## REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of Al Meezan Investment Management Limited, the management company of Meezan Capital Protected Fund - I (MCPF-I) is pleased to present the un-audited financial statements of the fund for the half year ended December 31, 2009.

### **Economic Review**

Pakistan has shown gradual recovery and improvement on the macroeconomic front in the first half of fiscal year 2010. Average year-on-year inflation during the period eased off to 10.3%, which averaged 24.4% during the same period last year. Release of IMF tranche and improved balance of trade numbers have provided a strong impetus to the economy. As a result, foreign exchange reserves increased from US\$ 11.9 billion in June 2009 to US\$ 13.8 billion at the end of December 2009, which is exclusive of the US\$ 1.2 billion tranche received from IMF at the end of 2009. This helped in stabilizing rupee against US dollar, with the rupee depreciating by 3.3% in the period under review. Moreover, remittance inflows made new records, with the first half fiscal year 2010 figure totaling US\$ 4.5 billion, providing crucial support to the balance of payment situation.

On domestic front, tax collection for the period was approximately Rs. 580 billion, which helped Government of Pakistan limit its borrowing to Rs. 70 billion at the end of December 2009. In view of the declining inflation, State Bank reduced the policy rate by 150bps to 12.5%. Moreover, to meet IMF requirements and to stabilize interest rates, the central bank introduced an interest rate corridor, providing a reverse repo facility at 300bps below the repo rate.

Controlled current account deficit, declining inflation, increasing foreign exchange reserves and improvements in other economic numbers were also acknowledged by International rating agencies as Standard and Poor's upgraded Pakistan's Sovereign rating by one notch to 'B-' and Moody's enhanced its country outlook to 'Stable'.

### **Monetary Softening**

With the beginning of the new financial year, as inflation started easing off, the central bank continued to ease monetary tightening when it reduced the discount rates by another 150 bps to 12.5% in first half of fiscal year 2010.

The soft monetary stance resulted in six month KIBOR to decline by 33bps to close the half year at 12.43%. However, six month T-bill rate increased by 5bps to close at 12.10%. Moreover, the introduction of interest rate corridor stabilized the overnight call and repo rates within a narrow range of 11.5% to 12.5%.

To reduce government borrowing from SBP and to promote Islamic mode of financing, Central Bank conducted fourth Ijarah Sukuk auction and accepted Rs. 14.4 billion at the cut off rate to T-bill minus 5bps (current coupon of 12.53%). With this auction, the total size of Ijarah Sukuks issued increased to Rs. 42 billion.

The following graph shows the trend in interest rates during the period under review:

### Performance Review

Meezan Capital Protected Fund - I earned a total income of Rs. 58.6 million in the first half of the current fiscal year. The earnings were primarily driven by profit received on Murabahah agreement amounting to Rs. 29.4 million. Cumulative gains on investments, both realised and unrealised, aggregated to Rs. 25 million. After deducting expenses worth Rs. 6.5 million, the fund recorded a net profit of Rs. 52 million.

The net assets of the fund as at the end of the period under review came out at Rs. 620.5 million, tantamount to Rs. 54.36 per unit. The NAV per unit during the period under review has witnessed an increase of 8.3%, up from a value of Rs. 50.18 at the beginning of the current fiscal year.

### Outlook

After turbulence in the year 2008, Pakistan's economy has seen a steady turnaround in 2009 with all major economic indicators pointing to greater stability ahead. This will bode well for the manufacturing sector profitability and hence would reduce the risk of credits in the economy. Moreover, as the inflation resumes its rising trend, interest rates will likely remain sticky on the higher side for the short term. On the medium to long term, however, as economy improves and the central bank cuts the policy rate, we expect the interest rates to marginally decline going forward.

On the equity market front, the introduction of a margin financing product, that would hopefully be launched soon, is expected to give a boost to the equity market. The other major issue that investors will likely deal with is the introduction of capital gains tax on stocks in the next federal budget. However, Pakistan's capital market is currently trading at a P/E multiple of around 7.2, which is almost at a 47% discount to the regional markets. This makes KSE an attractive option for the foreign investors, who are expected to continue their investment at the local bourse.

**AUDITORS' REPORT TO THE UNITHOLDERS ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION**

**Introduction**

We have reviewed the accompanying condensed interim statement of assets and liabilities of Meezan Capital Protected Fund-I (the Fund) as at December 31, 2009 and the related condensed interim income statement, condensed interim distribution statement, condensed interim statement of movement in unitholders' funds and condensed interim cash flow statement together with the notes forming part thereof for the six months period then ended (here-in-after referred to as the 'condensed interim financial information'). The Management Company is responsible for the preparation and presentation of this condensed interim financial information in accordance with the approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures of the condensed interim financial information for the quarters ended December 31, 2009 and 2008 have not been reviewed as we are required to review only the cumulative figures for the six months period ended December 31, 2009.

**Scope of review**

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'. A review of the condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with the approved accounting standards as applicable in Pakistan for interim financial reporting.

- 3.3 The comparative statement of assets and liabilities presented in this condensed interim financial report as at June 30, 2009 has been extracted from the annual audited financial statements of the Fund for the year ended June 30, 2009, whereas the comparative condensed interim income statement, condensed interim distribution statement, condensed interim statement of movement in unit holders' fund and condensed interim cash flow statement have been extracted from the condensed interim financial report for the six months period ended December 31, 2008 which was subjected to a review but not audited. The comparative condensed interim income statement, condensed interim distribution statement, condensed interim statement of movement in unitholders' fund and condensed interim cash flow statement for the quarter ended December 31, 2008 included in this condensed interim financial report were not subjected to a review.
- 3.3 Standards, amendments and interpretations effective from July 1, 2009:
- a) IFRS 8, 'Operating segments'. IFRS 8 replaces IAS 14 and requires a 'management approach', under which segment information is presented on the same basis as that used for internal reporting purposes. The segment information is therefore reported in a manner that is more consistent with the internal reporting provided to the fund manager. The adoption of this standard would not have any impact on this condensed interim financial report.
  - b) IAS 1 (revised), 'Presentation of financial statements'. The revised standard prohibits the presentation of items of income and expenses (that is, 'non-owner changes in equity') in the statement of changes in equity. It requires non-owner changes in equity to be presented separately from owner changes in equity. All non-owner changes in equity are required to be shown in a performance statement, but entities can choose whether to present one performance statement (the statement of comprehensive income) or two statements (the income statement and statement of comprehensive income). Where entities restate or reclassify comparative information, they are required to present a restated statement of financial position as at the beginning comparative period, in addition to the current requirement to present statements of financial position at the end of the current period and comparative period. The Fund has applied IAS 1 (revised) from July 1, 2009, and has elected to present one statements (the income statement and statement of comprehensive income).

- c) IAS 39 (amendment), 'Financial instruments: Recognition and measurement'. The amendment was part of the IASB's annual improvements project published in May 2008. The definition of financial asset or financial liability at fair value through profit or loss as it relates to items that are held for trading was amended. This clarifies that a financial asset or liability that is part of a portfolio of financial instruments managed together with evidence of an actual recent pattern of short-term profit taking is included in such a portfolio on initial recognition. The adoption of the amendment did not have a significant impact on the Fund's condensed interim financial report.
- d) IFRS 7 (amendment) 'Financial instruments: Disclosures'. The amendment requires enhanced disclosures about fair value measurement and liquidity risk. In particular, the amendment requires disclosure of fair value measurements by level of a fair value measurement hierarchy. The adoption of the amendment results in additional disclosures, which would be detailed in the financial statements for the year ending June 30, 2010, but does not have an impact on the Fund's financial position or performance.

Certain standards, amendments and interpretations to the approved accounting standards were mandatory for accounting periods beginning on or after July 1, 2009 but are considered not to be relevant or have any significant effect on the Fund's operations and are therefore not detailed in this condensed interim financial report.

3.4 Standards, interpretations and amendments to published approved accounting standards that are not yet effective:

Certain standards, amendments and interpretations to approved accounting standards are effective for accounting periods beginning on or after July 1, 2009 but are considered not to be relevant or have any significant effect on the Fund's operations and are therefore not detailed in this condensed interim financial report.

## 7. CONTINGENCIES

Through Finance Act, 2008 an amendment was made in section 2(f) of the Workers' Welfare Fund Ordinance, 1971 (the WWF Ordinance) whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which the West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment it can be construed that all Collective Investment Schemes (CIS) whose income exceeds Rs 0.5 million in a tax year may have been brought within the purview and scope of the WWF Ordinance, thus rendering them liable to pay two percent of their total income (as defined in section 4 of the Workers' Welfare Fund Ordinance, 1971). However, during the period the Mutual Funds Association of Pakistan (MUFAP), of which the Management Company is a member, has filed a constitutional petition in the High Court of Sindh (SHC) praying it to declare that CIS are not liable to pay contribution to the WWF on the grounds that CIS do not have any workers or employees. The legal proceedings in respect of the aforementioned petition are currently in progress and the outcome cannot be reasonably ascertained.

The Management Company based on the advice of the MUFAP's legal counsel, is confident of a favorable decision and accordingly no provision for the aforementioned liability which has an impact of Rs 0.1 per unit as of December 31, 2009 has been made in this condensed interim financial report.

There were no other contingencies and commitments outstanding as at December 31 and June 30, 2009.
