ-19 نے دنیا بھر میں معاشی سرگرمیوں کو متاثر کیا ہے۔ عالمی وبا کے منفی معاشی اثرات کو ختم کرنے کے لیے، حکومت نے زری اور مالیاتی، دونوں شعبہ جات میں اقدامات لیے ہیں۔ معیشت کو سہارا فراہم کرنے کے لیے وفاقی حکومت نے 1.2 ٹریلین روپے کے مالیاتی پیکیج کا اعلان کیا ہے، جبکہ بینک دولت پاکستان نے بنیادی قابل واپسی رقم کی ادائیگی ایک سال کے لیے مؤخر کرنے کی اجازت دینے کے ساتھ ساتھ ملازمین کو برقرار رکھنے اور کیپٹل فنانسنگ کے مقاصد کے تحت رعایتی شرائط پر سرمایہ بھی فراہم کیا، حکومت نے بھی جی-20 ممالک اور کثیرالجہتی اداروں سے قرضہ جات کی ادائیگی مؤخر ہونے کی شکل میں مالیاتی ریلیف حاصل کیا، جس سے وبا کے منفی معاشی اثرات سے نمٹنے کے لیے ضروری بجٹ سپورٹ حاصل ہوگی۔

مالی سال 2020 میں سالانہ اوسط سی پی آئی افراط زر کی شرح 10.7 فی صد رہی۔ سالانہ بنیاد پر، سی پی آئی افراط زر میں سب سے زیادہ اضافہ 14.6 فیصد شرح کے ساتھ جنوری 2020 میں ہوا، جس کے بعد سی پی آئی افراط زر میں قابل ذکر کمی دیکھی گئی اور جون 2020 میں سی پی آئی افراط زر 8.6 فیصد کی شرح تک گر گئی۔ ملکی سطح پر کھانے پینے کی اشیاء کی قیمتوں میں حالیہ کمی، عالمی سطح پر تیل کی قیمتوں میں زبردست گراؤ، اور وبا کے باعث بیرونی اور اندرونی بیرونی طلب میں کمی کے نتیجے میں مہنگائی کی توقعات میں کمی ہوئی ہے۔ مالی سال 2021 میں افراط زر کی شرح 9-7 فیصد کے درمیان رہنے کی توقع ہے، تاہم ٹڈی کے حملے اور طلب میں اضافے کے نتیجے میں، سال کے دوسرے حصے میں اتار چڑھاؤ دیکھا جاسکتا ہے۔ درآمدی مہنگائی میں کمی، اور معیشت کو سہارا دینے کے لیے مرکزی بینک کی جانب سے ریٹیل انٹرسٹ ریٹ کو صفر پر لانے کے لیے، بینک دولت پاکستان نے 20 مارچ سے پانچ اقساط میں شرح پالیسی میں 625 بیس پوائنٹس کٹوتی کرتے ہوئے اسے 7 فیصد کر دیا ہے۔ وسیع پیمانے پر ٹیکس اصلاحات اور غیر ترقیاتی اخراجات پر سخت کنٹرول کے ذریعے حکومت کے مالیاتی معاملات کو بہتر بنانے پر توجہ دی جا رہی ہے۔ مالی سال 2020 میں ایف بی آر نے 3,989 ارب روپے کے محصولات اکٹھے کیے، جو کہ ازسرنو مقرر کردہ ہدف سے 4.3 فیصد زائد ہیں، تاہم یہ قبل از کوویڈ ہدف کے مقابلے میں قابل ذکر حد تک کم ہیں۔ اخراجات پر نظر ڈالیں تو، قرضہ ادائیگی میں بھاری بھارے اضافے کے علاوہ، مالی سال 2020 میں وفاقی ترقیاتی بجٹ (پی ایس ڈی پی) کو کم کر کے 645 ارب روپے کر دیا گیا، جو کہ اس سے پیشتر سال میں 678 ارب روپے تھا، اس طرح مالی سال 2020 میں مالی خسارہ جی ڈی پی کا 9.1 فیصد رہا۔ فنانسنگ کو دیکھا جائے تو، مالی سال 2020 کے 11 ماہ میں، حکومتی قرض 2.7 ٹریلین روپے اضافے کے ساتھ 34.5 ٹریلین روپے کی سطح پر جا پہنچا، اور تقریباً یہ سارا اضافی سرمایہ پی آئی بیز اور بچت اسکیموں کے ذریعے حاصل کیا گیا۔

بیرونی شعبہ میں قابل ذکر بہتری آئی اور مالی سال 2019 میں 13.43 ارب ڈالر کے رواں کھاتے کے خسارے کے مقابلے میں مالی سال 2020 میں یہ کم ہو کر 2.97 ارب ڈالر رہ گیا، جو کہ 78 فیصد کمی ہے۔ اس کمی کی وجہ، مالی سال 2020 میں درآمدات 19 فیصد کمی کے بعد 50.70 ارب ڈالر کی سطح پر آ جانے کے نتیجے میں تجارتی خسارہ 30 فیصد کمی کے بعد 22.75 ارب ڈالر رہ گیا۔ اس کے برعکس، برآمدات 8 فیصد کمی کے بعد 27.95 ارب ڈالر رہیں، جس کی بڑی وجہ آخری سہ ماہی میں لاک ڈاؤن کا نفاذ تھا۔ آئی ایم ایف کے تحت ادائیگیوں کے اجرا کے ساتھ کثیرالاجتی اداروں سے ملنے والی رقوم اور رواں کھاتے کے خسارے میں کمی نے مالی سال 2020 کے اختتام کی طرف، بینک دولت پاکستان کے غیر ملکی زرمبادلہ ذخائر 12 ارب کے آس پاس پہنچانے میں مدد دی، جو کہ مالی سال 2019 کے اختتام پر 7.3 ارب ڈالر کے مقابلے میں قابل ذکر اضافہ ہے۔ مالی سال 2020 کے دوران، زیادہ عرصے تک شرح تبادلہ بڑی حد تک مستحکم رہا اور اس میں معمولی اضافہ ہوا، تاہم مارچ-20 سے قرض مارکیٹ سے غیر ملکیوں کی جانب سے سرمایہ کے اخراج اور شرح سود میں کمی کے باعث امریکی ڈالر کے مقابلے میں پاکستانی روپے کی قدر میں کمی ہوئی۔ مالی سال 2020 کے دوران، پاکستانی روپے کی قدر میں 5 فیصد کمی ہوئی اور جون-20 کو امریکی ڈالر کے مقابلے میں شرح تبادلہ 168 روپے رہی۔

### بازار زر کا جائزہ

مالی سال 2020 کا آغاز بلند شرح سود کے ساتھ، جب جولائی 2019 میں شرح پالیسی 13.25 فیصد کی بلند ترین سطح کو چھو چکی تھی (جولائی 2011 کے بعد سے، جب شرح پالیسی 13.50 فیصد تھی)۔ شرح پالیسی اس سطح پر مالی سال کے آٹھ ماہ تک برقرار رہی، جس کی وجہ غذائی ایشیا اور تیل کی قیمتیں بڑھنے کے باعث ملک میں افراط زر میں اضافہ تھا۔ البتہ، کوویڈ-19 وبا کے دنیا بھر میں پھیل جانے اور پاکستان کی معیشت پر اس کے منفی اثرات سے محفوظ رہنے کے لیے، مرکزی بینک، زری پالیسی میں زبردست نرمی لاتے ہوئے شرح پالیسی میں مجموعی طور پر 625 بیس پوائنٹس کی کمی کرتے ہوئے مالی سال 2020 کے اختتام تک اسے 7.0 فیصد کی شرح پر لے آیا۔ مرکزی بینک کے فیصلے کی وجہ مہنگائی کی شرح میں کمی اور شرح نمو کو درپیش خطرات میں کمی ہے۔

زیر جائزہ عرصے کے دوران، کابینہ کی شرح میں شدید کمی ہوئی اور 3 ماہ، 6 ماہ اور 12 ماہ کابینہ کی شرح بالترتیب 571 بیس پوائنٹس، 587 بیس پوائنٹس اور 628 بیس پوائنٹس کمی کے بعد 7.26 فیصد، 7.24 فیصد اور 7.35 فیصد ہو گئی۔ دوسری طرف سیکنڈری مارکیٹ میں پی آئی بی پر شرح منافع 500 سے 630 بیس پوائنٹس تک گر گئی، 3 سال کے بانڈ پر منافع کی شرح 7.53 فیصد پر (630 بیس پوائنٹس کمی)، 5 سال کے بانڈ پر منافع کی شرح 8.11 فیصد پر (574 بیس پوائنٹس کمی)، جبکہ 10 سالہ بانڈ کی شرح منافع 8.69 فیصد (501 بیس پوائنٹس کمی) پر بند ہوئی۔ قلیل مدتی حکومتی پیپرز پر شرح منافع میں بھی اسی طرح کا رجحان دیکھا گیا اور ان میں 560 بیس پوائنٹس سے 608 بیس پوائنٹس تک کمی ہوئی۔ زریالی کے لحاظ سے، بینک دولت پاکستان کی جانب سے اوپن مارکیٹ آپریشن کے ذریعے رقوم کی مسلسل فراہمی کے باعث بازار زر مستحکم رہا، جہاں مرکزی بینک نے اس بات کو یقینی بنایا کہ قلیل مدتی بازار زر شرح پالیسی کے قریب تر رہے۔ مالی سال 2020 کے دوران، بینک دولت پاکستان نے 14.30 ٹریلین روپے مالیت کے ٹی بلز کی چھٹگی کے مقابلے میں 14.05 ٹریلین روپے قرض حاصل کیا۔ دوسری طرف، بینک دولت پاکستان نے 1.09 ٹریلین روپے مالیت کے طویل مدتی پی آئی بی کی چھٹگی کے مقابلے میں فلوئنگ پی آئی بی کے ذریعے 2.36 ٹریلین روپے کی پیشکش قبول کی۔ آگے چل کر، ڈی بیٹ آفس، 3 سالہ اور 5 سالہ فلوئنگ شرح بانڈ متعارف کروا کر، ملکی قرض پروفائل چھٹگی کو طویل عرصے پر لے جانے کے لیے پر عزم ہے۔ حکومتی قرض، ٹریژری بلز میں زیادہ ہونے کے باعث ملکی قرضوں کا موجودہ میچورٹی (چھٹگی) پروفائل قلیل مدتی انسٹرومنٹس کی طرف جھکا ہوا ہے۔ اس رجحان کی حوصلہ شکنی کے لیے، ڈی بیٹ آفس، مارکیٹ شرکاء کو پرکشش اسپریڈ پیش کر کے طویل مدتی فلوئنگ اور فکس ریٹ بانڈ میں سرمایہ کاری کی حوصلہ افزائی کرے گا۔

اسلامی بازار زر کے محاذ پر، پاکستان انرجی سکوک II (PES-II) کے اجرا پر مارکیٹ شرکا بہت خوش دکھائی دیے۔ پاکستان اسٹاک ایکس چینج کے بگ بلڈنگ سسٹم کو استعمال کرتے ہوئے، ملک کے گردشی قرضوں کے بحران کو کم کرنے کے لیے 200 ارب روپے حاصل کیے گئے۔ ایسیٹ مینجمنٹ کمپنیوں نے میوچل فنڈز کی متنوع کائنات کے ذریعے 23 ارب روپے کی سرمایہ کاری کی۔ ملکی بجٹ خسارے کو پورا کرنے کے لیے پی ای ایس II کے علاوہ، مرکزی بینک نے فلوئنگ شرح پر اجارہ سکوک جاری کر کے 198 ارب روپے حاصل کیے۔ ان انسٹرومنٹس کے اجرا نے اسلامی بازار زر کو مطلوب ریلیف فراہم کیا اور مارکیٹ میں موجود اضافی سیال کو جذب کرنے میں مدد فراہم کی۔ مزید برآں، کارپوریٹ سیکٹور نے سکوک اور اسلامی کمرشل پیپرز کے ذریعے سرمایہ حاصل کرنے کا سلسلہ جاری رکھا، جس نے اسلامی انسٹی ٹیوشنز کے پاس دستیاب اضافی زر سیال کا کچھ حصہ جذب کرنے میں اہم کردار ادا کیا۔

### بازار حصص کا جائزہ

مالی سال 2020 کے دوران، کے ایم آئی-30 انڈیکس میں اتار چڑھاؤ رہا لیکن اس کا اختتام تقریباً سابقہ سطح پر ہوا اور 1.6 فیصد اضافے کے ساتھ 54,995 پوائنٹس پر بند ہوا، جبکہ اسی عرصے کے دوران کے ایس ای-100 انڈیکس 1.4 فیصد اضافے کے ساتھ 34,422 پوائنٹس پر بند ہوا۔ مارکیٹ کا آغاز کمزور ہوا اور ستمبر-19 کی سہ ماہی کے دوران انڈیکس میں 5 فیصد کمی ہوئی، تاہم اس کے بعد کے چند ماہ کے دوران رجحان بدلا اور جنوری-20 کے اوائل میں مالی سال 2020 کے دوران کے ایس ای-100 انڈیکس نو ماہ کی بلند ترین سطح 43,219 پر جا پہنچا۔ مارکیٹ میں متاثر کن تیزی کی وجہ سے بیرونی کھاتوں کی توقعات میں بہتری اور سیکنڈری مارکیٹ ایلڈ (منافع) میں کمی تھی۔ البتہ، زیر جائزہ عرصے کے دوران، اپنی بلند ترین سطح کو چھونے کے بعد، تیسری سہ ماہی کے دوران مارکیٹ میں غیر عمومی انداز میں گراؤ دیکھی گئی، جس کی وجہ کو ویڈیو-19 اور لاک ڈاؤن کے منفی اثرات کے باعث عالمی معیشت اور دنیا بھر کی مارکیٹوں کی بنیادوں کا ہل جانا تھا۔ اس گراؤ، خصوصاً مارچ میں ہونے والی کمی نے، اگست-19 سے مارکیٹ میں آنے والی ساری بہتری کو زائل کر دیا اور اس طرح کے ایم آئی-30 اور کے ایس ای-100 انڈیکس نے مارچ-20 میں مالی سال کی بالترتیب 41,365 پوائنٹس اور 27,229 پوائنٹس کی نئی کم ترین سطح کو چھوا۔ مالی سال 2020 کی چوتھی سہ ماہی کے دوران، پرنسپل ویلیویشن اور مقامی انسٹی ٹیوشن اور افراد کی جانب سے خریداری کے باعث اسٹاک مارکیٹ میں 18 فیصد اضافہ دیکھا گیا اور غیر ملکی سرمایہ کاروں کی جانب سے فروخت کے باوجود مارکیٹ میں مثبت رجحان دیکھا گیا۔ قابل ذکر اقتصادی کلی خبروں میں، شرح سود میں بڑی کٹوتی، 1.2 ٹریلین روپے مالیت کا حکومتی سپورٹ پیکیج، رواں کھاتے کے خسارے میں کمی، اور بین الاقوامی قرض دینے والے اداروں کی جانب سے امداد شامل تھی، جس نے بیرونی کھاتوں سے متعلق خدشات کو ختم کیا۔

مالی سال 2020 کے دوران بازار حصص کی سرگرمیوں میں اضافہ ہوا اور کے ایم آئی-30 انڈیکس میں حصص کے لین دین کا حجم 42 فیصد اضافے کے ساتھ

76 بلین حصص اور کے ایس ای-100 انڈیکس کا حجم 38 فیصد اضافے کے ساتھ 134 بلین حصص رہا۔ سال بھر کے دوران اقتصادی کئی منظر نامے میں بہتری دیکھی گئی، تاہم کورونا وائرس سے پھیلنے والی وبا کے منفی اثرات دیکھے گئے اور مالی سال 2020 کے دوران ریٹیل جی ڈی پی 0.4 فیصد سکڑ گئی، جبکہ لاک ڈاؤن کے اثرات کو دیکھتے ہوئے ایف بی آر کے ہدف میں بھی کمی کی گئی۔ ان سب کے باوجود، گزشتہ سال کے دوران، کئی اشاریوں میں بہتری دیکھی گئی اور رواں کھاتے کے خسارے میں تجزیہ کاروں کی توقعات سے بڑھ کر قابل ذکر کمی ہوئی، بینک دولت پاکستان کے غیر ملکی زرمبادلہ ذخائر میں اضافہ ہوا، پرائمری مالی خسارے میں بھی کمی ہوئی۔ جولائی-19 تک شرح سود میں تیزی سے اضافے کے بعد، بینک دولت پاکستان نے آنے والے تین ماہیٹری پالیسی کمیٹی اجلاس میں اسے بلند ترین سطح پر برقرار رکھا۔ جیسے جیسے وبا کے منفی اثرات ظاہر ہونا شروع ہوئے، مارچ-20 سے ماہیٹری پالیسی کمیٹی کی جانب سے شرح سود میں تیزی سے کمی کا سلسلہ شروع کیا گیا اور مشکل وقت میں ماہیٹری پالیسی کی سمت معاشی نمو اور روزگار میں بہتری کی جانب موڑ دی گئی۔ مجموعی طور پر، مارچ سے شرح سود میں 625 پبیس پوائنٹس کمی دیکھی گئی اور جون میں یہ 7 فیصد کی سطح پر آ گئی، جبکہ کاروباری طبقے کے لیے دیگر کئی ریلیف اقدامات اس کے علاوہ ہیں۔ ستمبر-19 کو ختم ہونے والی سہ ماہی جائزے میں سارے اہداف حاصل کرنے اور متعلقہ سہ ماہی قسط وصول کرنے کے بعد دسمبر-19 سہ ماہی کی قسط میں تاخیر دیکھی گئی۔ البتہ، وبا کے باعث، پاکستان نے آئی ایم ایف سے 1.4 ارب ڈالر کا اضافی سرمایہ حاصل کرنے کے لیے رابطہ کیا، جو پاکستان کو دیا بھی گیا۔ مزید برآں، دیگر کثیرالجہتی اداروں سے رقوم وصولی کے بعد بینک دولت پاکستان کے ذخائر میں بہتری دیکھی گئی۔ محدود وسائل کے باوجود، حکومت نے کاروبار کو سپورٹ کرنے کے لیے ٹیکس فری بجٹ کا اعلان کیا، جبکہ مختلف صنعتوں خصوصاً تعمیراتی شعبے کو رعایتیں بھی دیں۔

سابق وزیر اعظم کو طبعی بنیادوں پر باہر جانے کی اجازت ملنے کے بعد، مقامی سیاسی شور میں کچھ کمی آئی اور حزب اختلاف کی سیاسی جماعتوں کی جانب سے اسلام آباد دھرنے کا بھی پر امن انداز میں ختم ہوا۔ حکومت، آرمی چیف کی مدت ملازمت میں اضافے کو قانونی تحفظ فراہم کرنے کے بل پر بھی حزب اختلاف کی جماعتوں کا تعاون حاصل کرنے میں کامیاب رہی۔ مقبوضہ کشمیر میں بھارت کی جانب سے آرٹیکل 370 کو ختم کرنے کے بعد بھارت کے ساتھ سرحدی پر تناؤ بڑھ گیا۔ افواہوں کے باوجود، پارلیمان سے وفاقی بجٹ اکثریت سے منظور ہوا۔

مالی سال 2020 کے پہلے حصے میں، ایم ایس سی آئی، ای ایم انڈیکس 6 فیصد بڑھنے کے بعد، کورونا وائرس سے محفوظ رہنے کے لیے فرینیز اور ایمر جنگ مارکیٹس میں کورونا وائرس کی وبا پر قابو پانے کے لیے لگائے جانے والے لاک ڈاؤن کے جیسے جیسے اثرات ظاہر ہونا شروع ہوئے اور سرمایہ کاروں نے محفوظ مقامات پر اپنا سرمایہ منتقل کرنا شروع کیا، جس کے نتیجے میں تیسری سہ ماہی میں یہ انڈیکس 24 فیصد گراؤٹ کا شکار ہوا۔ معاشی سست روی کا مقابلہ کرنے کے لیے، مرکزی بینکوں کی جانب سے عالمی سطح پر منظم انداز میں نرم زری پالیسی اختیار کی گئی اور ترقی یافتہ ملکوں کی جانب سے سسٹم میں اضافی سرمایہ ڈالا گیا، جس کے نتیجے میں چوتھی سہ ماہی میں عالمی سطح پر بازار حصص میں تیزی دیکھی گئی۔ اس کے نتیجے میں چوتھی سہ ماہی میں ایم ایس سی آئی، ای ایم انڈیکس میں 17 فیصد اضافہ ہوا، جس کے باعث، مالی سال 2020 کے دوران مجموعی کمی 6 فیصد تک محدود رہی۔ ای ایم کے مقابلے میں ایم ایس سی آئی ورلڈ انڈیکس نے بہتر کارکردگی کا مظاہرہ کیا اور سال کے دوسرے حصے میں وبا کے باوجود کم گراؤٹ دیکھی گئی اور اس طرح مالی سال 2020 کا اختتام 1 فیصد کے معمولی اضافے کے ساتھ ہوا۔ امریکا سے تعلق رکھنے والے ایمر جنگ مارکیٹ ای ٹی ایف نے ابھرتی ہوئی مارکیٹس سے 10.1 ارب ڈالر نکلا لیے، کیونکہ انھوں نے ای ایم ریجن میں افراتفری کا شکار معیشتوں کے باعث سرمایہ کے تحفظ کو ترجیح دی۔ سرمایہ کا زیادہ تر اخراج جن کی مالیت 9.9 ارب ڈالر بنتی ہے، ایکویٹی (حصص) ای ٹی ایف سے تھا، جبکہ دیگر اخراج فلکسڈ انکم ای ٹی ایف اور دیگر اثاثہ جات سے ہوا۔

کچھ واقعات کے نتیجے میں مشرق وسطیٰ کے خطے میں سیکورٹی کی صورت حال خدشات سے دوچار ہونے کے بعد مالی سال کے ابتدائی چھ ماہ کے دوران تیل

کی قیمتیں بالائی سطح پر رہیں۔ البتہ فروری-20 کے بعد، کورونا وائرس کے اثرات کے نتیجے میں تیل کی عالمی طلب میں قابل ذکر کمی ہوئی اور تیل کی پیداوار میں اضافی کٹوتی کے معاملے پر سعودی عرب اور روس میں اختلاف پیدا ہوا اور اوپیک پلس کارٹیل ٹوٹ گیا۔ اپریل-20 میں ایک مقام پر برینٹ خام تیل 19 ڈالر فی بیرل کی سطح تک گر گیا، جو کہ 2002 کے بعد کم ترین سطح ہے۔ اس کے بعد، اوپیک پلس کارٹیل کے دوبارہ بننے اور عالمی معاشی سرگرمیوں کی بحالی کے باعث، مالی سال 2020 کے آخری دو مہینوں میں تیل کی قیمتیں دوبارہ بڑھنا شروع ہوئیں اور مالی سال کا اختتام 41 ڈالر فی بیرل پر ہوا۔ عرب لائٹ خام تیل، جس سے ہماری معیشت کا تعلق زیادہ ہے، مالی سال 2020 کے دوران اس میں 48 فیصد کی گراوٹ آئی اور 35 ڈالر فی بیرل پر آ گیا۔ تیل کی قیمتوں میں گراوٹ درآمدی ادائیگیوں میں کمی اور مہنگائی کا دباؤ کم ہونے کی صورت میں فائدہ مند ثابت ہوئی، جبکہ اسٹاک ایکس چینج انڈیکس میں بھاری حصہ رکھنے والے تیل کمپنیوں کے حصص پر اس کا منفی اثر پڑا۔

انڈیکس میں بڑے حصہ دار:

اہم شعبہ جات میں فارماسیوٹیکل، ٹیکنالوجی اور سیمنٹ، بہترین کارکردگی دکھانے والے سیکٹرز رہے۔ مالی سال 2020 کے دوران، کے ایم آئی 30- انڈیکس میں حصہ ڈالنے والے سرفہرست حصص درج ذیل ہیں:

Major Positive Contributors to the Index	Contribution to KMI-30 (Points)	Total Return (%)
Engro Corporation Ltd	1,141	+19.3
Lucky Cement Ltd	912	+23.6
Mari Petroleum Co. Ltd	750	+35.4
DG Khan Cement Co. Ltd	512	+53.6
Searle Co. Ltd	437	+38.0

دوسری طرف، بجلی، تیل کی تلاش اور ٹیکسٹائل سیکٹرز کی کارکردگی بدترین رہی۔ اس عرصے کے دوران، درج ذیل نے کے ایم آئی 30- انڈیکس کو سست روی کا شکار کیا:

Major Negative Contributors to the Index	Contribution to KMI-30 (Points)	Total Return (%)
Pakistan Petroleum Ltd	-1,427	-26.8
Oil & Gas Development Co. Ltd	-645	-12.2
Sui Northern Gas Pipeline Ltd	-276	-21.4
K-Electric Ltd	-248	-31.4
Sui Southern Gas Co. Ltd	-151	-35.5

اس عرصے کے دوران، کے ایم آئی 30- انڈیکس کی مجموعی نقل و حرکت کا جائزہ درج ذیل گراف میں لیا جاسکتا ہے:

## حصص میں بہاؤ

مالی سال 2020 کے دوران، ایک بار پھر، غیر ملکی سرمایہ کار منفی رہتے ہوئے مجموعی طور پر 285 ملین ڈالر کے لگ بھگ مارکیٹ سے نکال کر لے گئے۔ زیادہ تر اخراج آئل اینڈ گیس ایکسپلوریشن (94.75 ملین)، کرسٹل بینک (75.78 ملین) اور سینٹ (63.67 ملین) سیکٹرز میں دیکھا گیا۔ اس رسد کو بنیادی طور پر انفرادی اور انشورنس کمپنیوں نے جذب کیا، جنہوں نے بالترتیب 213 ملین امریکی ڈالر اور 128 ملین ڈالر کی سرمایہ کاری کی۔ دیگر بڑے فروخت کنندگان میں بینک اترقیاتی مالیاتی ادارے (ڈی ایف آئی) اور میوچل فنڈ شامل ہیں، جن کے اخراج کی مالیت بالترتیب 55 ملین اور 50 ملین امریکی ڈالر رہی۔ میوچل فنڈ بنیادی طور پر مالی سال 2020 کے پہلے حصے میں خالص فروخت کنندہ رہے، جبکہ مالی سال کے دوسرے حصے میں ان کی طرف سے مارکیٹ میں کچھ سرمایہ کاری کیے جانے کا مشاہدہ کیا گیا۔

## میوچل فنڈ انڈسٹری کا جائزہ

مالی سال 2020 کے دوران، میوچل فنڈ انڈسٹری کے زیر انتظام اثاثہ جات کا حجم 44.1 فیصد اضافے کے ساتھ 764 ارب روپے ہو گیا۔ شریعہ موافق زیر انتظام اثاثہ جات 66.2 فیصد بڑھ کر 326 ارب روپے ہو گئے، اس طرح میوچل فنڈ انڈسٹری میں شریعہ موافق فنڈز کا حصہ 42.6 فیصد ہو چکا ہے۔ 30 جون 2020 کے مطابق، میوچل فنڈ انڈسٹری میں المیز ان کا حصہ 19.9 فیصد، جبکہ شریعہ موافق فنڈز میں حصہ 46.7 فیصد رہا۔ کمپنی نے مجموعی میوچل فنڈ انڈسٹری میں 272 پیس پوائنٹس اور انڈسٹری کے شریعہ موافق سیگمنٹ میں 19 پیس پوائنٹس کا اضافہ کیا۔

## توقعات

گزرے ہوئے سال میں منفی 0.4 فیصد کی کئی دہائیوں کی کم ترین معاشی نمو سے دوچار ہونے کے بعد، آگے جاتے ہوئے معاشی سرگرمیوں میں بہتری کی توقع ہے اور حکومتی اندازہ ہے کہ مالی سال 20-21 کے دوران معاشی نمو کی شرح بالترتیب 2.1 فیصد، 4.0 فیصد اور 4.5 فیصد رہے گی۔ مزید برآں، توقع

ہے کہ مالی سال 20 میں 10.7 فیصد کی افراط زر کے مقابلے میں مالی سال 21 میں یہ شرح کم ہو کر 7 فیصد کے لگ بھگ رہے گی۔ افراط زر میں کمی کے نتیجے میں توقع ہے کہ شرح سود موجودہ کم سطح پر برقرار رہے گی۔ شرح سود میں زبردست کمی حکومت اور نجی شعبے کے قرض کنندگان دونوں کے لیے موزوں ہے۔ دنیا بھر کی حکومتیں معیشت کو سہارا دینے کے لیے کام کر رہی ہیں اور کثیر الجہتی اداروں نے آ بھرتی ہوئی معیشتوں کو اضافی امداد فراہم کرنے کا فیصلہ کیا ہے جو وبا سے سب سے زیادہ متاثر ہوں گی۔ آنے والے وقت میں، حکومت نے مزید فکسڈ اور فلوئنگ شرح پر اجارہ صکوک جاری کرنے کا وعدہ کیا ہوا ہے، جس کے نتیجے میں مارکیٹ حصے داروں کی پرکشش منافع پر سرمایہ کاری کی صلاحیت میں اضافہ ہوگا۔ حکومت کا قومی بچت اسکیم میں ادارہ جاتی سرمایہ کاروں کو شرکت کرنے سے روکنے کا فیصلہ بھی میوچل فنڈز کے مستقبل کے لیے بہتر ثابت ہوگا۔

کرنسی کی قدر میں بڑے پیمانے پر کمی، بڑھتی شرح سود اور معاشی سرگرمیوں میں سست روی کے باعث تین برس کی مشکل صورت حال کے بعد، کم شرح سود، آنے والے وقت میں کرنسی کی قدر میں نسبتاً استحکام اور معاشی نمو میں بہتری کی توقعات کے نتیجے میں وسط مدت میں اسٹاک مارکیٹ مستحکم رہنے کی توقع ہے۔ شرح سود میں قابل ذکر کمی نے حصص کی کشش کو بڑھا دیا ہے، کیونکہ شرح سود میں کمی نے فکسڈ انکم متبادل کی کشش کو کم کر دیا ہے، اور حصص کو سرمایہ کاروں کی ترجیحی کلاس بنا دیا ہے۔ آنے والے وقت میں کرنسی کی قدر میں محدود کمی (جو کہ گزشتہ چند برسوں کے دوران غیر ملکیوں کے لیے بڑی تشویش کا باعث رہی ہے) اور پرکشش پرائس ٹرانزیکٹوں کی کمی کے باعث ہم توقع رکھتے ہیں کہ پچھلے برسوں کے مقابلے میں غیر ملکیوں کی جانب سے فروخت میں کمی آئے گی۔ وبا بتدریج قابو میں آنے کے بعد، مقامی اور عالمی سطح پر معاشی سرگرمیاں بحال ہو چکی ہیں، جس سے اندازہ ہوتا ہے کہ آنے والی سہ ماہیوں میں کمپنیوں کے منافع بہتر ہوں گے۔

## REPORT OF THE FUND MANAGER

### Meezan Islamic Fund (MIF)

#### Type of Fund

Open end equity fund

#### Objective

The objective of MIF is to provide optimum returns to the investors from investment in Shariah Compliant stocks for the given level of risk, while abiding by all applicable rules and regulations. Total return refers to the returns from capital gains (realized and unrealized), dividend income and other income from Shariah Compliant investments.

#### Strategy, Investment Policy and Asset Allocation

The performance of MIF is linked directly to the performance of equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposures near troughs.

During the year, the fund increased its equity exposure to a maximum of 97.16%. However, it maintained an average exposure close to 95.05% in equities during the year, while closing the period at around 97.13%. The fund maintained significant exposure to the Oil and Gas Exploration sector which was gradually reduced in 2<sup>nd</sup> half of FY20 due to negative outlook on oil prices. Exposure to cement sector was gradually increased due to government's support on construction sector.

#### Sector Allocation for the year ended FY19 and FY20

## Report of the *Shari'ah* Advisor –Meezan Islamic Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Seventeenth year of operations of Meezan Meezan Islamic Fund (MIF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MIF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MIF as on June 30, 2020 and their evaluation according to the screening criteria established by us. (December 31, 2019 accounts of the Investee companies have been used for the following calculations\*):

Company Name	(i) Nature of Business	(ii)** Debt to Assets (<37%)	(iii) Non-Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)	
						Net Liquid Assets per Share (A)	Share Price (B)
Mari Petroleum Ltd	Oil & Gas Exploration Companies	7.83%	17.76%	3.13%	30.37%	(664.23)	
Engro Corporation Ltd	Fertilizer	28.34%	22.25%	4.72%	58.58%	(220.55)	
Oil & Gas Development Co. Ltd	Oil & Gas Exploration Companies	0.00%	7.95%	7.74%****	33.64%	90.21	142.32

Lucky Cement	Cement	25.55%	0.71%	2.59%	85.13%	(279.47)	
The Hub Power Co. Ltd.***	Power Generation & Distribution Company	32.34%	0.00%	7.32%	53.77%	(43.08)	
Pakistan Petroleum Ltd.	Oil & Gas Exploration Companies	0.01%	8.64%	1.59%	31.91%	58.79	137

\* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

\*\* All interest based debts.

\*\*\* Debt is considered excluding circular debt amount.

\*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of MIF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MIF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN ISLAMIC FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Islamic Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Islamic Fund  
Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Islamic Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

We draw attention to note 1.6 to the financial statements which describes the matter relating to excess distribution made by the Fund. Our opinion is not modified in respect of this matter.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 23,381.047 million. The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund; and</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

MU 1 ~

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN ISLAMIC FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Islamic Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited (Al Meezan) as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on June 16, 2003 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on June 4, 2003 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations, 2008). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi, 74400, Pakistan.
- 1.2** The Fund has been formed to enable the unitholders to participate in a diversified portfolio of securities, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah. The Management Company has appointed Meezan Bank Limited (MBL) as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah. The investment objectives and policies are explained in the Fund's offering document.
- 1.3** The Fund is an open-end fund listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is categorized as an Equity Scheme in accordance with Circular 7 of 2009 issued by Securities and Exchange Commission of Pakistan (SECP).
- 1.4** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.6** During the year, the Fund has made a distribution of Rs 1,259.238 million (including income already paid on units redeemed of Rs 22.945 million). However, the maximum amount available for distribution for the current year as per the criteria given in the constitutive documents of the Fund was Rs 549.840 million. The excess distribution made by the Fund amounting to Rs 709.398 million has been disclosed in the statement of movement in the Unit holders' Fund as "over distribution". The Fund intends to adjust the same in the future years through subsequent available profits.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.5 and 6).

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except that investments classified as 'at fair value through profit or loss' which are measured at their respective fair values.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

## **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

## **4.3 Financial assets**

### **4.3.1 Classification and subsequent measurement**

#### **4.3.1.1 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at Fair Value through Other Comprehensive Income (FVOCI). The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under Fair Value through Profit or Loss is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

#### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

#### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### **4.3.6 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

## **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are included in the Income Statement currently, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

\* The right certificates were exercised during the year and the shares are included in the investment in Hascol Petroleum Limited & Al-Shaheer Corporation Limited above.

- 6.1.1** All shares have a nominal value of Rs 10 each except for the shares of Thal Limited, Agriauto Industries Limited and National Foods Limited which have a nominal value of Rs 5 each and K-Electric Limited which have a nominal value of Rs 3.5 each.
- 6.1.2** Investments include 1,060,000 shares of Engro Corporation Limited, having market value of Rs 310.50 million as at June 30, 2020 (2019: Rs. 265.60 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the current year, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 49.076 million (2019: Rs. 40.686 million).

**8.1** As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 2% (2019: 2%) per annum of the average net assets of the Fund during the year ended June 30, 2020. The remuneration is payable to the Management Company monthly in arrears.

**8.2** During the year, an amount of Rs 65.310 million (2019: Rs 88.563 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011, and an amount of Rs 70.341 million (2019: Rs 91.387 million) has been paid to the Management Company which acts as a collecting agent.

**8.3** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund.

**8.4** The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was fixed at 0.4% per annum of net assets of the fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the management company based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

from Rs 1,000 million and above	Rs 2.0 million plus 0.10% per annum of net assets exceeding Rs 1,000 million.

9.2 During the year, an amount of Rs 3.396 million (2019: Rs. 4.558 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 3.423 million (2019: Rs 4.700 million) was paid to the Trustee which acts as a collecting agent.

#### 10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

10.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to equity funds was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current period.

- 11.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.68 per unit (2019: Re 0.63 per unit).

- 11.3** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 264.474 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2020 would have been higher by Re 0.51 (2019: Re 0.49) per unit.

**14 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3.24% which includes 0.36% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, Sales Taxes, Federal Excise Duties, Annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

**15 TAXATION**

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. The Fund has not recorded any tax liability as the management has distributed sufficient income of the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

**(ii) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

**(iii) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 35% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2020, with all other variables held constant, the total income of the Fund for the year would increase / decrease by Rs 233.810 million (2019: Rs. 250.143 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

**18.2 Liquidity risk**

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 18.3 Credit risk

**18.3.1** Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- Rupees in '000 -----				
Balances with banks	1,755,340	1,755,340	1,340,974	1,340,974
Investments	23,381,047	-	25,014,329	-
Receivable against sale of investments	73,789	73,789	152,085	152,085
Receivable against conversion of units	82,856	82,856	62,891	62,891
Dividend receivable	52,314	52,314	117,132	117,132
Advances, deposits and other receivables	13,419	-	18,566	18,566
	<u>25,358,765</u>	<u>1,964,299</u>	<u>26,705,977</u>	<u>1,691,648</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in equity securities of Rs 23,381.047 million (2019: 25,014.329 million) is not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

#### 18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	61.50	2.42
AA+	27.00	34.76
AA	0.04	6.52
A+	11.45	51.63
A	0.01	4.67
	<u>100.00</u>	<u>100.00</u>

#### 18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

### 19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3

## 20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

**27 GENERAL**

**27.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

**27.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**27.3** Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

## REPORT OF THE FUND MANAGER Al Meezan Mutual Fund (AMMF)

### Type of Fund

Open end equity fund

### Objective

The objective of AMMF is to provide maximum total return to the shareholders by investing in “Shariah compliant” equity avenues for the given level of risk, while abiding by the Regulations and any other prevailing rules and regulations.

### Strategy, Investment Policy and Asset Allocation

The performance of AMMF is directly linked to the performance of the equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposure near troughs.

AMMF started the year with a 96.81% exposure to equities, touched a maximum of 98.84% and minimum of around 91.8% during the fiscal year, on average remaining around 95.36% invested and while closing the year at 96.65% invested percentage. The fund maintained significant exposure to the Oil and Gas Exploration sector which was gradually reduced in 2<sup>nd</sup> half of FY20 due to negative outlook on oil prices. Exposure to Oil & Gas Marketing companies was also reduced while exposure to cement and pharmaceutical sectors was gradually increased due to positive outlook on these sectors.

### Sector Allocation for the year ended FY19 and FY20

## Top Holdings

### Performance Review

During FY20, Al Meezan Mutual Fund (AMMF) provided a positive return of 3.09% to its investors and the KSE Meezan Index (KMI 30) appreciated by 1.62% to close at 54,995 pts.

## Report of the *Shari'ah* Advisor – Al Meezan Mutual Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the twenty fifth year of operations of Al Meezan Mutual Fund (AMMF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Adviser*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non- *Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of AMMF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of AMMF as on June 30, 2020 and their evaluation according to the screening criteria established by us. (December 31, 2019 accounts of the Investee companies have been used for the following calculations\*):

\* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

\*\* All interest based debts.

\*\*\* Debt is considered excluding circular debt.

\*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of AMMF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of AMMF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**AL MEEZAN MUTUAL FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Al Meezan Mutual Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Al Meezan Mutual Fund  
Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Al Meezan Mutual Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

We draw attention to note 1.6 to the financial statements which describes the matter relating to excess distribution made by the Fund. Our opinion is not modified in respect of this matter.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 3,782.362 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund; and</li><li>▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM, ✓

A.F.FERGUSON & Co.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**AL MEEZAN MUTUAL FUND  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1 Al Meezan Mutual Fund (the Fund) was constituted by virtue of a scheme of arrangement for conversion of Al Meezan Mutual Fund Limited (AMMFL) into an Open End Scheme under a Trust Deed executed between Al Meezan Investment Management Limited (Al Meezan) as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on June 17, 2011 in accordance with the provisions of the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2 The Fund has been formed to provide the unit holders safe and stable stream of halal income on their investments and to generate superior long-term risk adjusted returns. The Fund shall also keep an exposure in short-term instruments for the purpose of maintaining liquidity and to capitalise on exceptional returns, if available, at any given point of time. The objective of the Fund is to provide the maximum total return to the unitholders from investment in "Shariah Compliant" equity investments for the given level of risk, while abiding by the regulations and any other prevailing rules and regulations. At least seventy percent of its net assets shall remain invested in listed equity securities during the year based on quarterly average investment calculated on daily basis. The remaining net assets shall be invested in cash and near cash instruments. Under the Trust Deed, all conducts and acts of the Fund are based on Shariah. Meezan Bank Limited (MBL) acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3 The Fund is an open-end fund listed on the Pakistan Stock Exchange Limited. Units of the Fund are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is categorized as an Equity Scheme.
- 1.4 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.
- 1.6 During the year, the Fund has made a distribution of Rs 132.265 million (including income already paid on units redeemed of Rs 3.575 million). However, the maximum amount available for distribution for the current year as per the criteria given in the constitutive documents of the Fund was Rs 109.766 million. The excess distribution made by the Fund amounting to Rs 22.499 million has been disclosed in the statement of movement in the Unit holders' Fund as "over distribution". The Fund intends to adjust the same in the future years through subsequent available profits.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### **3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

### **3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

### **3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### **3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except that investments classified as 'at fair value through profit or loss' which are measured at their fair values.

### **3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## **4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

## **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

## **4.3 Financial assets**

### **4.3.1 Classification and subsequent measurement**

#### **4.3.1.1 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

### **4.3.6 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

## **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Profit on saving account with banks is recognised on a time proportion basis using the effective yield method.
- Dividend income is recognised when the right to receive the dividend is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

\* The right certificates were exercised during the year and the shares are included in the investment in Al-Shaheer Corporation Limited, Hascol Petroleum Limited and Maple Leaf Cement Company Limited above.

- 6.1.1** All shares have a nominal value of Rs 10 each except for the shares of Agriauto Industries Limited and National Foods Limited which have a nominal value of Rs 5 each and K-Electric Limited which have a nominal value of Rs 3.5 each.
- 6.1.2** 150,000 shares (June 30, 2019: 150,000 shares) of Engro Corporation Limited, having market value of Rs 43.94 million (June 30, 2019: Rs 39.84 million) as at June 30, 2020, have been pledged as collateral in favour of National Clearing Company Pakistan Limited against exposure margins and mark to market losses.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 2019. During the current year, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs.7.794 million (2019: Rs 6.060 million).

## **10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**

In accordance with the NBFC Regulations, 2008, a collective investment scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to equity funds was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

Accordingly, during the year ended June 30, 2020, Shariah non-compliant income amounting to Rs 5.129 million (2019 : Rs 5.268 million) was charged as charity expense and Rs 3.5 million was disbursed to following charitable / welfare organisations respectively:

- 11.2** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 41.256 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2020 would have been higher by Re 0.14 (2019: Re 0.12) per unit.

- 11.3** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.18 per unit (2019: Re 0.14 per unit).

## **12 CONTINGENCIES AND COMMITMENTS**

#### 14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3.41% which includes 0.38% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, Sales Taxes, Federal Excise Duties, Annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

#### 15 ALLOCATED EXPENSES

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund for the year ended June 30, 2020.

#### 16 SELLING AND MARKETING EXPENSES

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense shall be 0.4% per annum of the net assets of the fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

#### 17 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on Funds as per Section 4B of the Income Tax Ordinance 2001.

## 20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unitholders and seeks to minimise potential adverse effects on the Fund's financial performance. Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks, (including price risk and interest rate risk) credit risk and liquidity risk. Further, overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by Securities and Exchange Commission of Pakistan (SECP). Risks managed and measured by the Fund are explained below:

### 20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit risk, currency risk and price risk.

#### (i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 2.559 million (2019: Rs. 2.636 million).

**b) Sensitivity analysis for fixed rate instruments**

As at 30 June 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- 2020 -----

#### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2020, with all other variables held constant, total income of the fund would increase / decrease by Rs 37.823 million (2019: Rs 46.146 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

## 20.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 20.3 Credit risk

20.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

2020		2019	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

----- '(Rupees in '000) -----

Bank balances	259,646	259,646	271,162	271,162
Investment	3,782,362	-	4,614,607	-
Receivable against issue of units	21,337	21,337	13,534	13,534

	<b>4,092,547</b>	<b>310,185</b>	<b>4,953,940</b>	<b>339,333</b>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investments in equity securities of Rs 3,782.362 million (2019: Rs 4,614.607 million) is not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent control established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

### 20.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, dividend receivable and receivable against conversion of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	3.79%	0.03%
AA+	34.41%	41.01%
AA	-	0.10%
A+	61.79%	58.73%
A	0.01%	0.13%
	<b>100%</b>	<b>100%</b>

### 20.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

## 21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

Financial assets	2020		
	Level 1	Level 2	Level 3
	(Rupees in '000)		
At fair value through profit or loss	3,782,362	-	-
	<b>3,782,362</b>	<b>-</b>	<b>-</b>

<b>Financial assets</b>	(Rupees in '000)		
At fair value through profit or loss	4,614,607	-	-
	<b>4,614,607</b>	<b>-</b>	<b>-</b>

## 22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 20, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

**29 GENERAL**
**29.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

## **29.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**29.3** Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

## Report of the *Shari'ah* Advisor –KSE Meezan Index Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 2019 to June 30, 2020 was the Eighth year of operations of KSE Meezan Index Fund (KMIF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of KMIF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of KMIF as on June 30, 2020 and their evaluation according to the screening criteria established by us. (December 31, 2019 accounts of the Investee companies have been used for the following calculations\*):

Company Name	(i) Nature of Business	(ii)** Debt to Assets (<37%)	(iii) Non-Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)

\* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

\*\* All interest based debts.

\*\*\* Debt is considered excluding circular debt.

\*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of KMIF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of KMIF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best *Tawfeeq* to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**KSE MEEZAN INDEX FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of KSE Meezan Index Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of KSE Meezan Index Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of KSE Meezan Index Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 1,857.289 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund; and</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AU 10

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**KSE MEEZAN INDEX FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** KSE Meezan Index Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on March 13, 2012 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations, 2008). The Management Company has been licensed by Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, (the NBFC Rules) through a certificate of registration issued by SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi, 74400, Pakistan.
- 1.2** The Fund is a Shariah Compliant Index Fund that aims to provide investors an opportunity to track closely the performance of the KSE-Meezan Index 30 (KMI 30) by investing in companies of the index in proportion to their weightages. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah. The Management Company has appointed Meezan Bank Limited (MBL) as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is an open-end fund listed on Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and be redeemed by surrendering them to the Fund. The Fund is categorized as a Shariah Compliant Index Fund.
- 1.4** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.
- 1.5** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020 (2019: dated June 28, 2019). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the standards and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

**4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification and subsequent measurement**

##### **4.3.1.1 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at Fair Value through Other Comprehensive Income (FVOCI). The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

##### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.2.1 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

##### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

##### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

##### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

##### **4.3.6 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

**4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

**4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

**4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

**4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

**4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

**4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

**4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are included in the Income Statement, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on saving accounts with bank is recognised on a time proportion basis using the effective yield method.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015, is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

\* The right certificates were exercised during the year and the shares are included in the investment in Maple Leaf Cement Factory Limited and Hascol Petroleum Limited.

- 6.1.1** All shares have a face value of Rs 10 each except for the shares of K-Electric Limited and Thal Limited which have a face value of Rs 3.5 and 5 each respectively.
- 6.1.2** Investments include 682,000 shares (2019: 682,000 shares) of Pakistan Petroleum Limited having market value of Rs 59.184 million as at June 30, 2020 (2019: Rs 98.501 million), which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the current year, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 1.160 million (2019: Rs. 0.883 million).

<b>8.1</b>	As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2019: 1%) per annum of the average net assets of the Fund during the year ended June 30, 2020. The remuneration is payable to the Management Company monthly in arrears.		
<b>8.2</b>	During the year, an amount of Rs. 2.224 million (2019: Rs 2.140 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011, and an amount of Rs. 2.187 million (2019: Rs. 2.166 million) has been paid to the Management Company which acts as a collecting agent.		

- 8.3** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund.

- 9.2** During the year, an amount of Rs 0.352 million (2019: Rs. 0.344 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.320 million (2019: Rs. 0.347 million) was paid to the Trustee which acts as a collecting agent.

#### **10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**

In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to equity fund was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

- 11.1** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 6.238 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.18 (2019: Re 0.22) per unit.

- 11.2** According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes.

During the year ended June 30, 2020, non-shariah compliant income amounting to Rs 2.972 million (2019: Rs. 1.726 million) was charged as an expense in the books of the Fund, and Rs. 1.700 million was disbursed to following charitable welfare organisations respectively:

S. No.	Charitable Organisations	Amount Rupees in '000
1	Marie Adelaide Leprosy Centre	200
2	Idara AL Khair	500
3	Shaukat Khanum Memorial Cancer Hospital	1,000
	<b>Total</b>	<b>1,700</b>

- 11.3** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.28 per unit (2019: Re 0.32 per unit).

**12 CONTINGENCIES AND COMMITMENTS**

**14 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 1.95% (2019: 1.81%) which includes 0.23% (2019: 0.26%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Index Scheme.

## 15 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. The Fund has not recorded any tax liability as the Fund does not have such distributable income for the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Income Tax Ordinance, 2001.

## 16 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS

18 **FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

**18.1 Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

**(i) Yield / profit rate risk**

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs.0.0370 million (2019: Rs. 0.006 million).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- 2020 -----						
Effective profit rate (%)	Exposed to yield / profit rate risk			Not exposed to yield / profit rate risk	Total

## (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

## (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks.

In case of 1% increase / decrease in KMI 30 index on June 30, 2020, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 18.573 million (2019: Rs. 15.229 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

## 18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- Rupees in '000 -----				
Balances with banks	46,350	46,350	8,935	8,935
Investments	1,857,289	-	1,522,876	-
Receivable against conversion of units	1,130	1,130	40,106	40,106
Dividend receivable	8,277	8,277	9,994	9,994
Deposits and other receivables	2,632	2,632	2,756	2,756
	<b>1,915,678</b>	<b>58,389</b>	<b>1,584,667</b>	<b>61,791</b>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

#### 18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	-	0.01
AA+	100.00	99.98
AA	-	0.01
	<b>100.00</b>	<b>100.00</b>

### 19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

**Fair value hierarchy**

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3
	Rupees in '000		
<b>Financial assets</b>

**20 UNIT HOLDERS' FUND RISK MANAGEMENT**

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

**27 GENERAL**

**27.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

**27.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**27.3** Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

## REPORT OF THE FUND MANAGER Meezan Energy Fund (MEF)

### Type of Fund

Sector specific open end equity fund. The fund was launched on November 29, 2016.

### Objective

The objective of MEF is to seek long term capital appreciation through investments in Shariah compliant equity stocks, primarily from the energy sector/segment/industry as defined in the constitutive documents, and provide maximum total return to the shareholders for the given level of risk, while abiding by the Regulations and any other prevailing rules and regulations.

### Strategy, Investment Policy and Asset Allocation

The performance of MEF is directly linked to the performance of the energy sector of the equity market. The fund manager, Al Meezan Investment Management Limited, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. To control risk, the exposure in growth stocks is balanced against that of high dividend stocks. Moreover, the fund manager strives to reduce equity exposure in times when the market is trading above valuations while increasing equity exposure near troughs.

### Sector Allocation for the year ended FY19 and FY20

## Top Holdings

### Performance Review

During FY20, Meezan Energy Fund (MEF) provided a negative return of -10.04% to its investors while the KSE Meezan Index (KMI 30) appreciated by 1.62% to close at 54,995 pts.

Net Asset Value (NAV) as on June 30, 2020 –Rs.	30.02	54,995
Return During the Period	-10.04%	1.62%

The Fund earned a gross loss of Rs. 32 million in fiscal year 2020 as compared to total loss of Rs. 311 million last year. Total loss comprised of realized and unrealized capital losses on investments of Rs. 51 million and Rs. 0.03 million respectively. Dividend income contributed Rs. 16 million to income, while profit on saving accounts with banks amounted to Rs. 3 million. After accounting for expenses of Rs. 21 million, the Fund posted a net loss of Rs. 53 million. The net assets of the Fund as at June 30, 2020 were Rs. 542 million as compared to Rs. 599 million at the end of last year depicting a decline of 9%. The net asset value per unit as at June 30, 2020 was Rs. 30.02 as compared to Rs. 33.36 per unit as on June 30, 2019.

### Charity Statement

The Fund purifies the income earned by setting aside an amount payable by the Management Company out of the income of the Trust to charitable / welfare organizations, in consultation with Shariah Advisor, representing income that is Haram. During the year ended June 30, 2020 an amount of Rs. 1 million was accrued as charity payable.

## Report of the *Shari'ah* Advisor –Meezan Energy Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Fourth year of operations of Meezan Energy Fund (MEF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MEF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MEF as on June 30, 2020 and their evaluation according to the screening criteria established by us. (December 31, 2019 accounts of the Investee companies have been used for the following calculations\*):

Company Name	(i)	(ii)**	(iii)	(iv)	(v)	(vi)	
	Nature of Business	Debt to Assets (<37%)	Non-Compliant Investments (<33%)	Non-Compliant Income to Gross Revenue (<5%)	Illiquid Assets to Total Assets (>25%)	Net Liquid Assets vs. Share Price (B>A)	
						Net Liquid Assets per Share (A)	Share Price (B)
Pakistan Oilfields Ltd.	Oil & Gas Exploration Companies	0.00%	1.35%	4.09%	44.36%	7.96	446.72
Oil & Gas Development Company Ltd.	Oil & Gas Exploration Companies	0.00%	7.95%	7.74%****	33.64%	90.21	142.32

Pakistan Petroleum Ltd.	Oil & Gas Exploration Companies	0.01%	8.64%	1.59%	31.91%	58.79	137

The Hub Power Co. Ltd. ***	Power Generation & Distribution Company	32.34%	0.00%	7.32%	53.77%	(43.08)	
Pakistan State Oil Co. Ltd.	Oil and Gas Marketing Companies	29.22%	0.00%	0.90%	33.12	(19.38)	

\* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.  
\*\* All interest based debts.  
\*\*\* Debt is considered excluding circular debt.  
\*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

ii. On the basis of information provided by the management, all operations of MEF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MEF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN ENERGY FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Energy Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Energy Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Energy Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 518.105 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund; and</li><li>▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM, v

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN ENERGY FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Energy Fund (the Fund) was established under a trust deed executed between Al Meezan Investment Management Company as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Trust Deed was executed on September 09, 2016 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shariah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The objective of the Fund is to seek long term capital appreciation through investments in Shariah compliant equity stocks, primarily from the energy sector / segment / industry, as defined in the constitutive documents. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited. The Fund is categorised as an Open End Shariah Compliant (Islamic) Equity Scheme in accordance with Circular 7 of 2009 issued by the SECP.
- 1.4** The Management Company has been assigned a rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting year beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting years beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These standards may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these standards on the financial statements of the Fund.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6.2) and provision for taxation (notes 4.14 and 18)

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value to profit or loss' are measured at their respective fair values.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

**4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

**4.3 Financial assets**

**4.3.1 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

#### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### **4.3.7 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption application during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting year. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are included in the Income Statement currently, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the year in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the commencement of book closure of the investee company / institution declaring the dividend.
- Profit on balances with banks is recognised on a time proportion basis using the effective yield method.

#### **4.12 Expenses**

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### **4.13 Preliminary expenses and floatation costs**

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a year of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

#### 4.14 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the year when the differences reverse based on enacted tax rates.

- 4.15 The income of the Fund is exempt from income tax under clause 99 of Part I to the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV to the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.16 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / loss per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.17 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the income statement

**6.1.1** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the current year, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

The Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by Pakistan state oil company limited at the time of declaration of bonus shares amounted to Rs. 0.922 million (June 30, 2019: Rs. 0.824 million).

- 6.1.2** Investments include 65,000 shares of Pakistan Petroleum Limited and 26,500 share of Pakistan Oilfields Limited, having market value of Rs 5.6407 million and 9.2917 million as at June 30, 2020 (June 30, 2019: nil) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.

Advance tax	7.1	1,431	1,431
		<u>4,127</u>	<u>1,890</u>

- 7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during the prior years, withholding tax on dividend and profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends and profit on debt amounts to Rs 1.431 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- Over Rs. 1,000 million      Rs 2 million plus 0.10% per annum of net assets exceeding Rs 1,000 million.

**10.2** During the year, an amount of Rs 0.142 million (2019: Rs. 0.238 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs. 0.145 million (2019: Rs.0.252 million) was paid to the Trustee which acts as a collecting agent.

**11 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**

In accordance with the NBFC Regulations, 2008, an investment scheme classified as equity scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to equity funds was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

- 12.1** According to the instructions of the Shariah Advisor, income earned by the Fund from prohibited sources should be donated to charitable purposes.

During the year ended June 30, 2020, non-Shariah compliant income amounting to Rs 0.631 million (2019: Rs 0.732 million) was charged as an expense in the books of the Fund. This will be distributed as charity after the approval of the Shariah Advisor.

- 12.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the year from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.08 per unit (2019: Re 0.09 per unit).

### **13 CONTINGENCIES AND COMMITMENTS**

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

### **15 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3.83% which includes 0.36% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund , sales taxes , annual fee to the SECP, Shariah advisors fee. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Equity Scheme.

### **16 ALLOCATED EXPENSES**

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund.

### **17 SELLING AND MARKETING EXPENSES**

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a year of three years (i.e from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the net assets of the Fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

The Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

## 18 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. The Fund has not recorded any tax liability as the Fund has incurred a net loss during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

**21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

Financial risk management objectives and policies:

The risk management policy of the Fund aims to maximise the return attributable to the unitholders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and interest rate risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the SECP.

**21.1 Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and the regulations laid down by the SECP.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

(i) **Profit rate risk**

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

a) **Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs. 0.025 million (2019: Rs. 0.198 million).

b) **Sensitivity analysis for fixed rate instruments**

As at 30 June 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

**(ii) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

**(iii) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in KMI 30 index on June 30, 2020, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 5.1811 million (2019: Rs.5.839 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

## 21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining year at the end of the reporting year to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 21.3 Credit risk

21.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
(Rupees in '000)				
Balances with banks	3,214	3,214	20,442	20,442
Investments	518,105	-	583,850	-
Receivable against conversion of units	8,224	8,224	557	557
Dividend receivable	109	109	2,127	2,127
Receivable against sale of investments	30,650	30,650	-	-
Advances, deposits and other receivables	193	193	459	459
	<b>560,495</b>	<b>42,390</b>	<b>607,435</b>	<b>23,585</b>

The difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in equity securities of Rs 518.106 million (2019: Rs 583.850 million) is not exposed to credit risk.

### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued on bank balances, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	0.93	2.38
AA+	88.29	82.04
A+	10.78	15.58
	<b>100.00</b>	<b>100.00</b>

### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

## 21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3
	(Rupees in '000)		
<b>Financial assets</b>

## 22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 29 GENERAL

### 29.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

## **29.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**29.3** Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

## REPORT OF THE FUND MANAGER Meezan Balanced Fund

### Type of Fund

Balanced category fund that invests in Shariah compliant listed equity securities and listed or unlisted Islamic fixed income products.

### Objective

The objective of MBF is to generate long term capital appreciation as well as current income by creating a balanced portfolio that is invested both in high quality equity securities and Islamic fixed income avenues such as Sukuks (Islamic Bonds), Musharaka and Murabaha instruments, Shariah compliant spread transactions, Certificate of Islamic Investments, Islamic bank deposits, and other Islamic income products.

The fund invests only in Shariah Compliant instruments with the objective of maximizing total return to its unit holders and maintaining risks within acceptable levels. The fund also has a focus of long term preservation of capital and aims to maximize total returns by varying fund's allocations to fixed income and equity exposures in accordance with the economic conditions and market scenario.

### Strategy and Investment Policy

Being a balanced fund, performance of MBF is linked proportionately to the performance of stock market and Islamic fixed income instruments. The fund manager, Al Meezan Investments, actively manages the fund with an aim to provide maximum risk adjusted total return to the investors. The fund primarily aims at controlling risk by balancing growth and income earning objectives of certificate holders. To achieve this purpose, the fund manager strives to reduce equity exposure in times when the market is trading above valuations and increase exposure to high quality liquid Islamic fixed income instruments. As per revised policy, the fund can invest up to 50% in listed equities.

During the year, the focus was on proactive and continuous re-allocation between high yield instruments so as to optimize fund return while simultaneously minimizing risk. To keep interest rate risk at a minimum, the fund manager over the period kept the duration of the fixed income portfolio below six months.

### Sector Allocation as on June 30<sup>th</sup> 2019 and 2020

The fund maintained significant exposure to the Oil and Gas Exploration sector which was gradually reduced in 2<sup>nd</sup> half of FY20 due to negative outlook on oil prices. Exposure to cement sector was gradually increased due to government's support on construction sector. The average equity exposure in the fund during the year was 53.39% while the remaining was deployed in quality fixed income instruments.

## Report of the *Shari'ah* Advisor –Meezan Balanced Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Sixteenth year of operations of Meezan Balanced Fund (MBF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non- *Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MBF in light of *Shari'ah* requirements. **TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN BALANCED FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Balanced Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Balanced Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Balanced Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	<p>Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 3,266.840 million and balances with banks aggregated to Rs 785.606 million.</p> <p>The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> <li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li> <li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AMC

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN BALANCED FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

**1.1** Meezan Balanced Fund (the Fund) was initially established as a closed-end scheme under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on June 15, 2004 and was approved by the Securities and Exchange Commission of Pakistan (SECP) on September 8, 2004 under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The registered office of the Management Company is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.

Subsequently, on May 3, 2013, SECP vide its letter No. SCD/AMCW/MBF/512/2013 had approved the conversion of the closed end structure into an open end scheme through the establishment of the Unit Trust Scheme under the name of Meezan Balanced Fund (MBF). On June 27, 2013, SECP vide its letter No SCD/AMCW/MBF/613/2013 registered MBF (the open-end scheme) as a notified entity and had withdrawn the registration of MBF as a closed end scheme with effect from the effective date i.e. July 1, 2013 and therefore from July 1, 2013, the Fund had been converted into an open end scheme and, accordingly, the certificate holders of the closed end scheme at June 30, 2013 were converted to unitholders of the open end scheme.

**1.2** The Management Company has been licensed by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP.

**1.3** The investment objective of the Fund is to generate long-term capital appreciation as well as current income by creating a balanced portfolio that is invested both in high quality Shariah compliant equity securities and Islamic income instruments such as Islamic Sukuks (certificates of Islamic investment), musharaka certificates, Government Securities, cash in bank accounts, Money Market Placements, Deposits, Certificates of Deposits, Term Deposits Receipts, Commercial Papers, Islamic alternatives of Reverse Repos, Spread Transactions, and other Shariah compliant instruments as indicated by the SECP. Under the Trust Deed all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.

**1.4** The Fund is an open-end fund listed on the Pakistan Stock Exchange Limited. The Fund is categorised as a Shariah Compliant Balanced Fund in accordance with Circular 7 of 2009 issued by the SECP.

**1.5** Title to the assets of the Fund are held in the name of CDC as the Trustee of the Fund.

**1.6** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020 (2019: dated June 28, 2019). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### **3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the standards and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

### **3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

### **3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### **3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments which have been carried at fair values.

### **3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## **4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.**

#### **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification and subsequent measurement**

##### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

##### **4.3.1.2 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

##### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.3 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

##### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### 4.3.5 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### 4.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### 4.3.7 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### 4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### 4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are included in Income Statement and are recognised when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established, i.e. on the date of commencement of book closure of the investee company / institution declaring the dividend.
- Income on sukuk certificates, term deposit receipts, commercial paper and government securities is recognized on a time proportionate basis using the effective yield method, except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by the SECP for which the profits are recorded on cash basis.
- Profit on saving accounts with banks is recognized on a time proportion basis using the effective yield method.

#### **4.12 Expenses**

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### **4.13 Taxation**

##### **Current**

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### **Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 6.1.1** All shares have a face value of Rs 10 each except for the shares of K-Electric Limited and Agriauto Industries Limited which have a face value of Rs 3.5 and 5 each respectively.
- 6.1.2** Investments include 150,000 shares of Engro Corporation Limited, having a market value of Rs 43.938 million (2019: Rs 39.840 million) which have been pledged with National Clearing Company of Pakistan Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by the SECP.
- 6.1.3** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the year ended June 30, 2020, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High Court of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

The Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 4.701 million (2019: 3.837 million).

**6.3.3 Details of non-compliant investments with the investment criteria of the assigned category**

The Securities and Exchange Commission of Pakistan (SECP), vide its circular No. 16 dated July 07, 2010, prescribed certain disclosures for the schemes holding investments that were non-compliant either with the minimum investment criteria specified for the category assigned to such schemes or with the investment requirement of their constitutive documents. The Securities and Exchange Commission of Pakistan vide circular 7 of 2009 dated March 6, 2009 required all Asset Management Companies to classify funds under their management on the basis of categorisation criteria laid down in the circular. Al Meezan Investment Management Limited (the Management Company) classified Meezan Balanced Fund (the Fund) as a 'Balanced Scheme' in accordance with the said circular. As at June 30, 2020, the Fund is compliant with all the requirements of the said circular except for clause 9 (v) which requires the rating of any security in the portfolio shall not be lower than the investment grade. The following are the details of non-compliant investments held by the Fund:

**7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on debt paid to the Fund has been deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholder. The tax withheld on dividends and profit on debt amounts to Rs 1.573 million (2019: Rs 1.573 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

**8.1** As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 2% (2019: 2%) per annum of the average net assets of the Fund during the year ended June 30, 2020. The remuneration is payable to the Management Company monthly in arrears.

**8.2** During the year, an amount of Rs 11.635 million (2019: Rs 17.837 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 12.719 million (2019: Rs. 18.333 million) has been paid to the Management Company which acts as a collecting agent.

**8.3** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund.

- 8.4** The SECP had allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the net assets of the Fund or actual expenses whichever is lower.

During the current period, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the management company based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

from Rs 1,000 million and above	Rs 2.0 million plus 0.10% per annum of net assets exceeding Rs 1,000 million.

- 9.2** During the year, an amount of Rs 0.712 million (2019: Rs 1.022 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 0.679 million (2019: Rs 1.047 million) was paid to the Trustee which acts as a collecting agent.

**10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**

In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to balanced fund was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

- 11.2 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.16 per unit (2019: Re 0.10 per unit).

- 11.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 38.799 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.14 (2019: Re 0.10) per unit.

**12 CONTINGENCIES AND COMMITMENTS**

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

**14 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3.28% (2019: 3.02%) which includes 0.48% (2019: 0.37%) representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Balanced Scheme.

**15 TAXATION**

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Section 4B of the Income Tax Ordinance, 2001.

**16 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS**

**16.1** Connected persons include Al Meezan Investment Management Limited being the Management Company, the Central Depository Company of Pakistan Limited being the Trustee, other collective investment schemes managed by the Management Company, any entity in which the Management Company, its CISs or their connected persons have material interest, any person or company beneficially owning directly or indirectly ten percent or more of the capital of the Management Company or the net assets of the Fund, directors and their close family members and key management personnel of the Management Company.

**16.2** Transactions with connected persons are executed on an arm's length basis and essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

**16.3** Remuneration to the Management Company of the Fund is determined in accordance with the provisions of the NBFC Regulations, 2008 and the Trust Deed.

**16.4** Remuneration to the Trustee of the Fund is determined in accordance with the provisions of the Trust Deed.

## 18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

### 18.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

#### (i) Yield / profit rate risk

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks, sukuk certificates, commercial papers and investments in government securities. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks and sukuk certificates which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs.21.469 million (2019: Rs. 18.482 million).

**b) Sensitivity analysis for fixed rate instruments**

As at June 30, 2020, the Fund holds no financial asset which exposes the Fund to fair value profit rate risk. In case of 100 basis points increase / decrease in rates with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been lower / higher by Rs. nil (2019: Rs. 4.713 million).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Yield / profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

#### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets subject to 10% of the issued capital of the investee company and sector exposure limit to 35% of the net assets or index weight, which ever is higher, subject to maximum of 40%.

In case of 1% increase / decrease in KMI 30 index on June 30, 2020, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 18.976 million (2019: Rs. 29.662 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that the equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

## 18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

#### 18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

2020		2019	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

Rupees in '000'

Balances with banks	785,606	785,606	357,560	357,560
Investments	3,266,840	1,037,402	4,945,739	1,979,562
Receivable against conversion of units	4,245	4,245	673	673
Dividend receivable	605	605	14,704	14,704
Receivable against sale of investments	4,364	4,364	75,910	75,910
Advances, deposits and other receivables	39,020	39,020	71,937	71,937
	<b>4,100,680</b>	<b>1,871,242</b>	<b>5,466,523</b>	<b>2,500,346</b>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets. Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in government securities of Rs.331.795 million (2019: nil) are not exposed to credit risk as these are guaranteed by Government of Pakistan, and investment in equity securities of Rs. 1,897.643 million (2019: Rs. 2,966.177 million) are also not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent controls established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

### 18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments, investments in term finance and sukuk certificates. The credit rating profile of balances with banks is as follows:

	% of financial assets exposed to credit risk	
	2020	2019
AAA	5.67	0.06
AA+	7.56	10.66
AA	0.59	58.24
A+	86.18	17.06
A	-	13.98
	<u>100.00</u>	<u>100.00</u>

Ratings of sukuku (other than Government securities) have been disclosed in related notes to the financial statements. GoP Ijarah Sukuku and sukuku issued by government owned entities are government guaranteed.

### 18.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets. The issuer of the Sukuku, however, pledge securities with the investment agent in Trust for the benefit of the Sukuk Holder.

Due to the Fund's long standing business relationships with these counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Fund except for Arzoo Textiles Limited Sukuk, Security Leasing Corporation Sukuk and Eden Housing Limited Sukuk (refer note 6).

## 19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3
<b>Financial assets at fair value through profit or loss</b>	Rupees in '000'		
Shares of listed companies - 'ordinary shares'	1,897,643	-	-
Sukuk certificates	-	1,369,197	-
	<b>1,897,643</b>	<b>1,369,197</b>	<b>-</b>

	2019		
	Level 1	Level 2	Level 3
<b>Financial assets at fair value through profit or loss</b>	Rupees in '000'		
Shares of listed companies - 'ordinary shares'	2,966,177	-	-
Sukuk certificates	-	1,508,261	-
Commercial papers*	-	471,301	-
	<b>2,966,177</b>	<b>1,979,562</b>	<b>-</b>

\* The valuation of commercial papers has been done based on amortisation of commercial paper to its fair value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and they are placed with counterparties which have high credit rating.

## 20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 27 GENERAL

### 27.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### 27.2 Operational Risk Management

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

## REPORT OF THE FUND MANAGER Meezan Asset Allocation Fund (MAAF)

### Objective

The fund aims to earn a potentially high return through asset allocation between Shariah Compliant Equity Instruments, Shariah Compliant Fixed Income and Money Market Instruments and any other Shariah Compliant instrument as permitted by the SECP and Shariah Advisor.

### Investment Policy and Strategy

Based on the Fund Manager's outlook on asset classes, the allocation of the portfolio will actively be managed between the Equity asset classes and Fixed Income/Money Market asset classes in line with the macroeconomic view and outlook of such asset classes. For exposure to equities, this fund shall primarily be invested in Listed Islamic Equity while for exposure to Fixed Income/Money Market, the fund shall invest in Islamic Money Market and Islamic Fixed Income instruments as well as in Cash at Bank Accounts of Islamic Banks and licensed Islamic Banking windows of conventional Banks.

To comply with the regulatory limits enforced by the SECP, the fund can take a maximum exposure of up to 90% of its Net Assets in equity or fixed income; in case of an investment in REITs, a limit of 35% has been assigned by the regulator.

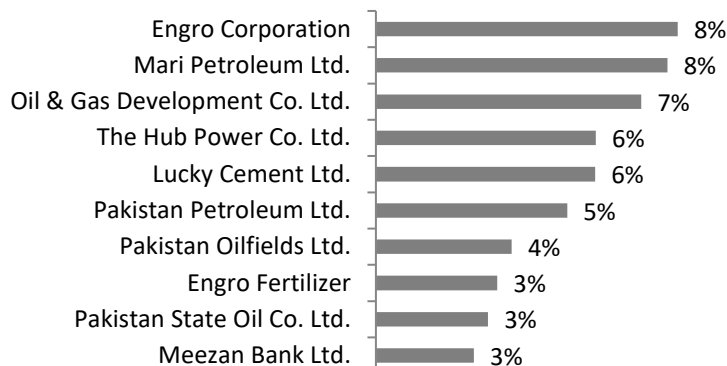

The fund manager looks to earn a higher than average return by actively managing the portfolio between equity and fixed income avenues in line with the movements of the stock market.

### Asset Allocation

As on June 30, 2020, the fund's equity exposure was 83.45%, while 16.55% of the Net Assets was invested in bank deposits.

## Top Holdings

## Report of the *Shari'ah* Advisor –Meezan Asset Allocation Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Fourth year of operations of Meezan Asset Allocation Fund (MAAF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-*Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MAAF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MAAF as on June 30, 2020 and their evaluation according to the screening criteria established by us. (December 31, 2019 accounts of the Investee companies have been used for the following calculations\*):

\* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

\*\* All interest based debts.

\*\*\* Debt is considered excluding circular debt.

\*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of MAAF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MAAF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best *Tawfeeq* to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN ASSET ALLOCATION FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Asset Allocation Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Asset Allocation Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Asset Allocation Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	<p>Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 1,127.264 million and balances with banks aggregated to Rs 245.253 million.</p> <p>The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> <li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li> <li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM, v

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Asset Allocation Fund was established under a trust deed executed between Al Meezan Investment Management Company (Al Meezan) as the Management Company and Central Depository Company of Pakistan Limited as the Trustee. The Trust Deed was executed on November 25, 2015 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations). The Management Company of the Fund has been licensed to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at Ground floor Block B, Finance Trade Centre (FTC), Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The objective of the Fund is to earn potentially high return through asset allocation between Shariah Compliant Equity Instruments, Shariah Compliant Fixed Income Instruments, Shariah Compliant Money Market Instruments and any other Shariah Compliant instruments as permitted by the SECP and the Shariah Advisor. Meezan Bank Limited acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is an open-end Shariah Compliant Asset Allocation Scheme. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited.
- 1.4** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### 3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

### 3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These standards may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these standards on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

### 3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### 3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

### 3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

#### 4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification and subsequent measurement**

##### **4.3.1.1 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

##### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets generally require delivery of securities within two days from the transaction date as per the stock exchange regulations.

##### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

##### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

##### **4.3.6 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### 4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### 4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Assets Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the Income Statement, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on saving accounts with bank is recognised on a time proportion basis using the effective yield method.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Preliminary expenses and floatation costs

Preliminary expenses and floatation costs represent expenditure incurred prior to the commencement of the operations of the Fund. These costs are being amortised over a period of 5 years in accordance with the requirements set out in the Trust Deed of the Fund.

#### 4.14 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

- 6.1.1** Investments include 105,000 shares (June 30, 2019: 105,000 shares) of Engro Corporation Limited having market value of Rs 30.76 million as at June 30, 2020 (June 30, 2019: Rs 27.89 million) which have been pledged with National Clearing Company Limited for guaranteeing settlement of the Fund's trades in accordance with Circular No. 11 dated October 23, 2007 issued by SECP.
- 6.1.2** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies are liable to withhold five percent of the bonus shares to be issued. The shares so withheld shall only be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the High Court of Sindh (HCS) in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the current year, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs 1.453 million ( June 30, 2019: Rs 1.209 million).

- 7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, during the year ended June 30, 2020, withholding tax on dividend paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholders. The tax withheld on dividends amounts to Rs. 2.470 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends has been shown as other receivables as at June 30, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 10.2** During the year, an amount of Rs 0.330 million (2019: Rs.0.456 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs.0.369 million (2019: Rs. 0.462 million) was paid to the Trustee which acts as a collecting agent.

**11 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**

In accordance with the NBFC Regulations, 2008, a collective investment scheme classified as an Income Scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to equity fund was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

Accordingly, during the year ended June 30, 2020, Shariah non-compliant income amounting to Rs 1.7 million (2019 : Rs 1.7 million) was charged as charity expense and Rs 0.9 million was disbursed to following charitable / welfare organisations respectively:

2	TAF Foundation	200
3	Trust for Development Studies & Practices	200

	<b>Total</b>	<u>900</u>

- 12.2** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 0.627 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.02 (June 30, 2019: Re. 0.01) per unit.

- 12.3** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.34 per unit (2019: Re. 0.19 per unit).

## 13 CONTINGENCIES AND COMMITMENTS

- 13.1** There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

## 15 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3% which includes 0.42% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund (if any), sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Asset Allocation scheme.

## 16 ALLOCATED EXPENSES

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund for the year ended June 30, 2020.

## 17 SELLING AND MARKETING EXPENSES

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense shall be 0.4% per annum of the net assets of the fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

## 18 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

## 21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

### 21.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

**(i) Yield / profit rate risk**

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs. 2.41 million (2019: Rs. 4.20 million).

**b) Sensitivity analysis for fixed rate instruments**

As at 30 June 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- 2020 -----						
Effective Yield / profit rate (%)	Exposed to yield / profit rate risk			Not exposed to yield / profit rate risk	Total

**(ii) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

**(iii) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund is exposed to equity price risk on investments held by the Fund and classified as 'at fair value through profit or loss'. To manage its price risk arising from investments in equity securities, the Fund diversifies its portfolio within the eligible stocks prescribed in the Trust Deed. The NBFC Regulations also limit individual equity securities to no more than 15% of net assets and issued capital of the investee company and sector exposure limit to 40% of the net assets.

In case of 1% increase / decrease in 30 KSE index on June 30, 2020, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 11.273 million (2019: Rs. 14.486 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 1% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI 30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI 30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI 30 Index.

## 21.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 21.3 Credit risk

21.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
-----Rupees '000-----				
Balances with banks	245,253	245,253	421,539	421,539

	1,385,703	258,439	1,882,777	434,151

Difference in the balance as per statement of asset and liabilities and maximum exposure is due to the fact that investments in equity securities of Rs. 1.127 million (2019: Rs. 1.449 million) is not exposed to credit risk.

### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, dividend receivable and receivable against sale of units and against investments.

	2020 (Percentage)	2019 (Percentage)
AA+	36.98	4.66
AA	0.19	28.64
A+	62.83	66.70
	100.00%	100.00%

### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

## 22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020 the Fund held the following financial instruments measured at fair values:

### Financial assets 'at fair value through profit or loss'

## 23 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 30 GENERAL

### 30.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### **30.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

## Report of the *Shari'ah* Advisor –Meezan Dedicated Equity Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Third year of operations of Meezan Dedicated Equity Fund (MDEF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for Shari'ah compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non-Shari'ah compliant activities to Total assets (iv) Shari'ah Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MDEF in light of *Shari'ah* requirements. Following is the list of the top equity holdings of MDEF as on June 30, 2020 and their evaluation according to the screening criteria established by us. (December 31, 2019 accounts of the Investee companies have been used for the following calculations\*):

Company Name	(i) Nature of Business	(ii)** Debt to Assets (<37%)	(iii) Non-Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)	
						Net Liquid Assets per Share (A)	Share Price (B)
Mari Petroleum Ltd.	Oil & Gas Exploration Companies	7.83%	17.76%	3.13%	30.37%	(664.23)

- \* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.
- \*\* All interest based debts.
- \*\*\* Debt is considered excluding circular debt.
- \*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of MDEF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MDEF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN DEDICATED EQUITY FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Dedicated Equity Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Dedicated Equity Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Dedicated Equity Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 595.501 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund; and</li><li>▪ Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

MM

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1 Meezan Dedicated Equity Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and the Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on October 9, 2017 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations). The Management Company has been granted license by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2 The Fund has been formed to enable the unitholders to participate in a diversified portfolio of securities, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3 The Fund is an open-end Shariah Compliant Equity Scheme. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited.
- 1.4 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited (CDC) as the Trustee of the Fund.
- 1.5 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017 part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### 3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

### 3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

### 3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### 3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except that investments have been carried at fair values.

### 3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

## 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

### 4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification and subsequent measurement**

##### **4.3.1.1 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

##### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

##### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

##### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

##### **4.3.6 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are included in the Income Statement currently, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Dividend income is recognised when the Fund's right to receive the same is established i.e. on the commencement of date of book closure of the investee company / institution declaring the dividend.
- Profit on saving accounts with bank is recognised on a time proportion basis using the effective yield method.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015, is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net profit / loss of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / loss per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the profit and loss account.

\* The right certificates were exercised during the year and the shares are included in the investment in Hascol Petroleum Limited above.

- 6.1.1** The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold five percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to five percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order had been granted by the Honourable High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which are already pending or shall be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. During the current year, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the Honourable High of Sindh has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Funds have included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on stock exchange issuing bonus shares to the shareholders of the company, to withhold five percent of the bonus shares to be issued. Therefore, bonus shares issued to the Fund during the year were not withheld by the investee companies.

As at June 30, 2020, the bonus shares of the Fund withheld by certain companies at the time of declaration of bonus shares amounted to Rs. 0.257 million (2019: Rs. 0.23 million).

- 7.1** As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend paid to the Fund has been deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on dividends as at June 30, 2020 amounts to Rs 1.296 million (June 30, 2019: Rs. 1.296 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends has been shown as other receivables as at June 30, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

#### **10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN**

In accordance with the NBFC Regulations, 2008, a collective investment scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to equity funds was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

## 14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3.70% (2019: 3.39%) which includes 0.36% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund (if any), sales taxes, federal excise duties, annual fee to the SECP, etc. This ratio is within the maximum limit of 4.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Equity Scheme.

## 15 ALLOCATED EXPENSES

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund.

## 16 SELLING AND MARKETING EXPENSES

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense shall be 0.4% per annum of net assets of the fund or actual expenses whichever is lower. Accordingly, such expenses have been charged to the Fund during the current year at the rate of 0.4% of the net assets of the Fund being lower than actual expenses incurred.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the management company based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

## 17 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. The Fund has not recorded any tax liability as the Fund has incurred a net loss during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Furthermore, Super tax introduced in Finance Act, 2015 is also not applicable on funds as Section 4B of Income Tax Ordinance, 2001.

## 20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unitholders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and profit rate risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the SECP.

### 20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

**(i) Profit rate risk**

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.18 million (2019: Rs. 1.1 million)

**b) Sensitivity analysis for fixed rate instruments**

As at June 30, 2020 the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

Effective profit rate (%)	2020				Total

**Cumulative profit rate sensitivity gap**

	109,870	109,870	109,870		
--	---------	---------	---------	--	--

**(ii) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

**(iii) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks.

In case of 1% increase / decrease in KMI 30 index on June 30, 2020, with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 5.96 million (2019: Rs. 16.589 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

The analysis is based on the assumption that equity index had increased / decreased by 5% with all other variables held constant and all the Fund's equity instruments moved according to the historical correlation with the index. This represents management's best estimate of a reasonable possible shift in the KMI-30 Index, having regard to the historical volatility of the index. The composition of the Fund's investment portfolio and the correlation thereof to the KMI-30 Index, is expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the effect on the Fund's net assets of future movements in the level of the KMI-30 Index.

**20.2 Liquidity risk**

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily settlement of equity securities and daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 20.3 Credit risk

20.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	Rupees in '000		Rupees in '000	
Balances with banks	22,127	22,127	110,688	110,688
Investments	595,501	-	1,658,927	-
Dividend receivable	178	178	1,120	1,120
Receivable against sale of investment	5,113	5,113	-	-
Advances, deposits and other receivables	2,633	2,633	590	590
	<u>625,552</u>	<u>30,051</u>	<u>1,771,325</u>	<u>112,398</u>

Difference in the balance as per the statement of assets and liabilities and maximum exposure is due to the fact that investment in equity securities of Rs. 0.595 million (2019: Rs. 1.659 million) is not exposed to credit risk.

There is a possibility of default by participants or failure of the financial market / stock exchanges, the depositories, the settlements or clearing systems, etc. Settlement risk on equity securities is considered minimal because of inherent control established in the settlement process. The Fund's policy is to enter into financial contracts in accordance with internal risk management policies and instruments guidelines approved by the Investment Committee.

### 20.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and mark-up accrued thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AA+	<u>98.81%</u>	<u>95.19%</u>
A+	<u>0.46%</u>	<u>1.09%</u>
AA	<u>0.74%</u>	<u>3.72%</u>

### 20.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

## 21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

## Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	----- 2020 -----		
	Level 1	Level 2	Level 3
	----- (Rupees in '000) -----		
<b>Financial assets 'at fair value through profit or loss'</b>

## 22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 20, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 28 GENERAL

### 28.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### 28.2 Operational Risk Management

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

28.3 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

## REPORT OF THE FUND MANAGER Meezan Gold Fund (MGF)

### Type of Fund

Shariah compliant commodity fund that invests in physical gold to earn a return based on the commodity's price fluctuation, based on PMEX prices.

### Investment Policy and Strategy

The objective of MGF is to provide maximum exposure to prices of Gold in a Shariah Compliant manner, by investing a significant portion of the Fund's net assets in deliverable gold based contracts available on Pakistan Mercantile Exchange (PMEX). The fund has a long-term time horizon whereby the investors are advised to invest for a tenor of three to five years.

To meet the Fund's investment objective, at least seventy percent (70%) of Fund's net assets, will remain invested in deliverable gold based contracts, based on quarterly average investment calculated on daily basis, while the remaining net assets of the Fund shall be invested in cash and near cash instruments which include cash in bank accounts of Islamic banks and licensed Islamic banking windows of conventional banks (excluding TDR). However, at least 10% of the net assets of the Fund shall remain invested in cash and near cash instruments, based on monthly average calculated on daily basis.

### Asset Allocation

As on June 30, 2020, the fund's gold exposure was 71.21%, while 28.73% of the Net Assets was invested in cash.

### Performance Review

Meezan Gold Fund posted a total income of Rs. 108 million during FY19 as compared to total Income Rs. 96 million last year. Total income comprised of realized and unrealized gains on investments in gold of Rs. 8 million and Rs. 79 million respectively while profit on saving accounts with bank of Rs. 9 million. Price Adjustment Charges contributed 13 million in the net income. After accounting for expenses of Rs. 16 million, the fund posted a net income of Rs. 92 million. The net assets of the Fund as at June 30, 2020 were Rs. 548 million as compared to Rs. 478 million at the end of last year depicting an increase of 15%.

During the fiscal year 2020, Meezan Gold Fund provided a return 23.76% to its investors due to rise in international gold prices and PKR depreciation.

## Report of the *Shari'ah* Advisor – Meezan Gold Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 1, 2019 to June 30, 2020 was the Fifth year of operations of Meezan Gold Fund (MGF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 3.7.1 of the Offering Document of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MGF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MGF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MGF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN GOLD FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Gold Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Gold Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Gold Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 390.225 million and balances with banks aggregated to Rs 157.431 million.  The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li><li>Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM/

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

- 1.4** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.5** Title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as trustee of the Fund. The fund is listed on Pakistan Stock Exchange Limited.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6) and taxation (note 18).

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments in gold which is stated at its fair values.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Funds' functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

## **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

## **4.3 Financial assets**

### **4.3.1 Classification and subsequent measurement**

#### **4.3.2 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost;
- at fair value through other comprehensive Income (FVOCI);
- at fair value through profit or loss (FVTPL) based on the business model of the Entity.

The financial assets of the Fund which are held for collection are measured at amortised cost.

#### **4.3.3 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.6 Derivatives**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

## **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

## **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.6 Investment in Gold

Investment in Gold is initially recognized at fair value less cost to sell. Subsequent to initial recognition, these are measured at fair value using spot rate (i.e. immediately next day after expired contract) fixed by Pakistan Mercantile Exchange Limited (PMEX). Gain or loss arising from changes in fair value less cost to sell are recognized in Income Statement in the period of change.

#### 4.7 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.8 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 4.9 Issuance and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus the allowable sales load, provision for transaction costs and any provision for duties and charges, if applicable. The sales load is payable to the investment facilitators, distributors and the Management Company.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less any back-end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### 4.10 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### 4.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.12 Revenue recognition

- Gains / (losses) arising on sale of gold are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of gold are included in the Income Statement in the period in which they arise.
- Profit on balances with banks is recognised on a time proportion basis using the effective yield method.

#### 4.13 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.14 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90% of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

## 10 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with the NBFC Regulations, 2008, a collective investment scheme is required to pay annual fee to the Securities and Exchange Commission of Pakistan.

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to commodity fund was 0.075%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

**11.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.77 per unit (2019: Re 0.45 per unit).

- 11.2** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 0.711 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.11 (June 30, 2019: Re 0.10) per unit.

**12 PRICE ADJUSTMENT CHARGES**

Securities and Exchange Commission of Pakistan (SECP) vide a circular no.40 SCD/AMCW/ MGF/63/2017 dated June 14, 2017, allowed the fund to charge price adjustment charges. Price adjustment charge is a difference between the offer price and the bid price from the closing price of the gold transactions (contract) available at PMEX, which is added to and deducted from the NAV to determine offer and redemption prices respectively. Such charges form part of Fund Property.

Currently, price adjustment charges added/ deducted to form NAV of the fund to determine offer / redemption price is 1% of NAV.

**13 CONTINGENCIES AND COMMITMENTS**

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

	286	296

**15 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 3.32% which includes 0.55% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund (if any), sales taxes, annual fee to the SECP, etc. (June 2019: 3.78% and 0.8%). This ratio is within the maximum limit of 3% prescribed under the NBFC Regulations for a collective investment scheme categorised as Commodity Scheme.

**16 ALLOCATED EXPENSES**

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund for the year ended June 30, 2020.

## **17 SELLING AND MARKETING EXPENSES**

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense shall be 0.4% per annum of the net assets of the fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, the Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

## **18 TAXATION**

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. No provision for taxation has been made in these financial statements during the year since the income of the fund only pertains to capital gains (realised and unrealised).

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on funds as Section 4B of Income Tax Ordinance, 2001.

21 **FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The risk management policy of the Fund aims to maximise the return attributable to the unitholders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk and profit rate risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the SECP.

Risks managed and measured by the Fund are explained below:

**21.1 Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: yield / profit rate risk, currency risk, and price risk.

**(i) Profit rate risk**

The profit rate risk arises from the effects of fluctuations in the prevailing levels of market profit rates which affect cash flows pertaining to debt instruments and their fair values. The Fund does not hold any debt instruments, therefore its net assets are not exposed to these risks.

**Cash flow profit rate risk**

The Fund's profit risk arises from the balances in saving accounts.

During the year ended June 30, 2020, the net income would have increased / decreased by Rs. 1.573 million (June 30, 2019 Rs. 0.859 million) had the profit rates on profit and loss saving accounts increased / (decreased) by 100 basis points.

**Fair value profit rate risk**

Since the Fund does not have investment in fixed rate security, therefore, is not exposed to fair value profit rate risk.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

#### (ii) Currency risk

Currency risk is that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

#### (iii) Price risk

The Fund's strategy on the management of investment risk is driven by the Fund's investment objective. The primary objective of the Fund is to provide the maximum return to the unitholders by investing a significant portion of the Fund's net assets in deliverable gold based contracts in a Shariah compliant manner available on Pakistan Mercantile Exchange Limited (PMEX). The Fund's market risk is managed on a daily basis by the investment committee in accordance with the policies and procedures laid down by the SECP. Further, it is managed by monitoring exposure to gold and by complying with the internal risk management policies and regulations laid down in NBFC Regulations.

The Fund's overall market positions are monitored by the Board of Directors of the Management Company on a quarterly basis.

### 21.2 Liquidity risk

Liquidity risk is the risk that the Fund may encounter difficulty in raising funds to meet its obligations and commitments. The Fund's offering document provides for the daily creation and cancellation of units and it is, therefore, exposed to the liquidity risk of meeting unit holders' redemptions at any time. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation. The Fund manages the liquidity risk by maintaining maturities of financial assets and financial liabilities and investing a major portion of the Fund's asset in highly liquid financial assets.

In accordance with the regulation 58(1)(k) of the NBFC Regulations, the Fund has the ability to borrow funds for meeting redemption requests, with the approval of the Trustee, for a period not exceeding three months to the extent of fifteen percent of its net assets. However, no such borrowing has been obtained during the year.

Further, the Fund is also allowed, in accordance with regulation 57(10) of the NBFC Regulations, to defer redemption request to next dealing day, had such requests exceeded ten percent of the total number of units in issue. However, no such defer redemption request has been exercised by the Fund during the year.

In accordance with the risk management policy of the Fund, the Fund's Investment Committee reviews the liquidity position on a daily basis, which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

In addition to unitholder fund, analysis of the Fund's financial assets and financial liabilities into relevant maturity grouping as at June 30, 2020 is tabulated below:

### 21.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

Credit risk arises from balances with banks, profit accrued on balances with banks and receivable against conversion of units.

Credit risk arising on financial assets is monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the Investment Committee monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	----- (Rupees in '000) -----			
Balances with banks	157,431	157,431	86,014	86,014
Receivable against conversion of units	397	397	18,716	18,716
Advances and deposits	9,680	9,680	15,142	15,142
	<b>167,508</b>	<b>167,508</b>	<b>119,872</b>	<b>119,872</b>

#### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued on bank balances thereon, cheques in hand, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	15.61%	1.83%
AA+	20.37%	98.15%
AA	64.02%	-
A+	-	0.02%
	<b>100.00%</b>	<b>100.00%</b>

#### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Funds portfolio of financial assets is mainly held with credit worthy counterparties thereby mitigating any credit risk.

## 22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Investments in gold are non-financial assets and are recognised at fair value as disclosed in note 6.1 to these financial statements.

## 23 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund's objectives when managing unit holders funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to unit holders and to maintain a strong base of assets under management. The Fund has no restrictions on the subscription and redemption of units.

As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 24 COMMODITY RISK MANAGEMENT

### 24.1 Commodity risk

Commodity risk represent the accounting loss that would be recognised at the reporting date due to change in future market values and the size of the future income, caused by fluctuation in the prices of commodities.

Commodity risk arises on the fair value or future cash flows of a commodity which will fluctuate because of the decrease / increase in the price of the gold contract quoted on Pakistan Mercantile Exchange Limited (PMEX).

In case of 1% increase / decrease in the price of gold fixed by Pakistan Mercantile Exchange Limited (PMEX) as on June 30, 2020, with all other variables held constant, the total income of the Fund for the year would increase / decrease by Rs 3.902 million (2019: Rs 3.643 million) and the net assets of the Fund would increase / decrease by the same amount as a result of change in the fair value thereof.

**31 GENERAL****31.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

**31.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

## REPORT OF THE FUND MANAGER Meezan Islamic Income Fund (MIIF)

### Type of Fund

Open end mutual fund which falls under the Income Fund category.

### Objective

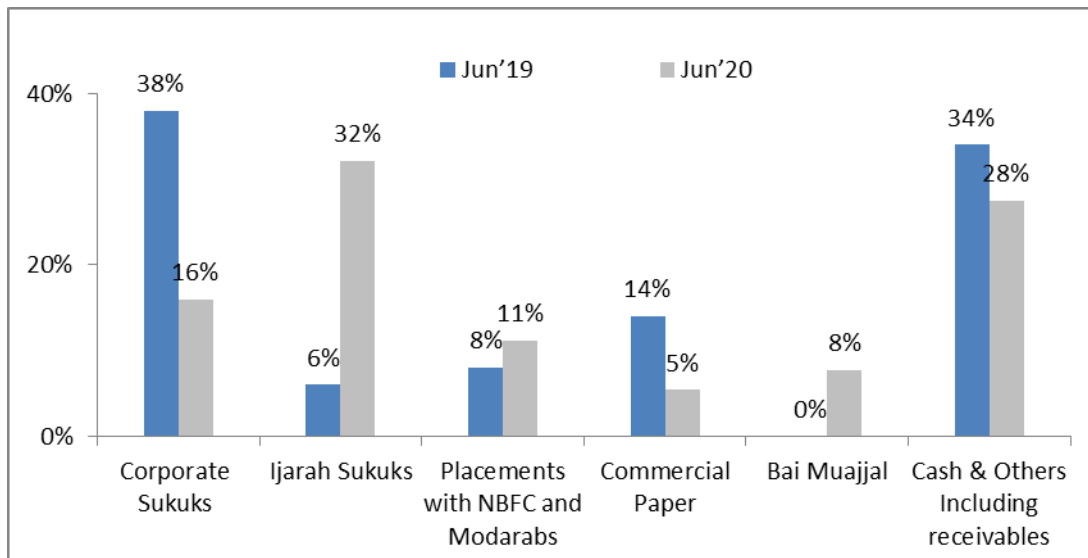

The Fund's primary objective is to provide investors with a competitive and stable rate of current income in a Shariah compliant way. A secondary objective is to take advantage of opportunities to realize capital appreciation. The Fund shall seek to provide investors with a rate of total return consistent with a broadly diversified portfolio of long, medium and short term high quality Islamic Income instruments.

### Strategy, Investment policy and asset allocation

MIIF invests in Corporate and Sovereign Sukuks (Islamic Bonds), Musharaka and Murabaha instruments, Shariah Compliant spread transactions, Certificate of Islamic Investments, Islamic bank deposits, and other Islamic Income products.

During the year, the focus was on proactive and continuous reallocation between high yield instruments, so as to maximize fund yield, while maintaining a balance within the risk management constraints. Term Deposits were also placed in order to lock in relatively higher profit rates.

### Sector Allocation as on June 30, 2019 and 2020

### Performance Review

During FY20, Meezan Islamic Income Fund (MIIF) provided a full year return of 11.57% as compared to its benchmark return of 6.33%. The fund manager remained on a continuous look out for deployment opportunities in high quality corporate Sukuks and investments were made in Sukuks issued by companies in the Chemicals, Pharmaceuticals, Fertilizer, Textile and Power sector during the year. In line with monetary easing expectations, TDRs above three months' tenor were placed during the year. The fund has three non performing Sukuks currently (Sukuks of Eden Housing Limited, Security Leasing Company Limited and Arzoo Textile Mills Limited) but it is pertinent to note that these stand fully provided for; a case for Arzoo Textile Mills Limited Sukuks is already under contestation in the courts, for Eden Housing Limited, Bank Islami is currently in the process of filing a case against the company since rescheduling terms could not be agreed and for Security Leasing Company Limited, negotiations have not been very fruitful so it appears that the most likely way forward will be procession of legal proceedings

against the company but the Sukuks holders are yet to reach a conclusion on the matter. As at year end, the fund was invested 53% in Islamic Sukuks, 19% in Modarabas and DFIs and other 28% in Islamic Bank Deposits including other receivables.

The Fund earned a gross income of Rs. 2,658 million, which was primarily due to profit on Sukuks certificates amounting worth Rs. 952 million. Profit on saving accounts at Islamic banks contributed Rs. 1,332 million, profit on musharakah certificates Rs. 130 million, Profit on Bai Muajjal Rs. 194 million while realized gain on sale of Sukuks certificates was Rs. 29 million. On the other side, the fund incurred unrealized appreciation worth Rs. 18 million. The fund also incurred expenses totalling to Rs. 386 million, which brought the net income figure to Rs. 2,272 million. The net assets of the Fund as at June 30, 2020 were Rs. 27,776 million as compared to Rs. 9,471 million at the end of last year depicting an increase of 193%. The net asset value per unit as at June 30, 2020 was Rs. 51.47 (Ex-Dividend) as compared to Rs. 51.44 per unit as on June 30, 2019.

## Report of the *Shari'ah* Advisor – Meezan Islamic Income Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Thirteenth year of operations of Meezan Islamic Income Fund (MIIF) under management of Al Meezan Investment Management Limited (AMIM). We, Meezan Bank Limited, are the *Shari'ah* advisors of the Fund and are issuing the report in accordance with clause 7.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shari'ah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MIIF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MIIF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MIIF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**Dr. Muhammad Imran Ashraf Usmani**

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN ISLAMIC INCOME FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Islamic Income Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Islamic Income Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Islamic Income Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 20,666.58 million and balances with banks aggregated to Rs 6,857.317 million.  The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li><li>Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

*MIL*

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN ISLAMIC INCOME FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Islamic Income Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on September 13, 2006 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) notified through S.R.O. 1203 (I) / 2008 on November 21, 2008. The Management Company has been licensed by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The Fund has been formed to provide the unitholders safe and stable stream of halal income on their investments and to generate superior long-term risk adjusted returns. The Fund shall also keep an exposure in short-term instruments for the purpose of maintaining liquidity and to capitalise on exceptional returns, if available, at any given point of time. Under the Trust Deed all conducts and acts of the Fund are based on Shariah principles. Meezan Bank Limited acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah. The investment objectives and policies are explained in the Fund's offering document.
- 1.3** The Fund is listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund. The Fund is categorised as an Open End Shariah Compliant (Islamic) Income Scheme in accordance with Circular 7 of 2009 issued by the SECP.
- 1.4** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes. The Fund has been given a stability rating of A(f) by VIS Credit Rating Company Limited.
- 1.5** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at fair value.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

**4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification and subsequent measurement**

##### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore, the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

##### **4.3.1.2 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

The Fund can only invest in equity securities for the purpose of spread transactions as approved by Shariah Advisor.

#### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.2.1 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

#### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.4 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.5 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### **4.3.6 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours of the day when the application is received. The offer price represents the Net Asset Value (NAV) of the units as of the close of that business day plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the distributors and the Management Company.

Units redeemed are recorded at the redemption price prevalent on the date on which the distributors receive redemption applications during business hours on that date. The redemption price represents the NAV per unit as on the close of business day less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Profit on saving account with banks is recognised on time proportion basis using the effective yield method.
- Income on sukuk certificates, term deposit receipts, musharakah certificates and government securities is recognised on time proportion basis using the effective yield except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by SECP for which the profits are recorded on cash basis.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Income on bai muajjal is recognised on time proportion basis, the difference between the sale and the credit price is recognised over the credit period.

#### **4.12 Expenses**

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### **4.13 Taxation**

##### **Current**

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### **Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### **4.14 Earnings / (loss) per unit**

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

**6.1.2.2.1** On May 6, 2011, Arzoo Textile Mills Limited and Eden Housing Limited sukuk certificates have been classified as non-performing by Mutual Funds Association of Pakistan (MUFAP). Therefore in accordance with the requirement of SECP's Circular No.33 of 2012, the sukuk certificates have been classified as non-performing assets and no further profit has been accrued thereafter. Further, in accordance with the said Circular, an amount of Rs. 70 million and Rs. 58.472 million respectively have also been held as provision against the outstanding principal as at June 30, 2020.

**6.1.2.2.2** The agreement with Security Leasing Corporation Limited (SLCL) had been amended on February 19, 2012. In accordance with the revised terms no mark-up is payable on the said sukuk as per the approval of contributories to the sukuk certificate. The sukuk certificates have been classified as non-performing by MUFAP on April 3, 2012. Therefore, in accordance with the requirement of circular no.33 of 2012, the sukuk certificates have been classified as non-performing assets and no further profit has been accrued thereafter. Further, in accordance with the provisioning policy of the Fund, an amount of Rs 15.403 million has also been held as provision against the outstanding principal as at June 30, 2020.

**6.1.2.2.3** In accordance with the requirements of SECP's Circular No. 7 of 2009, rating of any debt security in the portfolio of Income Scheme shall not be lower than the investment grade. Sukuk of Hascol Petroleum Limited has been assigned a credit rating of BBB- by VIS dated April 17, 2020 (2019: AA dated April 24, 2019) making it non-compliant.

**6.1.2.3** Circular No. 33 of 2012 allows the asset manager to apply a mark up/mark down within available limit for valuation of any specific debt security. Exercising the discretionary power, the above mentioned Sukuks of Javedan Corporation Limited has been valued at a discretionary rate of 99.9978 when the reported market rate on MUFAP valuation sheet as at June 30, 2020 was 102.0045.

**6.1.2.4** Sukuk certificates of Agha Steel Industries Limited, Hub Power Company Limited, Power Holding Limited (Pakistan Energy Sukuk II) and K Electric Limited are carried at their cost as they are not valued by MUFAP / at PKISRV.

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on dividend and profit on debt paid to the Fund has been deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on profit on debt amounts to Rs. 2.881 million (2019: Rs. 2.881 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit received by the Fund on dividends and profit on debt has been shown as other receivables as at June 30, 2020 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

		<u>344,432</u>	<u>142,719</u>

- 11.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.16 per unit (2019: Re 0.21 per unit).

- 11.2** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 53.059 million (2019: 53.059 million) is being retained in these financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2020 would have been higher by Re 0.10 ( 2019: Re 0.29 ) per unit.

## **12 CONTINGENCIES AND COMMITMENTS**

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

## **13 AUDITORS' REMUNERATION**

Half yearly review	130	137
Fee for other certifications	92	100
Out of pocket expenses	7	43
	<u>630</u>	<u>644</u>

## **14 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 1.81% which includes 0.35% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, Sales Taxes, Federal excise Duties, Annual fee to the SECP etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Income Scheme.

## 15 ALLOCATED EXPENSES

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund for the period from July 1, 2019 to July 21, 2019 and 0.15% for the period from July 22, 2019 to June 30, 2020.

## 16 SELLING AND MARKETING EXPENSES

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the net assets of the Fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Accordingly, The Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

## 17 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

## 20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

### 20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

#### (i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks, investments in sukuk certificates, commercial papers and certificates of musharakah. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds KIBOR based sukuks certificates and balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs. 220.437 million (2019: Rs. 79.987 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2020, the Fund did not hold any fixed rate instrument that may expose the fund to fair value profit rate risk. In case of 100 basis points increase / decrease in rates announced by the Financial Markets Association of Pakistan for GoP ijarah sukuks and with all other variables held constant, the net income for the year and net assets of the Fund would have been higher / lower by Rs 54.801 million (2019: Rs 14.265 million).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in interest rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

## (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

## (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2020.

## 20.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

**20.3 Credit risk**

**20.3.1** Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties fail completely to perform as contracted.

Credit risk arises from deposits with banks and financial institutions, profit receivable on bank deposits, credit exposure arising as a result of investment in debt securities, profit receivable on debt securities, receivable against issuance and conversion and receivable against sale of investments.

Credit risk arising on the debt instruments other than government securities is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed. The Fund, however, also invests in unrated instruments based on internal ratings assigned by the Fund manager using an approach that is consistent with the approach used by the rating agencies. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. For debt instrument settlement, Delivery versus Payment (DvP) mechanism applied by Trustee of the Fund minimize the credit risk. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

2020		2019	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

(Rupees in '000)

Balance with banks and term deposits	6,857,317	6,857,317	2,971,017	2,971,017
Investments in debt instruments	20,666,580	11,585,190	6,454,219	5,854,219
Receivable against conversion of units	425,168	425,168	3,802	3,802
Deposits and other receivables	293,464	293,464	253,131	253,131
	<b>28,242,529</b>	<b>19,161,139</b>	<b>9,682,169</b>	<b>9,082,169</b>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets. Investment in government securities, however, are not exposed to credit risk and have been excluded from the above analysis as these are guaranteed by the Government of Pakistan.

### 20.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon and receivable against conversion of units and against investments, term deposit receipts, certificates of musharakah and investments in sukuk certificates. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	9%	-
AA+	4%	3%
AA-	17%	10%
AA	-	-
A+	69%	-
A	1%	87%
	<b>100%</b>	<b>100%</b>

Ratings of sukuk (other than Government securitites) have been disclosed in related notes to the financial statements. GoP Ijarah Sukuk are government guaranteed.

### 20.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentrations of credit risk.

The Fund does not have any collateral against any of the aforementioned assets. The issuer of the Sukuk, however, pledge securities with the investment agent in Trust for the benefit of the Sukuk Holder.

Due to the Fund's long standing business relationships with these counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Fund except for Arzoo Textiles Limited Sukuk, Security Leasing Corporation Sukuk and Eden Housing Limited Sukuk (refer note 6).

## 21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3
	Rupees in '000		
<b>Financial assets - at fair value through profit or loss</b>			
Sukuk certificates	-	13,586,435	-
Certificates of musharakah*	-	1,600,000	-
Commercial papers**	-	1,522,415	-
Bai Muajjal receivable**	-	3,957,730	-
	-	<b>20,666,580</b>	-

	2019		
	Level 1	Level 2	Level 3
	Rupees in '000		
<b>Financial assets - at fair value through profit or loss</b>			
Sukuk certificates	-	4,277,722	-
Certificates of musharakah*	-	750,000	-
Commercial papers**	-	1,426,497	-
	-	<b>6,454,219</b>	-

\* The carrying value of these securities approximate their fair value since these are short term in nature and are placed with counter parties which have high credit ratings.

\*\* The valuation of commercial papers has been done based on amortisation of commercial paper to its face value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and they are placed with counterparties which have high credit rating. The commercial papers having maturity slightly more than six months have also been valued on the same basis.

## 22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 20, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

**29 GENERAL****29.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

**29.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**29.3** Figures have been rounded off to the nearest thousand Rupee unless otherwise stated.

## REPORT OF THE FUND MANAGER Meezan Sovereign Fund (MSF)

### Type of Fund

Open end Sovereign mutual fund which falls under the category of Income Funds.

### Objective

The Fund's primary objective is to provide investors with a low risk and stable rate of current income by primarily investing in Shariah Compliant Sovereign Securities.

### Investment Policy and Strategy

The investment policy of the fund demarcates that at least 70% of the net assets of the fund shall be invested in Shariah compliant fixed income government securities on a monthly average basis while at least 10% of the fund size has to be maintained in cash on a monthly average basis. The remaining allocation can be in other permissible Islamic investment avenues. The instruments in which MSF invests are Sovereign Sukuks (Islamic Bonds), Musharaka and Murabaha instruments, Certificate of Islamic Investments, Islamic bank deposits and other Sovereign Islamic income products.

### Sector Allocation for the year ended FY19 and FY20

The asset allocation of the fund on June 30, 2019 and June 30, 2020 is as follows:

### Performance Review

Meezan Sovereign Fund (MSF) provided a return of 11.17% to its investors for the year ended June 30, 2020 against a benchmark return of 7.93%.

	Six Month deposits at Islamic Banks	
	MSF	
Net Asset Value as on June 30, 2019	51.53	
Net Asset Value as on June 30, 2020	51.55	
Return for the year	11.17%	7.93%
Outperformance	3.24%	

*Benchmark: 6 Month PKISRV Rate*

During the year, the Fund earned a gross income of Rs. 559 million, which was primarily due to profit on Sukuks certificates worth Rs. 214 million. ## Report of the *Shari'ah* Advisor – Meezan Sovereign Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Tenth year of operations of Meezan Sovereign Fund (MSF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedures to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MSF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MSF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MSF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**Dr. Muhammad Imran Ashraf Usmani**

For and on behalf of Meezan Bank

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN SOVEREIGN FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Sovereign Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Sovereign Fund  
Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Sovereign Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 7,182.290 million and balances with banks aggregated to Rs 2,580.042 million.  The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and</li><li>Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

M 14

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN SOVEREIGN FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1 Meezan Sovereign Fund (the Fund) was established under a trust deed executed between Al Meezan Investment Management Limited (Al Meezan) as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on May 14, 2009 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi, 74400, Pakistan.
- 1.2 The Fund has been formed to provide the unit holders maximum possible preservation of capital along with Halal and reasonable returns by investing primarily in a portfolio of Shariah compliant government securities thus, minimising the credit risk of investments. The Fund shall also keep an exposure in short-term near cash instruments for the purpose of maintaining liquidity and to capitalise on exceptional returns if available at any given point of time. Under the Trust Deed, all conducts and acts of the Fund are based on Shariah. Meezan Bank Limited (MBL) acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah. The investment objectives and policies are explained in the Fund's offering document.
- 1.3 The Fund is an open-end Shariah Compliant (Islamic) Income Scheme, listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.
- 1.4 The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 29, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes. The Fund has been given a stability rating of AA-(f) by VIS Credit Rating Company Limited.
- 1.5 The title to the assets of the Fund are held in the name of the Central Depository Company of Pakistan Limited as the Trustee of the Fund.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor are accounted for on substance rather than the form prescribed by the aforementioned guidelines. This practice is being followed to comply with the requirements of the approved accounting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except that investments classified as 'at fair value through profit or loss' measured at their fair values.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Funds operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years.

**4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification and subsequent measurement**

##### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

##### **4.3.1.2 Equity instruments**

Equity instruments are instruments that meet the definition of equity from the issuer's perspective and are instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All equity investments are required to be measured in the "Statement of Assets and Liabilities" at fair value, with gains and losses recognised in the "Income Statement", except where an irrevocable election has been made at the time of initial recognition to measure the investment at FVOCI. The management considers its investment in equity securities being managed as a group of assets and hence has classified them as FVPL. Accordingly, the irrevocable option has not been considered.

The dividend income for equity securities classified under FVPL is recognised in the Income Statement.

Since all investments in equity instruments have been designated as FVPL, the subsequent movement in the fair value of equity securities is routed through the Income Statement.

The Fund can only invest in equity securities for the purpose of spread transactions as approved by Shariah Advisor.

#### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.2.1 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

#### **4.3.3 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### 4.3.4 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### 4.3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### 4.3.6 Derivatives

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### 4.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### 4.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 4.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the Management Company / distributors during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / distributors.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company / distributors receive redemption applications during business hours of that day. The redemption price is equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges.

#### 4.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between net assets value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are included in the Income Statement currently, on the date when the transaction takes place.
- Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.
- Income on term deposit receipts and Government securities is recognised on a time proportionate basis using the effective yield method.
- Profit on saving account with banks is recognised on time proportion basis using the effective yield method.

#### **4.12 Expenses**

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### **4.13 Taxation**

##### **Current**

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### **Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit.

The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Provided that, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### **4.14 Earnings / (loss) per unit**

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

	Provision for Federal Excise Duty and related Sindh Sales Tax on sales load	11.2	2,562	2,562
			<u>164,081</u>	<u>113,666</u>

- 11.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Re. 0.14 per unit (2019: Re 0.15 per unit).

- 11.2** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 82.639 million (2019: Rs 82.639 million) is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision for FED not been made, the Net Asset Value of the Fund as at June 30, 2020 would have been higher by Re 0.44 (2019: Re. 0.75) per unit.

## 12 CONTINGENCIES AND COMMITMENTS

There were no other contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

## 13 AUDITORS' REMUNERATION

Out of pocket expenses	28	35
	<u>540</u>	<u>551</u>

## 14 TOTAL EXPENSE RATIO

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 1.57% which includes 0.32% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, federal excise duties, annual fee to SECP, etc. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as an Income Scheme.

## 15 ALLOCATED EXPENSES

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund for the period from July 1, 2019 to July 21, 2019 and 0.15% for the period from July 22, 2019 to June 30, 2020.

## 16 SELLING AND MARKETING EXPENSES

The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e. from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the net assets of the Fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Effective from July 22, 2019, the Management Company has started charging selling and marketing expenses to the Fund. The Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

## 17 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

**20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The risk management policy of the Fund aims to maximise the return attributable to the unitholders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk, interest rate risk and currency risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, 2008, and the directives issued by Securities and Exchange Commission of Pakistan (SECP).

Risks managed and measured by the Fund are explained below:

**20.1 Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee and regulations laid down by the SECP.

Market risk comprises of three types of risks: Profit rate risk, currency risk, and price risk.

**(i) Profit rate risk**

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks and investments in sukuk certificates. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds KIBOR based sukuks certificates and balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 97.59 million (2019: Rs. 62.54 million).

**b) Sensitivity analysis for fixed rate instruments**

As at June 30, 2020, the Fund did not hold any fixed rate instrument that may expose the fund to fair value profit rate risk. A 100 basis points increase / decrease in rates announced by the Financial Markets Association of Pakistan for sukuk certificates with all other variables held constant, would not have impacted the net income for the year and net assets of the Fund (2019: Rs nil).

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- 2020 -----

**(ii) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

**(iii) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

Equity price risk is the risk that the fair value of equity instruments decreases as a result of changes in the level of equity indices and the value of individual stocks. The Fund does not have any investment in equity securities as of June 30, 2020.

**20.2 Liquidity risk**

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, 2008, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

## 20.3 Credit risk

**20.3.1** Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arises from deposits with banks and financial institutions, profit receivable on bank deposits, credit exposure arising as a result of investment in debt securities, profit receivable on debt securities, receivable against issuance and conversion and receivable against sale of investments.

Credit risk arising on the debt instruments other than government securities is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed. The Fund, however, also invests in unrated instruments based on internal ratings assigned by the Fund manager using an approach that is consistent with the approach used by the rating agencies. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. For debt instrument settlement, Delivery versus Payment (DvP) mechanism applied by Trustee of the Fund minimize the credit risk. In accordance with the risk management policy of the Fund, the investment manager monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets	Maximum exposure to credit risk	Balance as per statement of assets and	Maximum exposure to credit risk
----- Rupees in '000 -----				
Balances with banks	2,580,042	2,580,042	5,132,514	5,132,514
Investments	7,182,290	132,290	1,124,715	174,715
Receivable against conversion of units	149,747	149,747	59,236	59,236
Deposits and other receivables	104,676	104,676	70,373	70,373
	<b>10,016,755</b>	<b>2,966,755</b>	<b>6,386,838</b>	<b>5,436,838</b>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets. Investment in government securities, however, are not exposed to credit risk and have been excluded from the above analysis as these are guaranteed by the Government of Pakistan.

### 20.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon and receivable against sale of units and against investments, investments in sukuk certificates. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	74.97	58.60
AA+	2.30	9.48
AA	0.96	22.42
A+	0.21	9.50
A	0.00	-
AA-	21.55	-

## 21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3

## 22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 20, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

**29 GENERAL**

**29.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

## **29.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**29.3** Figures have been rounded off to the nearest thousand Rupees unless otherwise stated.

## REPORT OF THE FUND MANAGER Meezan Cash Fund (MCF)

### Type of Fund

Open end cash fund investing primarily in Shariah compliant money market and Islamic bonds (Sukuks).

### Objective

Its objective is to seek maximum possible preservation of capital and a reasonable rate of return via investing primarily in liquid Shariah compliant money market & debt securities.

### Investment Policy and Strategy

The fund provides investors with the opportunity to park their excess liquidity in secure high quality instruments. To minimize the impact of interest rate volatility, the investment policy limits the investment avenues to short term tenors. As per its investment policy, MCF can invest or place funds in instruments/avenues with a credit rating of at least 'double A' (AA). Moreover, the investment policy limits interest rate risk by capping the maturity of instruments up to a maximum of six months, along with maximum portfolio duration of three months.

#### Sector Allocation as on June 30th 2019 and 2020

## Report of the *Shari'ah* Advisor – Meezan Cash Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Eleventh year of operations of Meezan Cash Fund (MCF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MCF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MCF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MCF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN CASH FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Cash Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**Badiuddin Akber**  
Chief Executive Officer  
Central Depository Company of Pakistan Limited

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Cash Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Cash Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S.No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 4,172.191 million and balances with banks aggregated to Rs 10,054.710 million.  The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following:  <ul style="list-style-type: none"> <li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li> <li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>▪ Ensured that the investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM -

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN CASH FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Cash Fund (the Fund) was established under a trust deed executed between Al Meezan Investment Management Limited (Al Meezan) as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The trust deed was executed on May 14, 2009 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations). The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The Fund has been formed to provide the unitholders safe and stable stream of halal income on their investments and to generate superior long term risk adjusted returns. The Fund shall also keep an exposure in short-term instruments for the purpose of maintaining liquidity and to capitalise on exceptional returns, if available, at any given point in time. The Fund shall seek to maximise preservation of capital and a reasonable rate of return via investing primarily in liquid Shariah compliant money market and Shariah compliant debt securities. Under the Trust Deed all the conducts and acts of the Fund are based on Shariah. Meezan Bank Limited (MBL) acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is categorized as an open-end Shariah Compliant (Islamic) Money Market Scheme listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.
- 1.4** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes. Further, VIS has assigned a stability rating of AA(f) to the Fund in its credit rating report dated December 30, 2019.
- 1.5** The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIII A of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

**3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

**3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

**3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.5 and 6).

**3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as at fair value through profit or loss' which are measured at their respective fair values.

**3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

**4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

**4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

## **4.3 Financial assets**

### **4.3.1 Classification and subsequent measurement**

#### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

#### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.2.1 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

#### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.6 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

## **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours of the day when the application is received. The offer price represents the net assets value of the units as of the close of that business day plus the allowable sales load, provision for duties and charges and provision for transaction costs, if applicable.

Units redeemed are recorded at the redemption price prevalent on the date on which the distributors receive redemption applications during business hours on that date. The redeemed price represents the net assets value per unit less back end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Profit on bank deposits and term deposit receipts is recognised on time proportion basis using the effective yield method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Income on sukuk certificates, placements and government securities is recognised on a time proportionate basis using the effective yield method except for the securities which are classified as non-performing asset under Circular 33 of 2012 issued by SECP for which the profits are recorded on cash basis.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / loss per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 9.1** As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2019: 1%) per annum of the average net assets from July 1, 2019 to July 21, 2019. Effective from July 22, 2019, the management company has reduced the rate of remuneration from 1% to 0.6% of average annual net assets of the fund. The remuneration is payable to the Management Company monthly in arrears.
- 9.2** During the year, an amount of Rs. 9.688 million (2019: Rs 15.191 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011, and an amount of Rs. 10.761 million (2019: Rs. 15.074 million) has been paid to the Management Company which acts as a collecting agent.
- 9.3** The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the net assets of the Fund or actual expenses whichever is lower.

During the year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Effective from July 22, 2019, the Management Company has started charging selling and marketing expenses to the Fund. The Management Company, based on its own discretion has currently determined a capping of 0.4% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which has also been approved by the Board.

- 9.4** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund for the year from July 1, 2019 to July 21, 2019 and 0.15% for the year from July 22, 2019 to June 30, 2020.

Exceeding Rs. 10 billion	Rs 8.25 million plus 0.06% per annum of net assets exceeding Rs 10 billion.		

Accordingly, the Fund has charged Trustee Fee @ 0.065% per annum during the current year.

- 10.2** During the year, an amount of Rs 1.014 million (2019: Rs 1.204 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 0.998 million (2019: Rs 1.188 million) was paid to the Trustee which acts as a collecting agent.

## 11 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to money market fund was 0.075%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

- 12.1** The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 27.018 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Re 0.10 (2019: Re 0.15) per unit.

- 12.2** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value per unit of the Fund as at June 30, 2020 would have been higher by Re 0.20 per unit (2019: Re 0.18 per unit).

**13 CONTINGENCIES AND COMMITMENTS**

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

**15 TOTAL EXPENSE RATIO**

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 1.56% which includes 0.32% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Money Market scheme.

**16 TAXATION**

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Section 4B of the Income Tax Ordinance, 2001.

## 20 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unitholders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk, interest rate risk and currency risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, 2008, and the directives issued by the Securities and Exchange Commission of Pakistan (SECP).

Risks managed and measured by the Fund are explained below:

### 20.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk and price risk.

#### (i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks and investments in corporate sukuks, commercial papers, term deposit receipts and Bai Muajjal. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

The Fund's profit rate risk arises from the balances in savings accounts and investments in corporate sukuks and term deposit receipts. At June 30, 2020, if there had been increase / decrease of 100 basis points in interest rates, with all other variables held constant, net assets of the Fund for the year then ended would have been higher / lower by Rs 110.791 million (2019: Rs 61.046 million).

#### b) Sensitivity analysis for fixed rate instruments

The Fund's fixed rate risk arises from investments in commercial papers and Bai Muajjal. At June 30, 2020, if there had been increase / decrease of 100 basis points in interest rates, with all other variables held constant, net assets of the Fund for the year then ended would have been higher / lower by Rs 31.472 million (2019: Rs 27.460 million).

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- 2020 -----

## (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

## (iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

## 20.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

**20.3 Credit risk**

**20.3.1** Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arising on the debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed.

Credit risk arises from deposits with banks and financial instruments, profit receivable on balances with banks, receivable against conversion of units and credit exposure arising as a result of receivable against sale of investments. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. For debt instrument settlement, Delivery versus Payment (DvP) mechanism applied by the Trustee of the fund minimises the credit risk. In accordance with the risk management policy of the Fund, the investment committee monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

-----Rupees in '000-----

Balances with banks	10,054,710	10,054,710	2,580,335	2,580,335
Investments	4,172,191	4,172,191	6,270,999	6,270,999
Receivable against conversion of units	184,956	184,956	130,600	130,600

Deposits	300	300	300	300
	14,472,446	14,472,446	9,074,582	9,074,582

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets.

### 20.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon and receivable against conversion of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	97.44	73.60
AA+	2.46	26.33
AA	0.10	0.07
	<u>100.00</u>	<u>100.00</u>

Ratings of sukuku, commercial paper and bai muajjal have been disclosed in related notes to the financial statements.

### 20.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties thereby any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2020 are unsecured and are not impaired.

## 21 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020		
	Level 1	Level 2	Level 3
	Rupees in '000		
<b>Financial assets - at fair value through profit or loss</b>			
Corporate sukuku *	-	675,000	-
Commercial papers **	-	1,080,275	-
Term deposit receipts - having original maturity of 3 months or less *	-	350,000	-
Bai Muajjal receivable **	-	2,066,916	-
	<u>-</u>	<u>4,172,191</u>	<u>-</u>

2019		
Level 1	Level 2	Level 3
Rupees in '000		
Financial assets - at fair value through profit or loss		
Corporate sukuku *	675,000	-
Commercial papers **	1,471,289	-
Term deposit receipts - having original maturity of 3 months or less *	2,850,000	-
Bai Muajjal receivable **	1,274,710	-
	<u>6,270,999</u>	<u>-</u>

\* The carrying value of these securities approximate their fair value since these are short term in nature and are placed with counter parties which have high credit ratings.

\*\* The valuation of commercial papers and Bai Muajjal receivable have been carried out based on amortisation of commercial papers and the sale price under Bai Muajjal to their fair values as per the guidelines given in Circular 33 of 2012 since the residual maturity of these investments is less than six months and they are placed with counterparties which have high credit rating.

## 22 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirements of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 20, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 29 GENERAL

### 29.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### **29.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

## REPORT OF THE FUND MANAGER Meezan Rozana Amdani Fund (MRAF)

### Type of Fund

Open end money market fund investing primarily in Shariah compliant money market and Islamic bonds (Sukuks).

### Objective

Its objective is to meet liquidity needs of investors by providing investors a daily pay out through investment in Shariah Compliant money market instruments.

### Investment Policy and Strategy

The fund provides investors with the opportunity to park their excess liquidity in secure high quality instruments. To minimize the impact of interest rate volatility, the investment policy limits the investment avenues to short term tenors. As per its investment policy, MRAF can invest or place funds in instruments/avenues with a credit rating of at least 'double A' (AA). Moreover, the investment policy limits interest rate risk by capping the maturity of instruments up to a maximum of six months, along with maximum portfolio duration of three months.

#### Sector Allocation as on June 30th 2020

### Performance Review

## Report of the *Shari'ah* Advisor – Meezan Rozana Amdani Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 1, 2019 to June 30, 2020 was the Second year of operations of Meezan Rozana Amdani Fund (MRAF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MRAF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MRAF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MRAF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Rozana Amdani Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Rozana Amdani Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer notes 5 and 6 to the financial statements)	
	<p>Investments and balances with banks constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 38,829.879 million and balances with banks aggregated to Rs 14,938.606 million.</p> <p>The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> <li>▪ Tested the design and operating effectiveness of the key controls for valuation of investments;</li> <li>▪ Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed;</li> <li>▪ Ensured that the investments are carried as per the valuation methodology specified in the accounting policies; and</li> <li>▪ Obtained bank reconciliation statements and tested reconciling items on a sample basis.</li> </ul>

### Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AMW

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN ROZANA AMDANI FUND**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

1.1 Meezan Rozana Amdani Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The Trust Deed was executed on October 29, 2018 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations). The Management Company has been granted license by the SECP to act as an Asset Management Company under the NBFC Rules through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.

1.2 The investment objective of the Fund is to meet liquidity needs of investors by providing investors a daily payout through investment in Shariah Compliant money market instruments. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah principles. Meezan Bank Limited (MBL) acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.

1.3 The Fund is an open-end Shariah Compliant Money Market Scheme and has the following specific features:

- (a) Dividend will be distributed to the entitled unit holders on a daily basis (i.e. each business day).
- (b) Daily dividend received by the unit holder shall be reinvested.

By distributing dividend on a daily basis, the Management Company is required to ensure that total distribution in an accounting period accumulates to an amount that is required under the tax laws and other regulations in force.

1.4 Units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.

1.5 The Management Company has been assigned a quality rating of AM1 by PACRA dated June 26, 2020 (2019: AM1 dated June 28, 2019) and VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes. The stability rating of the Fund is AA(f) given by VIS Credit Rating Company Limited.

1.6 The title to the assets of the Fund are held in the name of Central Depository Company of Pakistan Limited as the Trustee of the Fund.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### **3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

### **3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

### **3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### **3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as at fair value through profit or loss' which are measured at their respective fair values.

### **3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## **4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **4.1 The principal accounting policies applied in the preparation of these financial statements are set out below.**

#### **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

## **4.3 Financial assets**

### **4.3.1 Classification and subsequent measurement**

#### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognized at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

#### **4.3.2 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### **4.3.2.1 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

#### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.6 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

## **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Issue and redemption of units**

Units of the Scheme shall be allocated on the basis of Purchase (Offer) Price applicable on the date of realization of subscription money into the bank account of the Scheme.

Units redeemed are recorded at the redemption price prevalent on the date on which the distributors receive redemption application during business hours on that date. The redeemed price represents the net assets value per unit less back end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.9 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year. As more fully explained in note 1.3 to the financial statements, the Fund is required to make distribution on each business day.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between Net Asset Value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.11 Revenue recognition**

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Profit on bank deposits and term deposit receipts is recognised on time proportion basis using the effective yield method.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Income on sukuk certificates, placements and government securities is recognised on a time proportionate basis using the effective yield method except for the securities which are classified as non-performing asset under Circular 33 of 2012 issued by SECP for which the profits are recorded on cash basis.
- Income on bai muajjal is recognised on time proportion basis, the difference between the sale and the credit price is recognised over the credit period.

#### 4.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.13 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

**10.1** As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit.

During the year, the Management Company has charged the remuneration at 5% of gross earnings of the Fund subject to minimum of 0.25% and maximum of 1% of average annual net assets. Effective from July 22, 2019, the Management Company has reduced charging of the remuneration from 5% to 2% of gross earnings of the Fund subject to minimum of 0.25% and maximum of 1% of average annual net assets and has charged accordingly at the same rates.

**10.2** During the year, an amount of Rs. 11.289 million (2019: Rs. 3.264 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011, and an amount of Rs. 12.179 million (2019: 2.187 million) has been paid to the Management Company which acts as a collecting agent.

**10.3** The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.4% per annum of the net assets of the Fund or actual expenses whichever is lower.

During the year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a Fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

Effective from July 22, 2019, the Management Company started charging selling and marketing expenses to the Fund. The Management Company, based on its own discretion determined a capping of 0.34% of the average annual net assets of the fund for charging of selling and marketing expenses to the Fund which had also been approved by the Board. The Management Company, based on its own discretion has suspended the charging of selling & marketing expenses from June 22, 2020.

**11.2** During the year, an amount of Rs 2.813 million (2019: Rs. 0.473 million) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 2.578 million (2019: 0.338 million) was paid to the Trustee which acts as a collecting agent.

## 12 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to money market fund was 0.075%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

		<u>114,428</u>	<u>14,784</u>

- 13.1** As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from December 28, 2018 to June 30, 2020, the net asset value of the Fund and accordingly, dividend payout as at June 30, 2020 would have been higher by Re. 0.08 per unit (2019: Re. 0.03 per unit).

## 14 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

<b>16 TOTAL EXPENSE RATIO</b>		

The Total Expense Ratio (TER) of the Fund as at June 30, 2020 is 0.94% which includes 0.28% representing government levies on the Fund such as provision for Sindh Workers' Welfare Fund, sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Money Market scheme.

## 17 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

**21 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk, interest rate risk and currency risk) credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, 2008, and the directives issued by the Securities and Exchange Commission of Pakistan (SECP).

Risks managed and measured by the Fund are explained below:

**21.1 Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk and price risk.

**(i) Profit rate risk**

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks and investments in corporate sukuks, commercial papers, term deposit receipts and Bai Muajjal. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

The Fund's profit rate risk arises from the balances in savings accounts and investment in corporate sukuks and term deposit receipts. At June 30, 2020, if there had been increase / decrease of 100 basis points in interest rates, with all other variables held constant, net assets of the Fund for the period then ended would have been higher / lower by Rs 420.21 million (2019: Rs 129.99 million).

**b) Sensitivity analysis for fixed rate instruments**

The Fund's fixed rate risk arises from investments in commercial papers and Bai Muajjal. At June 30, 2020, if there had been increase / decrease of 100 basis points in interest rates, with all other variables held constant, net assets of the Fund for the period then ended would have been higher / lower by Rs 117.472 million (2019: Rs. 30.344 million)

The composition of the Fund's investment portfolio and KIBOR rates are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

**(ii) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

**(iii) Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

**21.2 Liquidity risk**

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year ended June 30, 2020.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 21.3 Credit risk

**21.3.1** Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arising on the debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed.

Credit risk arises from deposits with banks and financial instruments, profit receivable on balances with banks, receivable against conversion of units and credit exposure arising as a result of receivable against sale of investments. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. For debt instrument settlement, Delivery versus Payment (DvP) mechanism applied by the Trustee of the fund minimises the credit risk. In accordance with the risk management policy of the Fund, the investment committee monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

2020		2019	
Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk

-----Rupees In '000-----

Balances with banks	38,829,879	38,829,879	7,673,651	7,673,651

	54,048,433	54,048,433	16,268,052	16,268,052

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets.

### 21.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its placements in banks and profit accrued thereon and receivable against conversion of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets	
	2020	2019
AAA	81.20	26.19
AA+	0.45	35.32
AA	18.34	38.49
	<u>100.00</u>	<u>100.00</u>

Ratings of corporate sukus have been disclosed in related notes to the financial statements.

### 21.3.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. As transactions are entered with credit worthy parties thereby any significant concentration of credit risk is mitigated.

All financial assets of the Fund as at June 30, 2020 are unsecured and are not impaired.

## 22 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

## 23 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirements of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 21, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

**30 GENERAL**
**30.1 Regulatory reliefs due to COVID - 19**

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### **30.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

## **REPORT OF THE FUND MANAGER**

### **Meezan Financial Planning Fund of Funds (MFPF)**

#### **Type of Fund**

Open-end Shariah Compliant (Islamic) Fund of Funds Scheme.

#### **Objective**

The fund aims to generate returns on Investments as per respective Allocation Plans by investing in Shariah Compliant Fixed Income and Equity Mutual Funds in line with risk/return preference of the investor.

#### **Strategy and Investment Policy**

MFPF has sixteen Allocation Plans which allow investors to invest according to their risk tolerance levels.

#### **The Aggressive Allocation Plan**

This Allocation Plan is suitable for Investors having a relatively higher risk tolerance and/or wish to save for long term. It shall invest at least 65% of its net assets in Shariah Compliant Equity Funds, while the remaining portion is allocated to Shariah Compliant Fixed Income Funds.

#### **The Moderate Allocation Plan**

This Allocation Plan is suitable for Investors having a relatively moderate risk tolerance and/or wish to save for medium to long term. It shall invest at least 45% of its net assets in Shariah Compliant Equity Funds, while the remaining portion is allocated to Shariah Compliant Fixed Income Funds

#### **The Conservative Allocation Plan**

This Allocation Plan is suitable for Investors having a relatively low risk tolerance and/or wish to save for short to medium term. It shall invest at least 20% of its net assets in Shariah Compliant Equity Funds, while the remaining portion is allocated to Shariah Compliant Fixed Income Funds.

#### **Meezan Asset Allocation Plan - I - IV (MAAP I-IV)**

These are closed end Plans which are suitable for Investors having a relatively moderate risk tolerance and/or wish to earn a relatively higher return over the medium term. These can switch exposure between Shariah compliant equity and fixed income mutual funds without any minimum or maximum limits, subject to expectations regarding the market performance.

In line with these different allocation plans, the benchmarks are also a combination of KSE Meezan Index 30's performance and average 6 month Islamic bank deposits as per the following detail:

## **Report of the *Shari'ah* Advisor – Meezan Financial Planning Fund of Funds**

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Seventh year of operations of Meezan Financial Planning Fund of Funds (MFPPF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 6.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MFPPF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MFPPF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MFPPF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN FINANCIAL PLANNING FUND OF FUNDS**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Financial Planning Fund of Funds (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Financial Planning Fund of Funds**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Financial Planning Fund of Funds (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 882.827 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> <li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li> <li>Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and</li> <li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li> </ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM, w

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN FINANCIAL PLANNING FUND OF FUNDS  
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2020**

**1. LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Financial Planning Fund of Funds (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited (Al Meezan) as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on July 27, 2012 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (NBFC Rules). The Fund is registered as a Notified entity under Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations) issued through S.R.O.1203(I)/2008 on November 21, 2008. The registered office of the Management Company of the Fund, is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The Fund has been formed to enable the unitholders to participate in a diversified portfolio of securities, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah guidelines. The Management Company has appointed Meezan Bank Limited as its Shariah advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is an open-end Shariah compliant Fund of Funds Scheme listed on the Pakistan Stock Exchange Limited. Units are offered for public subscription on a continuous basis except for Meezan Asset Allocation Plan-I (MAAP-I) in which the offer of units is discontinued after the end of the subscription period. However, the subscription in units may be reopened for fresh issuance by the Management Company with prior approval of the Commission after intimation to the Trustee and by providing notice to investors in order to protect the interest of the unitholders. The units of plan are transferable and can be redeemed by surrendering them to the Fund.
- 1.4** Title to the assets of the Fund are held in the name of CDC as a Trustee of the Fund. The fund property of different types of allocation plans shall be accounted for and maintained separately in books of accounts, which shall collectively constitute the Fund property of the Scheme.
- 1.5** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6** The Fund is an open-end Shariah compliant Fund of Funds Scheme that aims to generate returns on investment as per allocation plans (sub funds) namely Aggressive Allocation Plan, Moderate Allocation Plan, Conservative Allocation Plan and Meezan Asset Allocation Plan - I by investing in Shariah compliant income, money market and equity mutual funds in line with the risk tolerance of the investor. Investors of the Fund may hold different types of allocation plans and may invest in any one or more of the available allocation plans. The management may also invest in other Collective Investments Schemes available to it with prior approval of SECP. A brief description of the plans are as follows:

Aggressive Allocation Plan (Aggressive)	High risk - Long term investor This plan invests at least 65 percent of its net assets in Shariah Compliant Equity Funds and the remaining portion in Shariah Compliant Fixed Income Funds.
Moderate Allocation Plan (Moderate)	Moderate risk - Medium and long term investor This plan invests at least 45 percent of its net assets in Shariah Compliant Equity Funds and at the remaining portion in Shariah Compliant Fixed Income Funds.
Conservative Allocation Plan (Conservative)	Low risk - Medium and short term investor This plan invests at least 20 percent of its net assets in Shariah Compliant Equity Funds and the remaining portion in Shariah Compliant Fixed Income Funds.
Meezan Asset Allocation Plan I (MAAP-I)	Low risk - High return through asset allocation The allocation plan can invest its portfolio between the Equity asset classes / schemes and Fixed Income or Money Market asset classes / schemes based on the macroeconomic view and outlook of such asset classes up to 100 percent. The initial maturity of this plan is two years from the close of the subscription period (i.e. October 20, 2015). Units shall be subject to front end load. An early exit fee shall also be charged in case of redemption before the completion of the initial maturity of the plan. During the year ended June 30, 2018, Meezan Asset Allocation Plan-I (MAAP-I) was reopened for investment, after completion of two years. The plan had a revised maturity date of two years from the close of the re-subscription period (i.e. November 24, 2017). During the current year, the SECP approved the extension of the plan by one year vide its letter No. SCD / AMCW / MFPFef / 137 / 2019 dated November 13, 2019.

Each allocation plan announces separate Net Asset Value which ranks Pari Passu according to the number of units of the respective allocation plans. The books and records of each plan have been maintained separately.

## 2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

## 3 BASIS OF PREPARATION

### 3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIII A of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### 3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

### 3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These amendments may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

### 3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### 3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which are measured at their respective fair values.

### 3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

### 4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

### 4.3 Financial assets

#### 4.3.1 Classification

##### 4.3.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

The investments of the Fund includes investments in units of mutual funds which are categorised as Puttable Instruments and are mandatorily required to be classified as financial assets at fair value through profit or loss.

#### 4.3.2 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

##### Financial assets at fair value through profit or loss'

##### Basis of valuation in the collective investment scheme

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the management company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

#### 4.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### 4.3.3.1 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

#### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.6 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### **4.3.7 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Unit holders' Fund**

Unit holders' Fund of each allocation plan representing the units issued by each respective sub fund separately, is carried at the redemption amount representing the investors' right to a residual interest in the respective sub fund's net assets.

#### **4.9 Issuance and redemption of units**

Units issued are recorded at the offer price of each allocation plan, determined by the Management Company for the applications received by the distributors during business hours of the day when the applications are received. The offer price of each allocation plan represents the net assets value (NAV) of the units as of the close of that business day plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the distributor and the Management Company.

Units redeemed are recorded at the redemption price of each allocation plan prevalent on the date on which the distributors receive redemption application during business hours on that date. The redemption price represents the net assets value (NAV) per unit as of close of business day less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.10 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between net assets value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the net assets value (NAV) per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' Fund. However, to maintain the same ex-dividend net asset value (NAV) of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders Fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.12 Revenue recognition**

- (i) Gains / (losses) arising on sale of investments are included in the Income Statement on the date when the transaction takes place.
- (ii) Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the date of book closure of the investee Fund declaring the dividend.
- (iii) Profit on bank deposit is recognized on time proportion basis using the effective yield method.
- (iv) Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.

#### **4.13 Expenses**

All expenses including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### **4.14 Taxation**

##### **Current**

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### **Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on Funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 7.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2019: 1%) per annum of the daily bank balance of the Fund during the year ended June 30, 2020. The remuneration is payable to the Management Company monthly in arrears.
- 7.2 During the year, an amount of Rs 0.044 million (2019: Rs 0.040 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 at the rate of 13% (2019: 13%) and an amount of Rs. 0.035 million (2019: Rs. 0.034 million) has been paid to the Management Company which acts as a collecting agent.
- 7.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund.

10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual Funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual Funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual Funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs/mutual Funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value (NAV) per unit of the Fund as at June 30, 2020 would have been higher by Re 0.81 / 50%, 0.47 / 13%, 0.34 / 32%, 1.54 / 3%, for Aggressive Allocation Plan, Moderate Allocation Plan, Conservative Allocation Plan, MAAP-I (2019: by Re 0.54 / 1.31%, 1.09 / 1.84%, 0.67 / 1.10%, 1.11 / 2.22% and 0.26 / 0.56% (July 24, 2018) for Aggressive Allocation Plan, Moderate Allocation Plan, Conservative Allocation Plan, MAAP-I, and MAAP-IV, respectively).

10.2 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs 0.44 million, Rs 0.537 million, Rs 0.564 million and Rs 3.31 million in Aggressive Allocation Plan, Moderate Allocation Plan, Conservative Allocation Plan and MAAP- I respectively is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision of FED not been made, the Net Asset Value of the Fund as at June 30, 2020 would have been higher by Re. 0.10, Re 0.27, Re. 0.24 and Re. 0.52 per unit in Aggressive Allocation Plan, Moderate Allocation Plan, Conservative Allocation Plan, MAAP-I and MAAP-IV (2019: Re 0.07, Re 0.14, Re 0.14, Re 0.27 and Re 0.48 per unit) respectively.

The above calculated ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Fund of Fund scheme.

## 14 TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per section 4B of the Income Tax Ordinance, 2001.

## 17 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

### 17.1 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

**(i) Profit rate risk**

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.127 million (2019: Rs. 0.153 million).

**b) Sensitivity analysis for fixed rate instruments**

As at June 30, 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- As at June 30, 2020 -----

#### 17.1.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### 17.1.2 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in open end mutual funds. The Fund manages its price risk arising from investments by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

In case of 1% increase / decrease in equity prices as at June 30, 2020 with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 8.828 million (2019: Rs. 13.896 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

#### 17.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

	Maturity up to					2020

### 17.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
----- (Rupees in '000) -----

	<u>896,192</u>	<u>13,365</u>	<u>1,405,438</u>	<u>15,863</u>

#### 17.3.1 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, receivable against sale of units and receivable against sale of investments. The credit rating profile of balances with banks is as follows:

	As at June 30, 2020		As at June 30, 2019	
	(Rs. in '000)	(Percentage)	(Rs. in '000)	(Percentage)
AA+	12,679	96.58	15,287	97.26
AA	446	3.40	427	2.72
AA-	-	-	-	-
A+	3	0.02	3	0.02
	<u>13,128</u>	<u>100.00</u>	<u>15,717</u>	<u>100.00</u>

None of the financial assets were considered to be past due or impaired as on June 30, 2020.

The Fund does not have any collateral against any of the aforementioned assets.

### 18 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 17, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

### 19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020			2019		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
	(Rupees in '000)			(Rupees in '000)

## 25 GENERAL

### 25.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### 25.2 Operational Risk Management

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

25.3 Figures have been rounded off to the nearest thousand Rupees unless otherwise stated.

## **REPORT OF THE FUND MANAGER**

### **Meezan Strategic Allocation Fund (MSAF)**

#### **Type of Fund**

MSAF is a perpetual Shariah Compliant (Islamic) Fund of Funds Scheme.

#### **Objective**

The fund aims to generate returns on Investments as per respective Allocation Plans by investing in Shariah Compliant Fixed Income and Equity Mutual Funds in line with risk/return preference of the investor.

#### **Strategy and Investment Policy**

MSAF has six Allocation Plans which allow investors to invest according to their risk tolerance levels.

These are closed end Plans which are suitable for Investors having a relatively moderate risk tolerance and/or wish to earn a relatively higher return over the medium term. These can switch exposure between Shariah compliant equity and fixed income mutual funds without any minimum or maximum limits, subject to expectations regarding the market performance.

In line with these different allocation plans, the benchmarks are also a weighted average combination of KSE Meezan Index 30 and Fixed Income/Money Market Schemes performance, according to the invested percentages in both the asset classes.

Meezan Strategic Allocation Plan - I	Weighted avg. return of KMI 30 Index and Fixed Income/ Money Market Scheme as per actual allocation.

## Report of the *Shari'ah* Advisor – Meezan Strategic Allocation Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 1, 2019 to June 30, 2020 was the Fourth year of operations of Meezan Strategic Allocation Fund (MSAF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 3.7.1 of the Offering Document of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, we have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, we hereby certify that:

- i. We have reviewed and approved the modes of investments of MSAF in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MSAF by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MSAF for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**Dr. Muhammad Imran Ashraf Usmani**

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN STRATEGIC ALLOCATION FUND**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Strategic Allocation Fund (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Strategic Allocation Fund**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Strategic Allocation Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 3,389.974 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM 12

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ with the requirements of IFRSs, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### **3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year**

There are certain amendments to the standards and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2019 but are considered not to be relevant or do not have any significant effect on the Fund's operations and are, therefore, not disclosed in these financial statements.

### **3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective**

The following amendments would be effective from the dates mentioned below against the respective amendment:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These standards may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these standards on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant impact on the Fund's operations and are, therefore, not disclosed in these financial statements.

### **3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### **3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which is measured at fair value.

### **3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## **4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years presented.

### **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial instruments**

#### **4.3.1 Classification**

##### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

The investments of the Fund includes investments in units of mutual funds which are categorised as Puttable Instruments and are mandatorily required to be classified as financial assets at fair value through profit or loss.

#### **4.3.2 Subsequent measurement**

Subsequent to initial recognition, financial assets are valued as follows:

##### **a) 'Financial assets at fair value through profit or loss'**

###### **Basis of valuation in the collective investment scheme**

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the management company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

### **.3 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.6 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### **4.3.7 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### **4.8 Unitholders' fund**

Unitholders' fund of each sub funds representing the units issued by each respective sub fund separately, is carried at the redemption amount representing the investors' right to a residual interest in the respective sub fund's net assets.

#### **4.9 Issuance and redemption of units**

Units issued are recorded at the offer price of each allocation plan, determined by the Management Company for the applications received by the distributors during business hours of the day when the application is received. The offer price of each allocation plan represents the net assets value (NAV) of the units as of the close of that business day plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the distributor and the Management Company.

Units redeemed are recorded at the redemption price of each allocation plan prevalent on the date on which the distributors receive redemption applications during business hours on that date. The redemption price represents the net assets value (NAV) per unit as of close of business day less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.10 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed**

Element of income represents the difference between net assets value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the net assets value (NAV) per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' Fund. However, to maintain the same ex-dividend net asset value (NAV) of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders Fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.12 Revenue recognition

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the commencement of date of book closure of the investee fund declaring the dividend.
- Profit on bank deposit is recognized on a time proportion basis using the effective yield method.

#### 4.13 Expenses

All expenses including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.14 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates or tax rates expected to apply to the profits for the period at the enacted rates. The charge for current tax also include adjustments where necessary, relating to prior years which arise from assessment framed / finalised during the year.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90% of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) for the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 7.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2019: 1%) per annum of the daily bank balance of the Fund during the year ended June 30, 2020. The remuneration is payable to the Management Company monthly in arrears.
- 7.2 During the year, an amount of Rs 0.029 million (2019: Rs 0.071 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011 and an amount of Rs 0.033 million (2019: Rs 0.072 million) has been paid to the Management Company which acts as a collecting agent.
- 7.3 In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1% of the average annual net assets of the scheme for allocation of such expenses to the Fund during the year.

- 10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of MSAP-I, MSAP-II, MSAP-III, MSAP-IV, MSAP-V and MCPP-III as at June 30, 2020 would have been higher by Re. 0.263, Re. 0.050, Re. 0.054, Re. 0.064, Re. 0.048 and Re. 0.120 per unit respectively (2019: Re. 0.153, nil, nil, nil, nil and Re. 0.027 per unit respectively).

The above ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Fund of Fund Scheme.

### 14 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unit holders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Section 4B of the Income Tax Ordinance, 2001.

## 17 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

### 17.1 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

#### (i) Profit rate risk

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase / decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.051 million (2019: Rs. 0.377 million).

#### b) Sensitivity analysis for fixed rate instruments

As at June 30, 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

As at June 30, 2020

## ii Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

### iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in open end mutual funds. The Fund manages its price risk arising from investments by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

In case of 1% increase / decrease in equity prices as at June 30, 2020 with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 33.900 million (2019: Rs. 50.823 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

### 17.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 17.3 Credit risk

17.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	(Rupees in '000)			
Balances with banks	6,477	6,477	44,460	44,460
Investments	3,389,974	-	5,082,304	-
Receivable against sale of investments - net	620	620	-	-
Profit receivable on saving account with banks	110	110	109	109
	<b>3,397,181</b>	<b>7,207</b>	<b>5,126,873</b>	<b>44,569</b>

### 17.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AA+	100	100
	100	100

## 18 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020			2019		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
	(Rupees in '000)			(Rupees in '000)		
<b>Financial assets</b>						
At fair value through profit or loss	-	3,389,974	-	-	5,082,304	-
	-	3,389,974	-	-	5,082,304	-

### 19 UNITHOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 17, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 25 GENERAL

### 25.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

**25.2 Operational Risk Management**

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

**25.3** Figures have been rounded off to the nearest thousand Rupee unless otherwise stated.

**REPORT OF THE FUND MANAGER**  
**Meezan Strategic Allocation Fund – II (MSAF – II)**

**Type of Fund**

MSAF – II is a perpetual Shariah Compliant (Islamic) Fund of Funds Scheme.

**Objective**

The fund aims to generate returns on Investments as per respective Allocation Plans by investing in Shariah Compliant Fixed Income and Equity Mutual Funds in line with risk/return preference of the investor.

**Strategy and Investment Policy**

MSAF – II has two Allocation Plans which allow investors to invest according to their risk tolerance levels. These are closed end Plans which are suitable for Investors having a relatively moderate risk tolerance and/or wish to earn a relatively higher return over the medium term. These can switch exposure between Shariah compliant equity and fixed income mutual funds without any minimum or maximum limits, subject to expectations regarding the market performance.

In line with these different allocation plans, the benchmarks are also a weighted average combination of KSE Meezan Index 30 and Fixed Income/Money Market Schemes performance, according to the invested percentages in both the asset classes.

Meezan Strategic Allocation Plan - MCPP-IV	Weighted avg. return of KMI 30 Index and Fixed Income/ Money Market Scheme as per actual allocation.

## Report of the *Shari'ah* Advisor– Meezan Strategic Allocation Fund-II

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 1, 2019 to June 30, 2020 was the Second year of operation of Meezan Strategic Allocation Fund-II (MSAF-II) under management of Al Meezan Investment Management Limited (Al Meezan). The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, I have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, I hereby certify that:

- i. I have reviewed and approved the modes of investments of MSAF-II in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MSAF-II by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MSAF-II for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**MEEZAN STRATEGIC ALLOCATION FUND – II**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Strategic Allocation Fund – II (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Strategic Allocation Fund II**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Strategic Allocation Fund II (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 1,751.582 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AM, ~

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**NOTES TO AND FORMING PART OF THE FINANCIAL INFORMATION**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1. LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Strategic Allocation Fund - II (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on January 15, 2018 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, (NBFC Rules). The Fund is registered as a Notified entity under Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations) issued through S.R.O.1203(I)/2008 on October 10, 2016. The Management Company has been licensed by the SECP to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The Fund has been formed to enable the unit holders to participate in a diversified portfolio of Equity Schemes and Fixed Income / Money Market Schemes, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah guidelines. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is an open-end Shariah compliant Fund of Funds Scheme. Units are offered for public subscription on a continuous basis till the end of the subscription period. However, the subscription in units may be reopened for fresh issuance by the Management Company with prior approval of the Commission after intimation to the Trustee and by providing notice to investors in order to protect the interest of the unit holders. The units of the plan are transferable and can be redeemed by surrendering them to the Fund.
- 1.4** Title to the assets of the Fund are held in the name of CDC as the Trustee of the Fund. The Fund's property comprises of different types of allocation plans which are accounted for and maintained separately in the books of accounts and collectively constitute the Fund's property.
- 1.5** The Management Company has been assigned a rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020 (2019: AM1 dated June 28, 2019). The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6** The Fund is an open-end Shariah compliant Fund of Funds Scheme that aims to generate returns on investment as per allocation plans (sub funds) namely Meezan Capital Preservation Plan-IV (MCPV-IV), Meezan Capital Preservation Plan-V (MCPV-V), Meezan Capital Preservation Plan-VI (MCPV-VI), Meezan Capital Preservation Plan-VII (MCPV-VII) and Meezan Capital Preservation Plan-VIII (MCPV-VIII) by investing in Shariah compliant Fixed Income / Money Market and Equity Mutual funds in line with the risk tolerance of the investor. Investors of the Fund may hold different types of allocation plans and may invest in any one or more of the available allocation plans. The management may also invest in other Collective Investments Schemes available to it with prior approval of SECP.
- 1.7** A brief description of the plans is as follows:

## 2 BASIS OF PRESENTATION

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

## 3 BASIS OF PREPARATION

### 3.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017, along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

### 3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

### 3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These standards may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these standards on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant impact on the Fund's operations and are, therefore, not disclosed in these financial statements.

### **3.4 Critical accounting estimates and judgments**

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

### **3.5 Accounting convention**

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which is measured at fair value.

### **3.6 Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Funds operates. These financial statements are presented in Pakistani Rupees, which is the Fund's functional and presentation currency.

## **4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1** The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all the years except for the change in accounting policy as explained in note 3.2 above.

### **4.2 Cash and cash equivalents**

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

### **4.3 Financial assets**

#### **4.3.1 Classification**

##### **4.3.1.1 Debt instruments**

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

The investments of the Fund includes investments in units of mutual funds which are categorised as Puttable Instruments and are mandatorily required to be classified as financial assets at fair value through profit or loss.

##### **4.3.2 Subsequent measurement**

Subsequent to initial recognition, financial assets are valued as follows:

## **a) 'Financial assets at fair value through profit or loss'**

### **Basis of valuation in the units of mutual funds**

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the management company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

### **4.3.3 Impairment**

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### **4.3.3.1 Impairment loss on debt securities**

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

### **4.3.4 Regular way contracts**

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

### **4.3.6 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

### **4.3.7 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

## **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

## **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### 4.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 4.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

#### 4.8 Unit holders' Fund

Unit holders' Fund of each allocation plan representing the units issued by each respective sub fund separately, is carried at the redemption amount representing the investors' right to a residual interest in the respective sub fund's net assets.

#### 4.9 Issuance and redemption of units

Units issued are recorded at the offer price of each allocation plan, determined by the Management Company for the applications received by the distributors during business hours of the day when the applications are received. The offer price of each allocation plan represents the net assets value (NAV) of the units as of the close of that business day plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the distributor and the Management Company.

Units redeemed are recorded at the redemption price of each allocation plan prevalent on the date on which the distributors receive redemption application during business hours on that date. The redemption price represents the net assets value (NAV) per unit as of close of business day less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### 4.10 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### 4.11 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net assets value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the net assets value (NAV) per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' Fund. However, to maintain the same ex-dividend net asset value (NAV) of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders Fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### 4.12 Revenue recognition

- (i) Gains / (losses) arising on sale of investments are included in the Income Statement on the date when the transaction takes place.
- (ii) Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the commencement of date of book closure of the investee Fund declaring the dividend.
- (iii) Profit on bank deposit is recognized on a time proportion basis using the effective yield method.
- (iv) Unrealised gains / (losses) arising on revaluation of securities classified as financial assets 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.

#### 4.13 Expenses

All expenses including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### 4.14 Taxation

##### Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### 4.15 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

- 10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of MCPP-IV, MCPP-V, MCPP-VI, MCPP-VII, MCPP-VIII as at June 30, 2020 would have been higher by Re. 0.05, Re. 0.09, Re. 0.03, Re.0.02 and Re 0.05 per unit respectively (2019: Re 0.010 and Re. 0.006 per unit respectively).

## 11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

**13 TAXATION**

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Income Tax Ordinance, 2001.

**14 TOTAL EXPENSE RATIO**

## 18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

### 18.1 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

**(i) Yield / profit rate risk**

Yield / profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher/lower by Rs. 0.049 million (2019: Rs 0.099 million).

**b) Sensitivity analysis for fixed rate instruments**

As at June 30, 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

As at June 30, 2020

<b>Total profit rate sensitivity gap</b>	<b>9,875</b>				
<b>Cumulative profit rate sensitivity gap</b>	<b>9,875</b>				

#### ii Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in open end mutual funds. The Fund manages its price risk arising from investments by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

In case of 1% increase / decrease in equity prices as at June 30, 2020 with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 17.516 million (2019: Rs. 27.588 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

## 18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year for any of the sub-funds.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

### 18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
	----- Rupees in '000 -----		----- Rupees in '000 -----

	<b>1,760,875</b>	<b>9,293</b>	<b>2,768,807</b>	<b>9,972</b>

#### 18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon, dividend receivable and receivable against sale of units and against investments. The credit rating profile of balances with banks is as follows:

Bank	Amount of financial assets exposed to credit risk		% of financial assets exposed to credit risk	
	2020	2019	2020	2019
AA+	4,871	9,875	100.00%	100.00%
	<b>4,871</b>	<b>9,875</b>	<b>100.00%</b>	<b>100.00%</b>

## 19 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

	2020			2019		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
	----- Rupees in '000 -----			----- Rupees in '000 -----		
<b>Financial assets</b>

	<b>-</b>	<b>1,751,582</b>	<b>-</b>	<b>-</b>	<b>2,758,835</b>	<b>-</b>

## 20 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 26 GENERAL

### 26.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

## 26.2 Operational Risk Management

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

26.3 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

## **REPORT OF THE FUND MANAGER**

### **Meezan Strategic Allocation Fund – III (MSAF – III)**

#### **Type of Fund**

MSAF – III is a perpetual Shariah Compliant (Islamic) Fund of Funds Scheme.

#### **Objective**

The fund aims to generate returns on Investments as per respective Allocation Plans by investing in Shariah Compliant Fixed Income and Equity Mutual Funds in line with risk/return preference of the investor.

#### **Strategy and Investment Policy**

MSAF – III has one Allocation Plans which allow investors to invest according to their risk tolerance levels.

These are closed end Plans which are suitable for Investors having a relatively moderate risk tolerance and/or wish to earn a relatively higher return over the medium term. These can switch exposure between Shariah compliant equity and fixed income mutual funds without any minimum or maximum limits, subject to expectations regarding the market performance.

In line with these different allocation plans, the benchmarks are also a weighted average combination of KSE Meezan Index 30 and Fixed Income/Money Market Schemes performance, according to the invested percentages in both the asset classes.

Meezan Strategic Allocation Plan – III (MCPPIX)	<b>Weighted avg. return of KMI 30 Index and Fixed Income/ Money Market Scheme as per actual Allocation.</b>

## **Report of the *Shari'ah* Advisor– Meezan Strategic Allocation Fund-III**

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Second year of operations of Meezan Strategic Allocation Fund-III (MSAF-III) under management of Al Meezan Investment Management Limited (Al Meezan). The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity.

In the capacity of *Shari'ah* Advisor, I have prescribed criteria and procedure to be followed in ensuring *Shari'ah* compliance in every investment.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

In light of the above, I hereby certify that:

- i. I have reviewed and approved the modes of investments of MSAF-III in light of the *Shari'ah* guidelines.
- ii. All the provisions of the scheme and investments made on account of MSAF-III by Al Meezan are *Shari'ah* compliant and in accordance with the criteria established.
- iii. On the basis of information provided by the management, all the operation of MSAF-III for the year ended June 30, 2020 have been in compliance with *Shari'ah* principles.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

---

**TRUSTEE REPORT TO THE UNIT HOLDERS**

**MEEZAN STRATEGIC ALLOCATION FUND – III**

**Report of the Trustee pursuant to Regulation 41(h) and Clause 9 of Schedule V of the  
Non-Banking Finance Companies and Notified Entities Regulations, 2008**

We, Central Depository Company of Pakistan Limited, being the Trustee of Meezan Strategic Allocation Fund – III (the Fund) are of the opinion that Al Meezan Investment Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

**INDEPENDENT AUDITOR'S REPORT**

**To the Unit holders of Meezan Strategic Allocation Fund III**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Meezan Strategic Allocation Fund - III (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	<b>Net Asset Value</b> (Refer note 6 to the financial statements)	
	Investments constitute the most significant component of the net asset value. Investments of the Fund as at June 30, 2020 amounted to Rs 89.54 million.  The existence and proper valuation of investments for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"><li>Tested the design and operating effectiveness of the key controls for valuation of investments;</li><li>Obtained independent confirmations for verifying the existence of the investment portfolio as at June 30, 2020 and traced it with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; and</li><li>Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies.</li></ul>

### **Other Information**

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

AMW

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Salman Hussain**.

**MEEZAN STRATEGIC ALLOCATION FUND - III**  
**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2020**

**1 LEGAL STATUS AND NATURE OF BUSINESS**

- 1.1** Meezan Strategic Allocation Fund - III (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited (Al Meezan) as Management Company and Central Depository Company of Pakistan Limited (CDC) as Trustee. The Trust Deed was executed on January 24, 2019 and was approved by the Securities and Exchange Commission of Pakistan (SECP) under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003, (NBFC Rules). The Fund is registered as a Notified entity under the Non-Banking Finance Companies and Notified Entities Regulations, 2008, (NBFC Regulations) issued through S.R.O.1203(I)/2008 on October 10, 2016. The Management Company has been licensed by the Securities and Exchange Commission of Pakistan (SECP) to act as an Asset Management Company under the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules) through a certificate of registration issued by the SECP. The registered office of the Management Company of the Fund is situated at Ground Floor, Block 'B', Finance and Trade Centre, Shahrah-e-Faisal, Karachi 74400, Pakistan.
- 1.2** The Fund has been formed to enable the unitholders to participate in a diversified portfolio of equity schemes and fixed income / money market schemes, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah guidelines. The Management Company has appointed Meezan Bank Limited as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.3** The Fund is an open-end Shariah compliant Fund of Funds Scheme. Units are offered for public subscription on a continuous basis till the end of the subscription period. However, the subscription in units may be reopened for fresh issuance by the Management Company with prior approval of the Commission after intimation to the Trustee and by providing notice to investors in order to protect the interest of the unitholders. The units of the plan are transferable and can be redeemed by surrendering them to the Fund. The Fund is listed on the Pakistan Stock Exchange Limited.
- 1.4** Title to the assets of the Fund are held in the name of CDC as the Trustee of the Fund. The Fund's property comprises of different types of allocation plans which are accounted for and maintained separately in the books of accounts and collectively constitute the Fund's property.
- 1.5** The Management Company has been assigned a quality rating of AM1 by VIS dated December 31, 2019 (2019: AM1 dated December 28, 2018) and by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.6** The fund generates returns on investment as per allocation plan (sub fund) namely Meezan Capital Preservation Plan-IX (MCPPI-IX) by investing in Shariah compliant fixed income / money market and equity mutual funds in line with the risk tolerance of the investor. The management may also invest in other Collective Investments Schemes available to it with prior approval of SECP.
- 1.7** A brief description of the plan is as follows:

Meezan Capital Preservation Plan-IX (MCPPI-IX)	Low risk - High return through asset allocation This allocation plan commenced its operations from May 14, 2019 and can invest its portfolio between the Equity asset classes / Schemes and Fixed Income or Money Market asset classes / Schemes based on the macroeconomic view and outlook of such asset classes up to 100 percent. The initial maturity of this plan is two and a half years from the close of the subscription period. Units shall be subject to front end load.

**2 BASIS OF PRESENTATION**

The transactions undertaken by the Fund are in accordance with the process prescribed under the Shariah guidelines issued by the Shariah Advisor and are accounted for on substance rather than the form prescribed by the earlier referred guidelines. This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

### 3 BASIS OF PREPARATION

#### 3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

#### 3.2 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current year

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these financial statements.

#### 3.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

The following standards have been adopted in Pakistan and would be effective from the dates mentioned below against the respective standards:

<b>Amendments</b>	<b>Effective date (accounting periods beginning on or after)</b>
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

These standards may impact the financial statements of the Fund on adoption. The Management is currently in the process of assessing the full impact of these standards on the financial statements of the Fund.

There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant impact on the Fund's operations and are, therefore, not disclosed in these financial statements.

#### 3.4 Critical accounting estimates and judgments

The preparation of financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgements and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

The estimates and judgements that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 4.3 and 6).

#### 3.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as 'at fair value through profit or loss' which is measured at fair value.

### 3.6 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupee, which is the Fund's functional and presentation currency.

## 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 The principal accounting policies applied in the preparation of these financial statements are set out below.

### 4.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts and other short-term highly liquid investments with original maturities of three months or less.

### 4.3 Financial instruments

#### 4.3.1 Classification

##### 4.3.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL) based on the business model of the entity

The investments of the Fund includes investments in units of mutual funds which are categorised as Puttable Instruments and are mandatorily required to be classified as financial assets at fair value through profit or loss.

##### 4.3.2 Subsequent measurement

Subsequent to initial recognition, financial assets are valued as follows:

###### a) 'Financial assets at fair value through profit or loss'

###### Basis of valuation in the collective investment scheme

The investments of the Fund in the collective investment scheme are valued on the basis of daily net assets value (NAV) announced by the management company.

The fair value of financial instruments i.e. investment in mutual funds is based on their net asset value at the reporting date without any deduction for estimated future selling costs.

Net gains and losses arising from changes in the fair value of financial assets carried 'at fair value through profit or loss' are taken to the Income Statement.

##### 4.3.3 Impairment

The fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### 4.3.3.1 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the Income Statement

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

##### 4.3.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

#### **4.3.5 Initial recognition and measurement**

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried 'at fair value through profit or loss'. Financial assets carried 'at fair value through profit or loss' are initially recognised at fair value and transaction costs are recognised in the Income Statement.

#### **4.3.6 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the Income Statement.

#### **4.3.7 Derivatives**

Derivative instruments are initially recognised at fair value and subsequent to initial measurement each derivative instrument is remeasured to its fair value and the resultant gain or loss is recognised in the Income Statement.

#### **4.4 Financial liabilities**

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the Income Statement.

#### **4.5 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are offset and the net amount is reported in the 'Statement of Assets and Liabilities' when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### **4.6 Provisions**

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### **4.7 Net asset value per unit**

The Net Asset Value (NAV) per unit as disclosed in the Statement of Assets and Liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the period end.

#### **4.8 Unitholders' Fund**

Unitholders' Fund of each allocation plan representing the units issued by each respective sub fund separately, is carried at the redemption amount representing the investors' right to a residual interest in the respective sub fund's net assets.

#### **4.9 Issue and redemption of units**

Units issued are recorded at the offer price of each allocation plan, determined by the Management Company for the applications received by the distributors during business hours of the day when the application is received. The offer price of each allocation plan represents the net assets value of the units as of the close of that business day plus the allowable sales load, provision of duties and charges and provision for transaction costs, if applicable. The sales load is payable to the distributor and the Management Company.

Units redeemed are recorded at the redemption price of each allocation plan prevalent on the date on which the distributors receive redemption application during business hours on that date. The redemption price represents the net assets value per unit as of close of business day less any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

#### **4.10 Distributions to unit holders**

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

#### **4.11 Element of income**

Element of income represents the difference between net assets value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the net assets value (NAV) per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' Fund. However, to maintain the same ex-dividend net asset value (NAV) of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders Fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

#### **4.12 Revenue recognition**

- Gains / (losses) arising on sale of investments are recorded at the date at which the transaction takes place.
- Unrealised gains / (losses) arising on re-measurement of investments classified as 'financial assets at fair value through profit or loss' are recorded in the period in which these arise.
- Dividend income is recognized when the Fund's right to receive the same is established. i.e. on the commencement of date of book closure of the investee fund declaring the dividend.
- Profit on balances with banks is recognized on a time proportion basis using the effective yield method.

#### **4.13 Expenses**

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

#### **4.14 Taxation**

##### **Current**

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

##### **Deferred**

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on enacted tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I to the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV to the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

#### **4.15 Earnings / (loss) per unit**

Earnings / (loss) per unit is calculated by dividing the net income / (loss) of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

#### 4.16 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the Income Statement.

7.1 As per regulation 61 of the NBFC Regulations, 2008, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the rate of 1% (2019: 1%) per annum of the daily bank balances of the Fund during the year ended June 30, 2020. The remuneration is payable to the Management Company monthly in arrears.

7.2 The Sindh Provincial Government has levied Sindh Sales Tax (SST) on the remuneration of the Management Company and sales load through the Sindh Sales Tax on Services Act 2011 effective from July 1, 2011. During the year SST at the rate of 13% (2019: 13%) was charged on the remuneration of Management Company, sales load and trustee fee.

Over 1,000 million	Rs. 1 million plus 0.075% p.a. of Net Assets exceeding Rs. 1,000 million	

Accordingly, the Fund has charged Trustee Fee @ 0.07% per annum during the current year.

- 8.2 During the current year an amount of Rs. 0.008 million (2019: Rs.167) was charged on account of sales tax on remuneration of the Trustee levied through the Sindh Sales Tax on Services Act, 2011
- 8.3 During the year, Sindh Sales Tax at the rate of 13% (2019: 13%) was charged on the remuneration of the trustee.

## 9 PAYABLE TO THE SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Previously, the rate of annual fee applicable to fund of funds was 0.095%. Accordingly, the Fund has charged SECP Fee at the rate of 0.02% of net assets during the current year.

	Withholding tax payable		604	-
	Dividend payable		59	-
			963	80

- 10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded for the period from May 21, 2015 to June 30, 2020, the net asset value of the plan (MCCP IX) as at June 30, 2020 would have been higher by Re. 0.06 per unit (2019: Rs nil per unit).

## 11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments outstanding as at June 30, 2020 and June 30, 2019.

**13 EXPENSE RATIO**

The Total Expense Ratio of the Fund for the year ended June 30, 2020 is 0.85% which include 0.25% representing government levy, Sindh Worker Welfare Fund and SECP fee for MCCP - IX. This ratio is within the maximum limit of 2.5% prescribed under the NBFC Regulations for a collective investment scheme categorised as a Fund of Funds Scheme.

**14 ALLOCATED EXPENSES**

In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

The management company based on its own discretion has currently fixed a maximum capping of 0.1 percent of the average annual net assets of the scheme for allocation of such expenses to the Fund.

**15 TAXATION**

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds as per Section 4B of the Income Tax Ordinance, 2001.

**16 TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES**

**16.1** Connected persons include Al Meezan Investment Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee, Meezan Bank Limited being the holding company of the Management Company, Directors and Executives of the Management Company, other funds under the common management of the Management Company, Pakistan Kuwait Investment Company (Private) Limited being the associated company of the Management Company, Al Meezan Investment Management Limited Employees' Gratuity Fund and unitholders holding 10 percent or more of the Fund's net assets.

**16.2** Transactions with connected persons are executed on an arm's length basis and essentially comprise sale and redemption of units, fee on account of managing the affairs of the Fund, sales load, other charges and distribution payments to connected persons. The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

**16.3** Remuneration payable to the Management Company and the Trustee is determined in accordance with the provisions of the NBFC Rules, the NBFC Regulations and the Trust Deed respectively.

**18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, the constitutive documents of the Fund and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

**18.1 Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: profit rate risk, currency risk, and price risk.

**(i) Profit rate risk**

Profit rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market profit rates. As of June 30, 2020, the Fund is exposed to such risk on its balances held with banks. The Investment Committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

**a) Sensitivity analysis for variable rate instruments**

Presently, the Fund holds balances with banks which expose the Fund to cash flow profit rate risk. In case of 100 basis points increase/decrease in applicable rates on the last repricing date with all other variables held constant, the net income / loss for the year and net assets of the Fund would have been higher / lower by Rs. 0.004 million (2019: 0.159 million).

**b) Sensitivity analysis for fixed rate instruments**

As at June 30, 2020, the Fund does not hold any fixed rate instrument that may expose the Fund to fair value profit rate risk.

The composition of the Fund's investment portfolio, KIBOR rates and the rates announced by the Financial Markets Association of Pakistan are expected to change over time. Accordingly, the sensitivity analysis prepared as of June 30, 2020 is not necessarily indicative of the impact on the Fund's net assets of future movements in profit rates.

Profit rate sensitivity position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date and for off-balance sheet instruments is based on the settlement date.

The Fund's profit rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

As at June 30, 2020

## ii Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

## iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Fund has exposure to equity price risk arising from the Fund investments in open end mutual funds. The Fund manages its price risk arising from investments by diversifying its portfolio within the eligible limits prescribed in the Fund's Constitutive Documents, the NBFC Regulations and circulars issued by SECP from time to time.

In case of 1% increase / decrease in equity prices as at June 30, 2020 with all other variables held constant, the total comprehensive income of the Fund for the year would increase / decrease by Rs. 0.895 million (2019: Rs. 0.189 million) and the net assets of the Fund would increase / decrease by the same amount as a result of gains / losses on equity securities classified as financial assets at fair value through profit or loss.

## 18.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations the Fund can borrow in the short-term to ensure settlement the maximum limit of which is fifteen percent of the net assets upto 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity dates. However, the assets and liabilities that are receivable / payable on demand including bank balances have been included in the maturity grouping of one month:

	2020					Total

### 18.3 Credit risk

18.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. The table below analyses the Fund's maximum exposure to credit risk:

	2020		2019	
	Balance as per statement of assets and liabilities	Maximum exposure to credit risk	Balance as per statement of assets and liabilities	Maximum exposure to credit risk
Rupees in '000				
Balances with banks	447	447	15,908	15,908

Profit accrued on balances with banks	2	2	26	26
	89,989	449	34,878	15,934

### 18.3.2 Credit quality of financial assets

The Fund's significant credit risk (excluding credit risk relating to settlement of equity securities) arises mainly on account of its placements in banks and profit accrued thereon. The credit rating profile of balances with banks is as follows:

Rating	2020		2019	
	Amount of financial assets exposed to credit risk	% of financial assets exposed to credit risk	Amount of financial assets exposed to credit risk	% of financial assets exposed to credit risk
Rupees in '000

AA	10	2.24%	-	-
	447	100%	15,908	100%

## 19 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. However, during the year on certain days and since January 23, 2020, the Fund is below the minimum requirement of Rs 100 million. As per the SECP Circular 16 of 2020 dated April 21, 2020, the Fund has been granted 180 days from the date of non compliance, to comply with the minimum requirement of the fund size.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 18, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short-term borrowings, where necessary.

## 20 FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

### Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at June 30, 2020, the Fund held the following financial instruments measured at fair values:

		2020

## 26 GENERAL

### 26.1 Regulatory reliefs due to COVID - 19

The COVID – 19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- a) The time period to regularize the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- b) Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- c) The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- d) Time period to ensure compliance with minimum fund size for Open End Schemes under Regulation 54(3b) of the NBFC regulations has been increased to 180 days for Open End Schemes;
- e) Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

### 26.2 Operational Risk Management

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network (“VPN”) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of Covid-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

26.3 Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

### Type of Fund

Open end pension fund investing primarily in Shariah compliant stocks and debt instruments (Sukuks).

### Objective

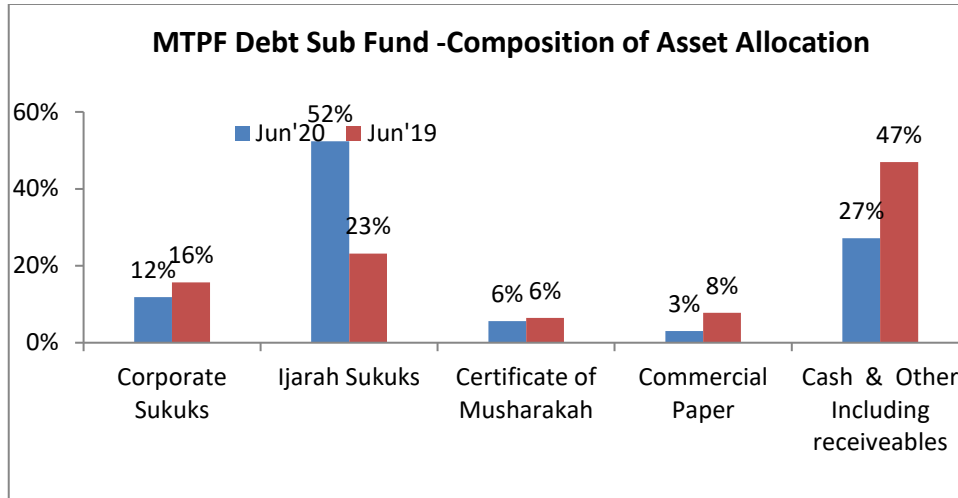

The objective of MTPF is to provide participants with a Shariah-compliant saving mechanism whereby they can save from their current income in order to gain benefits of an income stream after retirement or disability when other income avenues have been exhausted.

### Investment Policy

This pension fund is divided into four sub-funds namely equity, debt, money market and gold sub-funds which have different investment policies in order to cater to investors with varying levels of risk tolerance. These sub-funds offer the investors a wide range of options to select an allocation according to their risk preference.

## Report of the *Shari'ah* Advisor – Meezan Tahaffuz Pension Fund

August 4, 2020/ Dhu'l-Hijjah 13, 1441

**Alhamdulillah**, the period from July 01, 2019 to June 30, 2020 was the Thirteenth year of operations of Meezan Tahaffuz Pension Fund (MTPF) under management of Al Meezan Investment Management Limited (Al Meezan). We, Meezan Bank Limited, are the *Shariah* advisors of the Fund and are issuing the report in accordance with clause 8.2.7 of the Trust Deed of the Fund. The scope of the report is to express an opinion on the *Shariah* compliance of the Fund's activity

In the capacity of *Shari'ah Advisor*, we have prescribed six criteria for *Shari'ah* compliance of equity investments which relate to (i) Nature of business, (ii) Interest bearing debt to total assets, (iii) Investment in non- *Shari'ah* compliant activities to Total assets (iv) *Shari'ah* Non-Compliant Income to Gross Revenue (v) Illiquid assets to total assets, and (vi) Net liquid assets per share vs. share price.

It is the responsibility of the management company of the fund to establish and maintain a system of internal controls to ensure *Shari'ah* compliance in line with the *Shari'ah* guidelines. Our responsibility is to express an opinion, based on our review, to the extent where such compliance can be objectively verified. A review is limited primarily to inquiries of the management company's personnel and review of various documents prepared by the management company to comply with the prescribed criteria.

- i. We have reviewed and approved the modes of investments of MTPF in light of *Shari'ah* requirements. Following is the list of top equity holdings of MTPF as on June 30, 2019 and their evaluation according to the screening criteria established by us. (December 31, 2018 accounts of the Investee companies have been used for the following calculations\*):

Company Name	(i) Nature of Business	(ii)** Debt to Assets (<37%)	(iii) Non-Compliant Investments (<33%)	(iv) Non-Compliant Income to Gross Revenue (<5%)	(v) Illiquid Assets to Total Assets (>25%)	(vi) Net Liquid Assets vs. Share Price (B>A)	
						Net Liquid Assets per Share (A)	Share Price (B)

\* These ratios are for the calculation of non-*Shari'ah* Compliant Element in the business and are not relevant for Islamic Banks & Islamic Financial Institutions.

\*\* All interest based debts.

\*\*\* Debt is considered excluding circular debt.

\*\*\*\* OGDC is facing circular debt issues. Company is bound to retain interest bearing TFC/Bonds having no permission to sell from government. Due to high interest rate during July-Dec 2019, non-compliant income is high and exceeds 5%. Company had provided written confirmation that its non-compliant income ratio will be less than 5% due to lower interest rates during July-Dec 2020.

- ii. On the basis of information provided by the management, all operations of MTPF for the year ended June 30, 2020 have been in compliance with the *Shari'ah* principles.

In light of the above, we hereby certify that all the provisions of the Scheme and investments made on account of MTPF under management of Al Meezan Investment Management Limited (Al Meezan) are *Shari'ah* compliant and in accordance with the criteria established by us.

May Allah bless us with best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

of **Meezan Tahaffuz Pension Fund** ("the Fund") as at 30 June 2020 and for the year then ended together with the notes forming part thereof.

#### **Pension Fund Manager's responsibility for the financial statements**

The Pension Fund Manager is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as the Pension Fund Manager determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

KPMG Taseer Hadi & Co.

### Opinion

In our opinion:

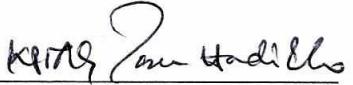

- a) the financial statements have been prepared in accordance with the relevant provisions of the Trust Deed and the Voluntary Pension System Rules, 2005 including the guidelines there under;
- b) a true and fair view is given of the disposition of the Fund as at 30 June 2020 and of the transactions of the Fund for the year ended 30 June 2020 in accordance with the accounting and reporting standards as applicable in Pakistan;
- c) the allocation and reallocation of units of the sub-funds for all the participants have been made according to the Voluntary Pension System Rules, 2005;
- d) the cost and expenses debited to the pension fund and apportionment of expenses between sub-funds are as specified in the constitutive documents of the pension fund;
- e) proper books and records have been kept by the Pension Fund Manager and the financial statements prepared are in agreement with the pension fund's books and records;
- f) we were able to obtain all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of the audit; and
- g) no zakat was deductible at source under the Zakat and Usher Ordinance, 1980.

### Other matter

The financial statements of the Fund for the year ended 30 June 2019 were audited by another firm of Chartered Accountants who had expressed an unmodified opinion thereon vide their report dated 18 September 2019.

# Meezan Tahaffuz Pension Fund

## Notes to the Financial Statements

For the year ended 30 June 2020

### 1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Meezan Tahaffuz Pension Fund (the Fund) was established under a Trust Deed executed between Al Meezan Investment Management Limited as Pension Fund Manager and Central Depository Company of Pakistan Limited (CDC) as trustee. The Trust Deed was executed and approved by the Securities and Exchange Commission of Pakistan on May 30, 2007 under the Voluntary Pension System Rules, 2005 (VPS Rules). The registered office of the Pension Fund Manager of the Fund, is situated at Ground Floor, Block B Finance and Trade Centre Sarah-e-Faisal, Karachi 74400, Pakistan.

The Fund offers a saving mechanism where an individual saves from his / her income during work life in order to retain financial security and comfort in terms of regular income stream after retirement. The Fund comprises of four Shariah compliant sub funds namely Equity Sub-Fund, Debt Sub-Fund and Money Market Sub-Fund and Gold Sub-Fund (collectively the "Sub-Funds"). Participants are offered various investment allocation schemes depending on their investment horizon, return requirements, risk tolerance and any unique circumstances. The Fund offers six types of allocation schemes to the contributors of the Fund namely High Volatility, Medium Volatility, Low Volatility, Lower Volatility, Variable Volatility and Life Cycle Allocation. The participants of the Fund voluntarily determine the contribution amount, subject to the minimum limit fixed by the Pension Fund Manager. Allocation scheme can be selected initially at the time of opening of account and subsequently the allocation and percentages may change twice in a financial year. The contributions from participants are invested in various instruments belonging to different asset classes to get full benefits of risk minimization through diversification.

1.2 Summary of significant investment policy for each of the Sub-Fund is as follows:

#### Equity Sub Fund

The Equity Sub-Fund shall invest at least 90% of net assets in listed equity securities based on quarterly average investment calculated on daily basis. Investment in single company shall not exceed 10% of net assets or paid-up capital of the investee company, whichever is lower. Surplus funds may be invested in Government Securities with maturity of less than one year or deposits with Banks which are rated not less than "A".

#### Debt Sub Fund

The Debt Sub-Fund shall consist of debt securities with maturity of not more than 5 years. At least 25 % of net assets of the Debt Sub-Fund shall be invested in debt securities issued by the Federal Government and up to 25 % of net assets of Debt Sub-Fund may be deposited with Banks having not less than "AA Plus" rating. However, if such debt securities issued by Federal Government are not available, the assets of Debt Sub-Fund may be deposited in Islamic Commercial Banks, having not less than "A+" rating or Islamic windows of conventional commercial Banks, having not less than "AA" rating or may be invested in Islamic bonds or Sukuks issued by entities wholly-owned by the Federal Government or in such Islamic securities which are fully guaranteed by the Federal Government.

#### Money Market Sub Fund

The Money Market Sub-Fund consists of short term debt instruments with weighted average maturity up to one year. Shariah Compliant Money Market Sub Fund can invest in shariah compliant government securities where the time to maturity may be up to three years.

#### Gold Sub Fund

The Gold Sub Fund consist of physical gold and aim to provide opportunities of capital appreciation and maximum exposure to price of gold in a Shariah Compliant manner, by investing a significant portion of net assets in deliverable gold base contracts available on Pakistan Mercantile Exchange (PMEX).

1.3 The Fund has been formed to enable the participants to contribute in a diversified portfolio of securities, which are Shariah compliant. Under the Trust Deed, all the conducts and acts of the Fund are based on Shariah.

1.4 The Fund is an unlisted pension scheme. Units are offered for public subscription on a continuous basis. The units are non-transferable and can be redeemed by surrendering them to the Fund at the option of the participants.

1.5 Title to the assets of the Sub Funds are held in the name of CDC as a Trustee of the Fund.

- 1.6 Meezan Bank Limited acts as its Shariah Advisor to ensure that the activities of the Fund are in compliance with the principles of Shariah.
- 1.7 The Pension Fund Manager has been assigned a quality rating of AM1 by VIS dated December 31, 2019 and AM1 by PACRA dated June 26, 2020. The rating reflects the Company's experienced management team, structured investment process and sound quality of systems and processes.
- 1.8 On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. Many governments are still taking stringent steps to help contain the spread of the virus, including requiring self-isolation/ quarantine by those potentially affected, implementing social distancing measures, and controlling or closing borders and "locking-down" cities/regions or even entire countries. The Fund took all necessary measures during this COVID-19 pandemic situation for smooth execution of fund operations.

## **2 BASIS OF PREPARATION**

### **2.1 Statement of compliance**

2.1.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprises of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under Companies Act, 2017 along with part VIII A of the repealed Companies Ordinance, 1984; and
- Voluntary Pension System Rules, 2005 (the VPS Rules) and requirements of the trust deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance, 1984, the VPS Rules and requirements of the trust deed differ from the IFRS standards, provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance, 1984, the VPS Rules and requirements of the trust deed have been followed.

2.1.2 The SECP vide letter ref SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of International Financial Reporting Standard (IFRS) 9 "Financial Instruments" in relation to debt securities for mutual funds. Accordingly, the impairment requirements of IFRS 9 have not been considered for debt securities and requirements of SECP Circular 33 of 2012 have continued to be followed.

### **2.2 Basis of measurement**

These financial statements have been prepared on historical cost convention basis except for investments classified as 'at fair value through profit or loss' which are measured at fair value and at amortised cost which are amortised during the year.

### **2.3 Functional and presentation currency**

These financial statements are presented in Pak Rupees which is the Fund's functional and presentation currency. The figures have been rounded off to nearest thousand rupee, unless otherwise stated.

### **2.4 Use of judgements and estimates**

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make estimates, assumptions and use judgments that affect the application of policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. In the process of applying the Fund's accounting policies, management has made the following accounting estimates and judgments which are significant to the financial statements and estimates with a significant risk of material adjustment in future years:

- a) Classification and valuation of financial instruments (notes 3.1 and 5);
- b) Impairment of financial instruments (note 3.1.4); and
- c) Provision (note 3.4)

## 2.5 Standards, interpretations and amendments to approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2020:

- Amendment to IFRS 3 'Business Combinations' - Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 1 January 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past financial statements
- Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors (effective for annual periods beginning on or after 1 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose financial statements in accordance with IFRS Standards.
- On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process – this means that the overall impact on standard setting may take some time to crystallize. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of 1 January 2020, unless the new guidance contains specific scope outs.
- Interest Rate Benchmark Reform which amended IFRS 9, IAS 39 and IFRS 7 is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as KIBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A fund shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform. The amendments are not likely to affect the financial statements of the Fund.
- Amendments to IFRS-16- IASB has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after 1 June 2020, with earlier application lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were not lease modifications. Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:
  - the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
  - any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
  - there is no substantive change to the other terms and conditions of the lease.

- Classification of liabilities as current or non-current (Amendments to IAS 1) effective for the annual period beginning on or after 1 January 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual period beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract, Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for the annual period beginning on or after 1 January 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

#### **Annual Improvements to IFRS standards 2018-2020:**

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.

- IFRS 9 - The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
- IFRS 16 - The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.
- IAS 41 - The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.

The above improvements are not likely to have significant impact on the Fund's financial statements.

### **3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented in the financial statements.

#### **3.1 Financial instruments**

##### **3.1.1 Recognition and initial measurement**

Financial assets are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income statement.

##### **3.1.2 Classification and subsequent measurement**

###### **3.1.2.1 Classification of financial assets**

On initial recognition, a financial asset is classified as measured at: amortised cost, FVOCI or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Fund changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Fund may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

### **Business model assessment**

The Fund makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual interest revenue, maintaining a particular interest rate profile or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Fund's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;
- how managers of the business are compensated (e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

### **Assessment of whether contractual cash flows are solely payments of principal and interest**

For the purposes of this assessment on debt securities, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse features); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

### 3.1.2.2 Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets:

<b>Financial assets at FVTPL</b>	These assets are subsequently measured at fair value. Net gains and losses, including any profit / markup or dividend income, are recognised in income statement.
<b>Financial assets at amortised cost</b>	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Profit / markup income and impairment are recognised in income statement.
<b>Debt investments at FVOCI</b>	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, and impairment are recognised in income statement. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to income statement.
<b>Equity investments at FVOCI</b>	These assets are subsequently measured at fair value. Dividends are recognised as income in income statement unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to income statement.

Subsequent to initial recognition, financial assets designated by the management as 'fair value through profit or loss' and 'fair value through OCI' are valued as follows:

a) *Basis of valuation of debt securities*

The fair value of debt securities (other than government securities) is based on the value determined and announced by Mutual Funds association of Pakistan (MUFAP) in accordance with the criteria laid down in Circular No. 1 of 2009 and Circular No. 33 of 2012 issued by Securities and Exchange Commission of Pakistan (SECP). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The aforementioned circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

b) *Basis of valuation of Government securities*

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKIRSV rates) which are based on the remaining tenor of the securities.

c) *Basis of valuation of equity securities*

The fair value of shares of listed companies is based on their prices quoted on the Pakistan Stock Exchange Limited at the reporting date without any deduction for estimated future selling costs. The preference shares received as dividend in specie are carried at cost.

### 3.1.3 Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL.

A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

### 3.1.4 Impairment

The Fund at each reporting date wether there is objective evidence that a financial asset or a group of financial assets is impaired. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds the recoverable amount.

The SECP through its letter SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 has deferred the applicability of impairment requirements of IFRS 9 in relation to debt securities for mutual funds and has instructed to continue to follow the requirements of Circular No. 33 of 2012 dated October 24, 2012.

### **3.1.5 Regular way contracts**

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention are recognised at the trade date. Trade date is the date on which the Fund commits to purchase or sell assets.

### **3.1.6 Recognition**

The Fund recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

### **3.1.7 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

### **3.1.8 Offsetting of financial instruments**

Financial assets and financial liabilities are set off and the net amount is reported in the Balance Sheet if the Fund has a legal right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

### **3.2 Investment in gold**

Investment in gold is initially recognized at fair value less cost to sell. Subsequent to initial recognition, these are measured at fair value using spot rate (i.e. immediately next day after expired contract) fixed by Pakistan Mercantile Exchange Limited (PMEX). Gain or loss arising from changes in fair value less cost to sell are recognized in the income statement in the period of change.

### **3.3 Participants' fund**

Participants' fund representing the units issued by the Fund, are carried at the net assets value representing the investors' right to a residual interest in the Fund's net assets.

### **3.4 Issuance, allocation, reallocation and redemption of units**

Contribution received in the individual pension account after deduction of takaful premium, if any, followed by front end fee, is used to purchase the units of sub-funds of the fund according to the allocation scheme selected by the participant. The units are allotted at the net asset value notified by the Pension Fund Manager at the close of that dealing day (forward pricing) for each sub-fund, when the contribution is realized. The front end fee is payable to the distributors and the Pension Fund Manager.

The Pension Fund Manager makes reallocation of the sub-fund units between the sub-funds at least once a year to ensure that the allocations of the sub-fund units of all the participants are according to the allocation schemes selected by the participants.

Withdrawals made are used to redeem units of the sub-funds of the fund, according to the allocation scheme of the participant, at the net asset value prevalent on the date on which the distributors receive redemption application during business hours on that date.

### **3.5 Provisions**

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of that obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

### **3.6 Net assets value per unit of each sub-fund**

The net assets value (NAV) per unit, as disclosed on the Balance Sheet, is calculated by dividing the net assets of each sub-fund by the number of units in issue at year end.

### **3.7 Taxation**

The income of the Fund is exempt from income tax under clause 57(3)(viii) of part I of the Second Schedule to the Income Tax Ordinance, 2001. Therefore, no provision in respect of taxation has been made in these financial statements.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV to the Second Schedule of the Income Tax Ordinance, 2001.

### 3.8 Income recognition

- (i) Gains / (losses) arising on sale of investments are included in the Income Statement on the date when the transaction takes place.
- (ii) Dividend income is recognised when the Fund's right to receive the same is established i.e. on the date of book closure of the investee company / institution declaring the dividend.
- (iii) Profit on bank balances and term deposits are recognised on time proportion basis using effective yield method.
- (iv) Income on sukuk certificates, placements and government securities is recognised on time proportion basis using the effective yield except for the securities which are classified as Non-Performing Asset under Circular No. 33 of 2012 issued by SECP for which the profits are recorded on cash basis.
- (v) Unrealised gains / (losses) arising on revaluation of investments classified as financial assets 'at fair value through profit or loss' are included in the 'income statement' in the period in which they arise.

### 3.9 Expenses

All expenses, including remuneration of the Pension Fund Manager, Trustee and annual fee to the Securities and Exchange Commission of Pakistan fee are recognised in the Income Statement as and when incurred.

### 3.10 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, the determination of weighted average units for calculating EPU is not practicable.

### 3.11 Cash and cash equivalents

Cash comprises current and saving accounts with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

### 3.12 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed-net

An equalisation account called 'element of income / (loss) and capital gains / (losses)' included in prices of units issued less those in units redeemed is set up in order to prevent the dilution of income per unit.

The Fund records that portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period which pertains to unrealised gains / (losses) held in the participants' funds in a separate account. The remaining portion of the net element of income / (loss) and capital gains / (losses) relating to units issued and redeemed during an accounting period is recognised in the Income Statement.

### 3.13 Distribution

Distribution of dividend or bonus units is not allowed under the VPS Rules 2005.

5.1.1 145,000 shares (2019 : 145,000 shares) of Engro Corporation Limited having market value of Rs. 42.47 million as at June 30, 2020 (2019: Rs. 38.51 million) , have been pledged as collateral in favour of National Clearing Company of Pakistan Limited against exposure margins and mark to market losses.

5.1.2 The Finance Act 2014,introduced amendments to the Income Tax Ordinance 2001 as a result of which companies were liable to withhold 5 percent of the bonus shares to be issued. The shares so withheld were only to be released if the Fund deposits tax equivalent to 5 percent of the value of the bonus shares issued to the Fund including bonus shares withheld, determined on the basis of day-end price on the first day of closure of books of the issuing company.

In this regard, a constitutional petition had been filed by Collective Investment Scheme (CIS) through the Trustee in the High Court of Sindh challenging the applicability of withholding tax provisions on bonus shares received by CISs. The petition was based on the fact that because CISs are exempt from deduction income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should also not be applicable on bonus shares received by CISs. A stay order has been granted by High Court of Sindh (HCS) in favour of CISs.

The Supreme Court of Pakistan passed a judgement on June 27, 2018 whereby the suits which were already pending or should be filed in future must only be continued / entertained on the condition that a minimum of 50 percent of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum of 50% of the tax calculated by the tax authorities for the case continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically in 2019. Subsequent to the year ended June 30, 2019, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019 as a result of which HCS issued an order dated July 15, 2019 whereby the previous stay has been restored. The matter is still pending adjudication and no provision has been recorded or contingent liability has been disclosed in the financial statements as the management is confident that the case will be decided in favor of CISs.

Further, the Finance Act, 2018 effective from July 1, 2018 has omitted Section 236M of Income Tax Ordinance, 2001 therefore, bonus shares subsequent to this amendment, issued to the Fund were not withheld by the investee companies.

### 10.1 Federal Excise Duty on remuneration of the Pension Fund Manager

As per the requirement of the Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16 percent on the remuneration of the Pension Fund Manager has been applied effective from June 13, 2013. The Pension Fund Manager is of the view that since the remuneration is already subject to the provincial sales tax, further levy of FED may result in double taxation, which does not appear to be the spirit of the law, hence, a petition was collectively filed by the Mutual Fund Association of Pakistan with the Sindh High Court (SHC) on behalf of various Asset Management Companies and CISs.

While disposing the above petition, the SHC declared the said provisions to be ultra vires and as a result no FED is payable with effect from July 01, 2011. However, the tax authorities subsequently filed appeal against the decision of the SHC in the Supreme Court of Pakistan, which is pending for the decision.

Furthermore, the Finance Act 2016, also introduced an amendment to the Federal Excise Act, 2005 whereby FED was withdrawn on services of different industries including Non-Banking Financial Institutions, which are already subject to provisional sales tax.

However, since the appeal is pending in Supreme Court of Pakistan, the Pension Fund Manager, as a matter of abundant caution, is carrying provision for FED, aggregating to Rs. 15.436 million, Rs. 8.816 million and Rs. 2.449 million for Equity Sub-Fund, Debt Sub-Fund and Money Market Sub-Fund respectively.

Had the provision not being made, the Net Asset Value per unit as at June 30, 2020 would have been higher by Rs. 1.50 (2019: Rs. 1.42) per unit, Re. 0.73 (2019: Re. 0.74) per unit and Re. 0.20 (2019: Re. 0.27) per unit for Equity Sub-Fund, Debt Sub-Fund and Money Market Sub-Fund respectively.

### 10.2 Sindh Sales Tax on Federal Excise Duty on remuneration of the Pension Fund Manager

It represents provision in respect of Sindh Sales Tax at the rate of 13 percent (2019: 13 percent) on remuneration of the Pension Fund Manager through the Sindh Sales Tax on Services Act, 2011, being Sindh Sales Tax accrued on Federal Excise Duty (FED) on remuneration of the Pension Fund Manager as fully explained in note 10.1 above.

### 10.3 Charity payable

According to the instructions of the Shariah Advisor, any income earned by the Fund from investments whereby portion of the investment of such investees has been made in shariah non-compliant avenues, such proportion of income of the Fund from those investees should be given away for charitable purposes directly by the Fund. Accordingly, an amount of Rs. 5.63 million (2019: Rs. 4.23 million) is outstanding in this regard after making charity payments of Rs 3.8 million (2019: Rs 3.7 million) to renowned charitable institutions. None of the directors of the Pension Fund Manager of the Fund were interested in any of donee's.

10.4 This represents net amount received in collection account of the Fund on 30 June 2020. The units against which were processed subsequent to the yearend.

## 11 PRICE ADJUSTMENT CHARGES

Securities and Exchange Commission of Pakistan (SECP) vide letter No. SCD/PRDD/VPS/AIML/O1/2018 dated January 01, 2018 permit the Fund to charge price adjustment charges. Price Adjustment Charges (PAC)" means difference between the offer price and the bid price from the closing price of the Gold transactions (Contract) available at PMEX, which shall be added to and deducted from the NAV of the Gold sub fund to determine offer price and redemption price respectively. Such charges shall form part of Fund Property.

Currently, PAC added / Deducted to / from Nav of Gold sub fund to determine offer/ redemption price is 1% of NAV. These are included in other income.

## 12 PROVISION FOR SINDH WORKERS' WELFARE FUND

The Finance Act, 2008 had introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance) as a result of which it was construed that all Collective Investment Schemes (CISs) / mutual funds whose income exceeded Rs 0.5 million in a tax year were brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever was higher. In light of this, the Mutual Funds Association of Pakistan (MUFAP) filed a constitutional petition in the Honorable Sindh High Court (SHC) challenging the applicability of WWF on CISs which is pending adjudication. Similar cases were disposed of by the Peshawar and the Lahore High Courts in which these amendments were declared unlawful and unconstitutional. However, these decisions were challenged in the Supreme Court of Pakistan.

Subsequently, the Finance Act, 2015 introduced an amendment under which CISs / mutual funds have been excluded from the definition of "industrial establishment" subject to WWF under the WWF Ordinance. Consequently, mutual funds are not subject to this levy after the introduction of this amendment which is applicable from tax year 2016. Accordingly, no further provision in respect of WWF was made with effect from 1 July 2015.

On November 10, 2016 the Supreme Court of Pakistan (SCP) has passed a judgment declaring the amendments made in the Finance Acts 2006 and 2008 pertaining to WWF as illegal citing that WWF was not in the nature of tax and could, therefore, not have been introduced through money bills. Accordingly, the aforesaid amendments have been struck down by the SCP. The Federal Board of Revenue has filed a petition in the SCP against the said judgment, which is pending hearing. While the petitions filed by the CISs on the matter are still pending before the SHC, the Mutual Funds Association of Pakistan (MUFAP) (collectively on behalf of the asset management companies and their CISs) has taken legal and tax opinions on the impact of the SCP judgment on the CISs petition before the SHC. Both legal and tax advisors consulted were of the view that the judgment has removed the very basis on which the demands were raised against the CISs. Therefore, there was no longer any liability against the CISs under the WWF Ordinance and that all cases pending in the SHC or lower appellate forums will now be disposed of in light of the earlier judgment of the SCP.

Furthermore, as a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the government of Sindh as a result of which every industrial establishment located in SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. However, it may be stated that under Companies Act, 2017, mutual funds are explicitly excluded from the definition of financial institution. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In the view of the above developments regarding the applicability of SWWF on CISs / mutual funds, the MUFAP has recommended that as a matter of abundant caution provision in respect of SWWF should be made on prudent basis with effect from the date of enactment of the SWWF Act (i.e. starting from May 21, 2015).

In the current year, SWWF recognized in all funds. Had the provision for SWWF not been recorded in these financial statements of the Fund, the net asset value of the Fund as at June 30, 2020 would have been higher by Rs. 4.16 per unit (June 30, 2019: Rs. 3.52 per unit), Rs. 1.33 per unit (June 30, 2019: Re. 0.82 per unit) and Re. 0.84 per unit (June 30, 2019: Re. 0.50 per unit) and Re. 1.22 per unit (June 30, 2019: Re. 0.76 per unit) for Equity Sub-Fund, Debt Sub-Fund, Money Market Sub-Fund and Gold Sub-Fund respectively.

## 16 FINANCIAL RISK MANAGEMENT

### Financial risk management objectives and policies

The risk management policy of the Fund aims to maximise the return attributable to the participants and seeks to minimise potential adverse effects on the Fund's financial performance.

Risk of the Funds is being managed by the Pension Fund Manager in accordance with the approved policies of the Investment Committee which provide broad guidelines for management of risk pertaining to market risks (including price risk and interest rate risk), credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the VPS Rules and the directives issued by SECP.

Risks managed and measured by the Fund are explained below:

#### 16.1 Market risk

##### 16.1.1 Price risk

Price risk is the risk of volatility in prices of financial instruments resulting from their dependence on market sentiments, speculative activities, supply and demand for financial instruments and liquidity in the market. The value of investments may fluctuate due to change in business cycles affecting the business of the company in which the investment is made, change in business circumstances of the company, industry environment and / or the economy in general.

The Pension Fund Manager's strategy on the management of investment risk is driven by the Fund's investment objective. The primary objective of the Fund is to provide the maximum return to the participants from investment in Shariah compliant investments for the given level of risks. The Fund's market risk is managed on a daily basis by the Pension Fund Manager in accordance with the policies and procedures laid down by the SECP. The funds are allocated among various asset classes based on the attractiveness of the particular asset class. The allocation among these is dependent on the time horizon for investments and liquidity requirements of the portfolio. The market risk is managed by monitoring exposure to marketable securities, and by complying with the internal risk management policies and regulations laid down in VPS Rules and directives issued by the SECP.

The Fund's overall market positions are monitored on a quarterly basis by the board of directors of the Pension Fund Manager.

Details of the Fund's investment portfolio exposed to price risk, at the balance sheet date are disclosed in note 5 to these financial statements. At June 30, 2020 the Fund's overall exposure to price risk is limited to the fair value of those positions. The Fund also manages its exposure to price risk by analysing the investment portfolio by industrial sector and benchmarking the sector weighting to that of the Karachi Meezan Index - 30 (KMI). The Fund's policy is to concentrate the investment portfolio in sectors where management believes that the Fund can maximise the returns derived for the level of risk to which the Fund is exposed.

In case of 5% increase / decrease in fair value on June 30, 2020, the net income for the year would increase / decrease by Rs. 201.458 million (net off SWWF) (2019: Rs. 196.053 million) and net assets of the Fund would increase / decrease by the same amount. The sensitivity analysis is based on the Fund's equity security as at the reporting date with all other variables held constant.

##### 16.1.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates.

#### a) Sensitivity analysis for variable rate instruments

Presently the Debt Sub-Fund and Money Market Sub-Fund hold KIBOR based debt securities, exposing the Sub-Funds to cash flow in interest rate risk. However, Eden Housing Limited and Security Leasing Corporation Limited II are non-performing assets and have been fully provided for, with their markup not being recognised.

#### Change in base points

	2020			2019		
	Debt Sub-Fund	Money Market Sub-Fund	Total	Debt Sub-Fund	Money Market Sub-Fund	Total
	Effect on net income			Effect on net income		
	----- (Rupees in '000) -----

(100)	(21,606)	(6,179)	(27,785)	(13,173)	(2,234)	(15,407)

The composition of the Fund's investment portfolio and rates announced by the Financial Market Association of Pakistan for the Government Ijarah Sukuks is expected to change over time. Therefore, the sensitivity analysis prepared as of 30 June 2020 is not necessarily indicative of the effect on the Fund's net assets due to future movements in interest rates.

#### b) Sensitivity analysis for fixed rate instruments

The fixed interest rate profile of the Fund's interest-bearing financial instruments as reported to the management of the Fund is as follows.

	Note	Carrying amount	
		2020	2019

### 16.1.3 Currency risk

Currency risk is that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund, at present is not exposed to currency risk as all transactions are carried out in Pakistani Rupees.

## 16.2 Credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties fail to perform as contracted.

Credit risk arises from deposits with banks and financial institutions, credit exposure arising as a result of investment in debt securities, profit receivable on debt securities, dividends receivable on equity securities, receivable against sale of investments and other deposits.

Credit risk arising on the debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed. The credit rating wise analysis of investment in debt instruments has been tabulated as follows:

	2020				2019			
	Debt sub fund		Money market sub fund		Debt sub fund		Money market sub fund	
	(Rs. in '000)	(%)	(Rs. in '000)	(%)	(Rs. in '000)	(%)	(Rs. in '000)	(%)

A-1+	96,950	4%	135,730	12%	-	-	-	-
	<b>2,340,602</b>	<b>100%</b>	<b>1,157,930</b>	<b>100%</b>	<b>1,269,800</b>	<b>100%</b>	<b>120,000</b>	<b>100%</b>

Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. Credit risk on dividend receivable is minimal due to statutory protection. Further, all transactions in securities are executed through approved brokers, thus the risk of default is considered to be minimal. For debt instrument settlement, Delivery versus Payment (DvP) mechanism applied by Trustee of the Fund minimizes the credit risk. In accordance with the risk management policy of the Fund, the Fund manager monitors the credit position on a daily basis which is reviewed by the Board of Directors on a quarterly basis.

Credit Rating wise analysis of balances with banks of the Fund are tabulated below:

	Rating agency	2020	
		(Rs. in '000)	(%)
AAA	VIS / PACRA	1,345,564	46.00%
AA+	VIS / PACRA	170,049	4.00%
AA-	VIS / PACRA	541	0%
AA	VIS / PACRA	559,270	18%
A+	VIS / PACRA	729,025	32%
A	VIS / PACRA	200,348	0%
		<b>3,004,797</b>	<b>100%</b>

Concentration of credit risk exists when changes in economic and industry factors similarly affect groups of counter parties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial instruments is broadly diversified and transactions are entered into with diverse credit worthy counter parties thereby mitigating any significant concentration of credit risk.

The maximum exposure to credit risk as at June 30, 2020 along with comparative is tabulated below:

	2020	2019
	(Rupees in '000)	
<b>Financial assets exposed to credit risk</b>		
Bank balances	3,004,797	3,306,722
Investments	1,333,727	1,762,733
Receivable against sale of investments	9,999	3,698

Receivable against change of plan / change of fund manager	-	14,759
	<b>4,431,429</b>	<b>5,186,267</b>

The Fund does not have any collateral against any of the aforementioned assets. The issuer of the sukuks, however, pledged security to the investment agent in trust for the benefit of sukuk holders.

### 16.3 Liquidity risk

Liquidity risk is the risk that the Fund may encounter difficulty in raising funds to meet its obligations and commitments. The Fund's offering document provides for the daily creation and cancellation of units and it is therefore exposed to the liquidity risk of meeting participant's early redemptions at any time. The Fund's investment are considered to be readily realisable.

In accordance with the rule 28 (2) of the VPS Rules, the Fund has the ability to borrow funds for meeting the redemption requests, with the approval of the Trustee, for a period not exceeding ninety days to the extent of fifteen per cent of the net assets value of the Fund. However, no such borrowing has been obtained during the year.

In accordance with the risk management policy of the Fund, the investment committee monitors the liquidity position which is reviewed by the Board of Directors of the Pension Fund Manager.

An analysis of the Fund's financial liabilities into relevant maturity grouping as at June 30, 2020 and June 30, 2019 is tabulated below:

## 17. PARTICIPANTS' FUND RISK MANAGEMENT

All units and fractions thereof represent an undivided share in the respective sub-fund and rank pari passu as to their rights in the net assets and earnings of that sub-fund. The relevant movements are shown on the 'statement of movement in participants' sub-funds'.

Each participant has a beneficial interest in the Fund proportionate to the units held by such participant in the respective sub-fund in his individual pension account (IPA). The liability of the participant is limited to the number of units, held by each participant in his IPA. These are only redeemable in case of retirement, premature encashment / redemption, death of the participant, a change of Pension Fund Manager, change of allocation schemes and / or rebalancing of the IPA according to the percentages selected allocation schemes.

In accordance with risk management policies stated in note 16, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet early withdrawal requests, such liquidity being augmented by disposal of investments where necessary.

## 18. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

For valuation techniques for specific instruments, refer note 3.1.2.2.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.
