REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of Al Meezan Investment Management Limited, the management company of Meezan Islamic Income Fund (MIIF) is pleased to present the un-audited financial statements of the fund for the half year ended December 31, 2010.

Brief Overview

During the first half of fiscal year 2011, Meezan Islamic Income Fund (MIIF) provided an annualized return of 9.16% to its investors as compared to benchmark return of 5.87%. MIIF is benchmarked against average return on deposits with three Islamic banks, namely Meezan Bank, Bank Islami and Dubai Islamic Bank.

Economic Review

The Fiscal year beginning 1st July 2010 was pinned with hopes of further economic recovery with the GDP target of 4.5%. However, the whole situation changed with the devastating floods in the first quarter of 2011 with about one-fifth of the country being flooded and 10% of the population being directly affected. As a result all the macroeconomic targets are expected to be missed. The GDP growth target has already been revised down by 1-2% mainly because of sharply lower agricultural output growth which accounts for 21% of GDP and 45% of employment.

Floods caused a sharp increase in food inflation which led CPI to touch a 16-month high of 15.7% in September, 2010. To counter spiraling inflationary expectations, SBP proactively raised discount rate by a cumulative 150bps in 1HFY11 from 12.5% to 14.0%. Floods and delay in structural reforms are likely to have an adverse impact on fiscal deficit which is now expected to cross 6.0% of GDP for fiscal year 2011 against IMF target of 4.7% of GDP. To finance increasing fiscal deficit, government borrowing from SBP has increased to approximately Rs. 272 billion while borrowing from commercial banks has increased to Rs. 178 billion during the period under review. However, tax revenue collection during 1FY11 (provisional) stood at Rs. 642 billion, up 10% year on year, short of target by about Rs. 11 billion.

While inflation and fiscal position have worsened, Pakistan's external position remained comfortable with balance of payment posting a surplus of US\$105 million in Jul-Nov10. Likewise, current account deficit also narrowed to US\$504 million in Jul-Nov10 by posting a surplus for the third consecutive month in November, on the back of upbeat remittances (up 16% YoY) and textile exports (up 23% YoY). Resultantly, this also supported dollar rupee exchange rate which moved in a narrow band of Rs. 85.2 to Rs. 86.3 vis-à-vis dollar.

During the entire period, government faced major resistance while addressing key structural issues in economy such as low tax to GDP ratio, higher subsidies, and excessive borrowings from central bank and implementation of Reformed GST. As a result, IMF delayed dates for fifth and sixth reviews to August 2011. With upward rally in crude price putting pressure on forex reserves and weak fiscal position, IMF's timely release of final payments would play a key role in fiscal stability of the economy.

Money Market Review

During the first half of fiscal year 2011, money market remained highly volatile and to normalize the liquidity situation, State Bank of Pakistan (SBP) regularly conducted Open market operations. With the resurgence of inflation, SBP changed its monetary policy stance after 20 months and increased the policy rate by 50 bps to 13% in its bimonthly monetary policy statement at the end of July 2010.

Further hike in inflation occurred as the country was hit by one of the worst floods in its history. Thus to curb the inflationary pressures, SBP went for further monetary tightening increasing the policy rate to 14%, with consecutive 50 bps hikes in September and November. As a result, KIBOR rates also increased, with six month rate increasing by 125 bps to close the half year at 13.62%. During the half year, SBP conducted 13 T-Bill auctions mopping up Rs. 1,268 billion against a target of Rs. 1,220 billion with a maturity of Rs. 1,120 billion. The cut off rate of six month T-Bill increased by 114 bps to close the half year at 13.40%.

Apart from borrowing from SBP, government also tapped other avenues to meet government expenditure. During the period, SBP conducted two auctions of Ijarah Sukuks worth Rs. 89 billion at coupon rate of six month T-Bill.

The following graph shows the trend in interest rate during the period:

Performance Review

The Fund earned a total income of Rs. 158 million in the first half of fiscal year 2011 as compared to Rs. 256 million in the corresponding period last year. For the period under consideration, profit on sukuk certificates and deposit with saving accounts placed with various Islamic Banks was Rs. 153 million and Rs. 61 million respectively. After accounting for unrealized loss on investments in sukuk certificates of Rs. 40 million and a provisioning of Rs. 32 million on sukuks of Arzoo Textile Mills Limited and other expenses of the Fund, the net income as at the period end of the Fund was Rs. 135 million.

The net assets of the Fund were at Rs. 3,023 million as at December 31, 2010. The net asset value (NAV) of the Fund at the period end was Rs. 50.39 per unit, providing a total annualized return of 9.16%. During the period, fresh units worth Rs. 792 million were issued while units amounting to Rs. 1,223 million were redeemed, resulting in net outflow of Rs. 431 million.

After the completion of restructuring process of Security Leasing and Maple Leaf sukuks, both companies are making timely payments as per the new agreed schedule. Moreover, the restructuring of Eden Housing Limited sukuk has also been completed and the first installment subsequently has been received in time.

Outlook

Going forward, the key challenge for the government under the current political environment would be to introduce the reforms demanded by IMF. It is expected that inflation will remain on the higher side because of supply side shortage and hence State Bank may likely go for further monetary tightening in this fiscal year which will positively impact the return on portfolio of MIIF.

Our outlook for the remaining half is cautiously optimistic. The management of Al Meezan is fully aware of the challenges that lie ahead and is taking all possible measures to face them.

The management company is responsible for the preparation and presentation of this condensed interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures of the condensed interim financial information for the quarters ended December 31, 2010 and 2009 have not been reviewed as we are required to review only the cumulative figures for the six months period ended December 31, 2010.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'. A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Emphasis of matter paragraph

We draw attention to note 6.2 to the accompanying condensed interim financial information which refers to an uncertainty relating to the future outcome of the litigation regarding contribution to the Workers Welfare Fund which is currently pending adjudication at the Honorable High Court of Sindh. Our conclusion is not qualified in respect of this matter.

6. CONTINGENCIES

- 6.1 As explained in note 18 to the financial statements of the Fund for the year ended June 30, 2010, WAPDA First Sukuk Company Limited (WFSCCL) had claimed a profit installment of Rs. 13.6 million, received by MIIF on WAPDA sukuk certificates. The decisions in respect of the suit filed by Al Meezan, the management company of the Fund, and CDC, as trustee of the Fund, against WFSCCL on October 2009 in the High Court of Sindh (the High Court) for declaration, injunction and damages against the defendants claim for return of the aforementioned rental payments and the interpleader suit filed on December 2009 by defendants (i.e. WAPDA and WFSCCL) against Al Meezan, CDC in its capacity as the trustee of the Fund and some other parties in the senior civil court of Lahore (the Court) are still pending.

The Fund based on the advice of its legal consultant is confident that the Fund will not be liable to return the amount of profit received by it, as the Fund is a legitimate and bonafide owner of those sukuk from the date it acquired them till such time those sukuk were sold in the normal course of business and accordingly it is not liable to return the aforementioned amount of rental (Rs 13.6 million) received by it.

- 6.2 The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance). As a result of this amendment it may be construed that all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs.0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh (the Court), challenging the applicability of WWF to the CISs, which is pending adjudication. However, without prejudice to the above, the Management Company made a provision for WWF contribution in the annual financial statements for the year ended June 30, 2010.

Subsequent to the year ended June 30, 2010, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. This clarification was forwarded by Federal Board of Revenue (FBR) (being the collecting agency of WWF on behalf of the Ministry) to its members for necessary action. Based on this clarification, the FBR also withdrew notice of demand which it had earlier issued to one of the mutual funds for collection of WWF. Notices of demand have also been issued to several other mutual funds and the matter has been taken up by the respective mutual funds with the FBR for their withdrawal on the basis of the above referred clarification of the Ministry. No such notice was received by the Fund.

On December 14, 2010, the Ministry has filed its response against the constitutional petition requesting the Court to dismiss the petition. According to the legal counsel who is handling the case, there is a contradiction between the aforementioned clarification issued by the Ministry and the response filed by the Ministry in the Court.

However, the Management Company believes that the aforementioned constitutional petition pending in the Court has strong grounds for decision in favour of the mutual funds. Accordingly, the management has reversed the liability recognised as at June 30, 2010 amounting to Rs 15.649 million, during the current period. The aggregate unrecognised amount of WWF as at December 31, 2010 amounted to Rs 18.040 million.

There were no other contingencies and commitments outstanding as at December 31 and June 30, 2010.
